Synopsis of the Report and Order

In the Fifth Report and Order in CC Docket No. 95-155, we resolve outstanding issues raised in the toll free number rulemaking proceeding related to the propriety of Database Service Management Inc. (DSMI) serving as the administrator of the toll free number database.¹ We approve the recommendation of the North American Numbering Council (NANC) that DSMI continue to serve as the administrator of the toll free number database system, referred to as the SMS/800 system, at this time. We find that DSMI is an impartial administrator under section 251(e)(1) of the Communications Act. We also direct the NANC to provide recommendations on restructuring the ownership and operation of the current system of toll free number administration within 180 days of the effective date of this Order.

Ordering Clause

Pursuant to sections 1, 4(i), and 251 of the Communications Act of 1934, as amended, 47 U.S.C. 151, 154(i), and 251, that the Fifth Report and Order in CC Docket 95-155 is hereby adopted.

Wireless Medical Telemetry Service; Correction

AGENCY: Federal Communications Commission.

ACTION: Final rule; correction.

SUMMARY: On July 17, 2000 (65 FR 43995), the Commission published final rules in the Report and Order, which revised the rules governing the Wireless Medical Telemetry Service. This document contains correction to that rules.

DATES: Effective October 16, 2000.

FOR FURTHER INFORMATION CONTACT: Hugh Van Tuyl, Office of Engineering and Technology, (202) 418-7506.

SUPPLEMENTARY INFORMATION: The Federal Communications Commission published a document amending part 95 in the **Federal Register** of July 17, 2000 (65 FR 43995). This document corrects the **Federal Register** as it appeared. In rule FR Doc. 00-17970 published on July 17, 2000 (65 FR 43395), the Commission is correcting §§ 95.401(d), 95.631(h) and 95.639(f) of the Commission's rules to reflect the correct CFR designations §§ 95.401(e), 95.631(i) and 95.639(g).

In rule FR Doc. 00-17970 published on July 17, 2000, (65 FR 43995) make the following corrections:

RIN 1018-AG08

Migratory Bird Hunting; Migratory Bird Hunting Regulations on Certain Federal Indian Reservations and Ceded Lands for the 2000-01 Early Season

AGENCY: Fish and Wildlife Service, Interior.

ACTION: Final rule.

SUMMARY: This rule prescribes special early season migratory bird hunting regulations for certain tribes on Federal Indian reservations, off-reservation trust lands and ceded lands. This responds to tribal requests for U.S. Fish and Wildlife Service (hereinafter Service or we) recognition of their authority to regulate hunting under established guidelines. This rule allows the establishment of season bag limits and, thus, harvest at levels compatible with populations and habitat conditions.

DATES: This rule takes effect on September 1, 2000.

ADDRESSES: You may inspect comments received, if any, on the proposed special hunting regulations and tribal proposals during normal business hours in Room 634, Arlington Square Building, 4401 N. Fairfax Drive, Arlington, Virginia. You should send communications regarding the documents to: Director (FWS/DMBM), U.S. Fish and Wildlife Service, ms 63-ARLSQ, 1849 C Street, NW., Washington, DC 20240.

FOR FURTHER INFORMATION CONTACT: Ron W. Kokel, Division of Migratory Bird Management, U.S. Fish and Wildlife Service (703/358-1714).

SUPPLEMENTARY INFORMATION: The Migratory Bird Treaty Act of July 3, 1918 (40 Stat. 755; 16 U.S.C. 703 *et seq.*), authorizes and directs the Secretary of the Department of the Interior, having due regard for the zones of temperature and for the distribution, abundance, economic value, breeding habits, and times and lines of flight of migratory game birds, to determine when, to what extent, and by what means such birds or any part, nest or egg thereof may be taken, hunted, captured, killed, possessed, sold,

¹ Note: Not published in the **Federal Register**. The final rule for the third report and order was published October 23, 1997 (62 FR 55179).

purchased, shipped, carried, exported or transported.

In the August 18, 2000, **Federal Register** (65 FR 50483), we proposed special migratory bird hunting regulations for the 2000–01 hunting season for certain Indian tribes, under the guidelines described in the June 4, 1985, **Federal Register** (50 FR 23467). The guidelines respond to tribal requests for Service recognition of their reserved hunting rights, and for some tribes, recognition of their authority to regulate hunting by both tribal members and nonmembers on their reservations. The guidelines include possibilities for:

(1) On-reservation hunting by both tribal members and nonmembers, with hunting by non-tribal members on some reservations to take place within Federal frameworks but on dates different from those selected by the surrounding State(s);

(2) On-reservation hunting by tribal members only, outside of usual Federal frameworks for season dates and length, and for daily bag and possession limits; and

(3) Off-reservation hunting by tribal members on ceded lands, outside of usual framework dates and season length, with some added flexibility in daily bag and possession limits.

In all cases, the regulations established under the guidelines must be consistent with the March 10–September 1 closed season mandated by the 1916 Migratory Bird Treaty with Canada.

In the April 25, 2000, **Federal Register** (65 FR 24260), we requested that tribes desiring special hunting regulations in the 2000–01 hunting season submit a proposal including details on:

(a) Harvest anticipated under the requested regulations;

(b) Methods that would be employed to measure or monitor harvest (such as bag checks, mail questionnaires, etc.);

(c) Steps that would be taken to limit level of harvest, where it could be shown that failure to limit such harvest would adversely impact the migratory bird resource; and

(d) Tribal capabilities to establish and enforce migratory bird hunting regulations.

No action is required if a tribe wishes to observe the hunting regulations established by the State(s) in which an Indian reservation is located. We have successfully used the guidelines since the 1985–86 hunting season. We finalized the guidelines beginning with the 1988–89 hunting season (August 18, 1988, **Federal Register** [53 FR 31612]).

Although the proposed rule included generalized regulations for both early-

and late-season hunting, this rulemaking addresses only the early-season proposals. Late-season hunting will be addressed in late-September. As a general rule, early seasons begin during September each year and have a primary emphasis on such species as mourning and white-winged dove. Late seasons begin about October 1 or later each year and have a primary emphasis on waterfowl.

Status of Populations

In the August 18 **Federal Register**, we reviewed the status for various populations for which early seasons were proposed. This information included brief summaries of the May Breeding Waterfowl and Habitat Survey and population status reports for blue-wing teal, Canada goose populations hunted in September seasons, sea ducks, sandhill cranes, woodcock, mourning doves, white-winged doves, white-tipped doves, and band-tailed pigeons. As a result of these status, we have responded by proposing Flyway frameworks that are essentially the same as those of last season for the 2000–01 waterfowl hunting season (August 22, 2000, **Federal Register**, 65 FR 51174). The tribal seasons established below are commensurate with the population status.

Comments and Issues Concerning Tribal Proposals

For the 2000–01 migratory bird hunting season, we proposed regulations for 25 tribes and/or Indian groups that followed the 1985 guidelines and were considered appropriate for final rulemaking. Some of the proposals submitted by the tribes had both early- and late-season elements. However, as noted earlier, only those with early-season proposals are included in this final rulemaking; 18 tribes have proposals with early seasons. Comments and revised proposals received to date are addressed in the following section. The comment period for the proposed rule, published on August 18, 2000, closed on August 28, 2000. Because of the necessary brief comment period, we will respond to any comments received on the proposed rule and/or these late-season regulations not responded to herein in the September late-season final rule.

We received one comment regarding the notice of intent published on April 25, 2000, which announced rulemaking on regulations for migratory bird hunting by American Indian tribal members. The Michigan Department of Natural Resources commented on the establishment of tribal regulations on 1836 Treaty areas. Michigan believed it

was premature of the Service to establish waterfowl regulations in areas covered by the 1835 Treaty until such time as the issue of 1836 Treaty hunting rights are affirmed by a court of competent jurisdiction.

Service Response: Our position is that the Federal Government does recognize the Treaty of 1836 as reserving to the affected tribes or bands hunting rights in the ceded territory. Further, the Federal courts have already confirmed the retention of reserved fishing rights in the territory ceded by the Treaty of 1836 in *United States v. Michigan*, 471 F.Supp. 192 (W.D. Mich. 1979), *remanded*, 623 F.2d 448 (6th Cir. 1980), *order modified*, 653 F.2d 277 (6th Cir. 1981), *cert. denied*, 454 U.S. 1124 (1981). That case and cases dealing with other treaty cessions, such as *Lac Courte Oreilles v. Wisconsin* (i.e., both the 1837 and the 1842 Treaties), provide persuasive precedent for the belief that hunting as well as fishing rights were reserved by the tribes in the Treaty of 1836. We have not altered our position on this matter.

NEPA Consideration

Pursuant to the requirements of section 102(2)(C) of the National Environmental Policy Act of 1969 (42 U.S.C. 4332(C)), the “Final Environmental Statement for the Issuance of Annual Regulations Permitting the Sport Hunting of Migratory Birds (FES–75–74)” was filed with the Council on Environmental Quality on June 6, 1975, and notice of availability was published in the **Federal Register** on June 13, 1975, (40 FR 25241). A supplement to the final environmental statement, the “Final Supplemental Environmental Impact Statement: Issuance of Annual Regulations Permitting the Sport Hunting of Migratory Birds (SEIS 88–14)” was filed on June 9, 1988, and notice of availability was published in the **Federal Register** on June 16, 1988 (53 FR 22582), and June 17, 1988 (53 FR 22727). Copies of these documents are available from us at the address indicated under the caption **ADDRESSES**. In addition, an August 1985 Environmental Assessment titled “Guidelines for Migratory Bird Hunting Regulations on Federal Indian Reservations and Ceded Lands” is available from the same address.

Endangered Species Act Considerations

Section 7 of the Endangered Species Act, as amended (16 U.S.C. 1531–1543; 87 Stat. 884), provides that, “The Secretary shall review other programs administered by him and utilize such programs in furtherance of the purposes

of this Act" (and) shall "insure that any action authorized, funded or carried out . . . is not likely to jeopardize the continued existence of any endangered species or threatened species or result in the destruction or adverse modification of [critical] habitat . . ." Consequently, we conducted consultations to ensure that actions resulting from these regulations would not likely jeopardize the continued existence of endangered or threatened species or result in the destruction or adverse modification of their critical habitat. Findings from these consultations are included in a biological opinion and may have caused modification of some regulatory measures previously proposed. The final frameworks reflect any modifications. Our biological opinions resulting from its Section 7 consultation are public documents available for public inspection in the Service's Division of Endangered Species and DMBM, at the address indicated under the caption **ADDRESSES**.

Regulatory Flexibility Act

These regulations have a significant economic impact on substantial numbers of small entities under the Regulatory Flexibility Act (5 U.S.C. 601 *et seq.*). We analyzed the economic impacts of the annual hunting regulations on small business entities in detail and issued a Small Entity Flexibility Analysis (Analysis) in 1998. The Analysis documented the significant beneficial economic effect on a substantial number of small entities. The primary source of information about hunter expenditures for migratory game bird hunting is the National Hunting and Fishing Survey, which is conducted at 5-year intervals. The Analysis was based on the 1996 National Hunting and Fishing Survey and the U.S. Department of Commerce's County Business Patterns from which it was estimated that migratory bird hunters would spend between \$429 million and \$1,084 million at small businesses in 1998. Copies of the Analysis are available upon request.

Executive Order 12866

Collectively, the rules covering the overall frameworks for migratory bird hunting are economically significant and have been reviewed by the Office of Management and Budget (OMB) under Executive Order 12866. This rule is a small portion of the overall migratory bird hunting frameworks and was not individually submitted and reviewed by OMB under Executive Order 12866.

Small Business Regulatory Enforcement Fairness Act

This rule is a major rule under 5 U.S.C. 804(2), the Small Business Regulatory Enforcement Fairness Act. For the reasons outlined above, this rule has an annual effect on the economy of \$100 million or more. However, because this rule establishes hunting seasons, we do not plan to defer the effective date under the exemption contained in 5 U.S.C. 808 (1) and this rule will be effective immediately.

Paperwork Reduction Act

We examined these regulations under the Paperwork Reduction Act of 1995. We utilize the various recordkeeping and reporting requirements imposed under regulations established in 50 CFR part 20, Subpart K, in the formulation of migratory game bird hunting regulations. Specifically, OMB has approved the information collection requirements of the Migratory Bird Harvest Information Program and assigned clearance number 1018-0015 (expires 9/30/2001). This information is used to provide a sampling frame for voluntary national surveys to improve our harvest estimates for all migratory game birds in order to better manage these populations. OMB has also approved the information collection requirements of the Sandhill Crane Harvest Questionnaire and assigned clearance number 1018-0023 (expires 7/31/2003). The information from this survey is used to estimate the magnitude, the geographical and temporal distribution of harvest, and the portion it constitutes of the total population. A Federal agency may not conduct or sponsor, and a person is not required to respond to, a collection of information unless it displays a currently valid OMB control number.

Unfunded Mandates Reform Act

We have determined and certify, in compliance with the requirements of the Unfunded Mandates Reform Act, 2 U.S.C. 1502 *et seq.*, that this rulemaking will not "significantly or uniquely" affect small governments, and will not produce a Federal mandate of \$100 million or more in any given year on local or State government or private entities. Therefore, this proposed rule is not a "significant regulatory action" under the Unfunded Mandates Reform Act.

Civil Justice Reform—Executive Order 12988

The Department, in promulgating this proposed rule, has determined that this rule will not unduly burden the judicial system and meets the requirements of

sections 3(a) and 3(b)(2) of Executive Order 12988.

Takings Implication Assessment

In accordance with Executive Order 12630, these rules, authorized by the Migratory Bird Treaty Act, do not have significant takings implications and do not affect any constitutionally protected property rights. These rules will not result in the physical occupancy of property, the physical invasion of property, or the regulatory taking of any property. In fact, these rules allow hunters to exercise privileges that would be otherwise unavailable; and, therefore, reduce restrictions on the use of private and public property.

Federalism Effects

Due to the migratory nature of certain species of birds, the Federal government has been given responsibility over these species by the Migratory Bird Treaty Act. We annually prescribe frameworks from which the States make selections and employ guidelines to establish special regulations on Federal Indian reservations and ceded lands. This process preserves the ability of the States and Tribes to determine which seasons meet their individual needs. Any State or Tribe may be more restrictive than the Federal frameworks at any time. The frameworks are developed in a cooperative process with the States and the Flyway Councils. This allows States to participate in the development of frameworks from which they will make selections, thereby having an influence on their own regulations. These rules do not have a substantial direct effect on fiscal capacity, change the roles or responsibilities of Federal or State governments, or intrude on State policy or administration. Therefore, in accordance with Executive Order 13132, these regulations do not have significant federalism effects and do not have sufficient federalism implications to warrant the preparation of a Federalism Assessment.

Government-to-Government Relationship With Tribes

Due to the migratory nature of certain species of birds, the Federal government has been given responsibility over these species by the Migratory Bird Treaty Act. Thus, in accordance with the President's memorandum of April 29, 1994, "Government-to-Government Relations with Native American Tribal Governments" (59 FR 22951) and 512 DM 2, we have evaluated possible effects on Federally recognized Indian tribes and have determined that there are no effects on Indian trust resources.

However, by virtue of the tribal proposals received in response to the April 25, 2000, request for proposals and the August 18, 2000, proposed rule, we have consulted with all the tribes affected by this rule.

Regulations Promulgation

The rulemaking process for migratory game bird hunting must, by its nature, operate under severe time constraints. However, we intend that the public be given the greatest possible opportunity to comment on the regulations. Thus, when the preliminary proposed rulemaking was published, we established what we believed were the longest periods possible for public comment. In doing this, we recognized that when the comment period closed, time would be of the essence. That is, if there were a delay in the effective date of these regulations after this final rulemaking, the tribes would have insufficient time to communicate these seasons to their member and non-tribal hunters and to establish and publicize the necessary regulations and procedures to implement their decisions.

We therefore find that "good cause" exists, within the terms of 5 U.S.C. 553(d)(3) of the Administrative Procedure Act, and these regulations will, therefore, take effect immediately upon publication.

Therefore, under the authority of the Migratory Bird Treaty Act of July 3, 1918, as amended (40 Stat. 755; 16 U.S.C. 703 *et seq.*), we prescribe final hunting regulations for certain tribes on Federal Indian reservations (including off-reservation trust lands), and ceded lands. The regulations specify the species to be hunted and establish season dates, bag and possession limits, season length, and shooting hours for migratory game birds.

List of Subjects in 50 CFR Part 20

Exports, Hunting, Imports, Reporting and recordkeeping requirements, Transportation, Wildlife.

Accordingly, part 20, subchapter B, chapter I of Title 50 of the Code of Federal Regulations is amended as follows:

PART 20—[AMENDED]

1. The authority citation for part 20 continues to read as follows:

Authority: 16 U.S.C. 703–712 and 16 U.S.C. 742a–j.

Note: The following hunting regulations provided for by 50 CFR 20.110 will not appear in the Code of Federal Regulations because of their seasonal nature.

2. Section 20.110 is revised to read as follows:

§ 20.110 Seasons, limits and other regulations for certain Federal Indian reservations, Indian Territory, and ceded lands.

(a) *Colorado River Indian Tribes, Parker, Arizona (Tribal Members and Non-Tribal Hunters)*

Doves

Season Dates: Open September 1, close September 15, 2000; then open November 17, 1999, close January 7, 2000.

Daily Bag and Possession Limits: For the early season, daily bag limit is 10 mourning or 10 white-winged doves, singly, or in the aggregate. For the late season, the daily bag limit is 10 mourning doves. Possession limits are twice the daily bag limits.

General Conditions: A valid Colorado River Indian Reservation hunting permit is required for all persons 14 years and older and must be in possession before taking any wildlife on tribal lands. Any person transporting game birds off the Colorado River Indian Reservation must have a valid transport declaration form. Other tribal regulations apply, and may be obtained at the Fish and Game Office in Parker, Arizona.

(b) *Crow Creek Sioux Tribe, Crow Creek Indian Reservation, Fort Thompson, South Dakota (Tribal Members and Non-Tribal Hunters)*

Sandhill Cranes

Season Dates: Open September 16, close October 22, 2000.

Daily Bag Limit: Three sandhill cranes.

Permits: Each person participating in the sandhill crane season must have a valid Federal sandhill crane hunting permit in their possession while hunting.

General Conditions: The waterfowl hunting regulations established by this final rule apply only to tribal and trust lands within the external boundaries of the reservation. Tribal and non-tribal hunters must comply with basic Federal migratory bird hunting regulations in 50 CFR part 20 regarding shooting hours and manner of taking. In addition, each waterfowl hunter 16 years of age or over must carry on his/her person a valid Migratory Bird Hunting and Conservation Stamp (Duck Stamp) signed in ink across the stamp face. Special regulations established by the Crow Creek Sioux Tribe also apply on the reservation.

(c) *Fond du Lac Band of Lake Superior Chippewa Indians, Cloquet, Minnesota (Tribal Members Only)*

All seasons in Minnesota, 1854 Treaty Zone:

Ducks and Mergansers

Season Dates: Open September 15, close December 3, 2000.

Daily Bag Limit for Ducks: 18 ducks, including no more than 12 mallards (only 6 of which may be hens), 3 black ducks; 9 scaup; 6 wood ducks; 6 redheads, 3 pintails and 3 canvasbacks.

Daily Bag Limit for Mergansers: 15 mergansers, including no more than 3 hooded merganser.

Geese

Season Dates: Open September 1, close December 3, 2000.

Daily Bag Limit: 12 geese.

Coots and Common Moorhens (Gallinule)

Season Dates: Open September 15, close December 3, 2000.

Daily Bag Limit: 20 coots and common moorhens, singly or in the aggregate.

Sora and Virginia Rails

Season Dates: Open September 1, close December 3, 2000.

Daily Bag Limit: 25 sora and Virginia rails, singly or in the aggregate. The possession limit is 25.

Common Snipe and Woodcock

Season Dates: Open September 1, close December 3, 2000.

Daily Bag Limit: Eight snipe and three woodcock.

General Conditions:

1. While hunting waterfowl, a tribal member must carry on his/her person a valid tribal waterfowl hunting permit.

2. Except as otherwise noted, tribal members will be required to comply with tribal codes that will be no less restrictive than the provisions of Chapter 10 of the Model Off-Reservation Code. Except as modified by the Service rules adopted in response to this proposal, these amended regulations parallel Federal requirements in 50 CFR part 20 as to hunting methods, transportation, sale, exportation and other conditions generally applicable to migratory bird hunting.

3. Band members in each zone will comply with State regulations providing for closed and restricted waterfowl hunting areas.

4. Possession limits for each species are double the daily bag limit, except on the opening day of the season, when the possession limit equals the daily bag limit, unless otherwise noted above.

Possession limits are applicable only to transportation and do not include birds which are cleaned, dressed, and at a member's primary residence. For purposes of enforcing bag and possession limits, all migratory birds in the possession or custody of band members on ceded lands will be considered to have been taken on those lands unless tagged by a tribal or State conservation warden as having been taken on-reservation. All migratory birds which fall on reservation lands will not count as part of any off-reservation bag or possession limit.

(d) Grand Traverse Band of Ottawa and Chippewa Indians, Suttons Bay, Michigan (Tribal Members Only)

All seasons in Michigan, 1836 Treaty Zone:

Ducks

Season Dates: Open September 20, 2000, close January 20, 2001.

Daily Bag Limit: 10 ducks, which may include no more than 1 pintail, 1 canvasback, 2 black ducks, 1 hooded merganser, 2 wood ducks, 2 redheads, and 5 mallards (only 2 of which may be hens).

Canada Geese

Season Dates: Open September 1, close November 30, 2000, and open January 1, 2001, close February 8, 2001.

Daily Bag Limit: Five geese.

Other Geese (white-fronted geese, snow geese, and brant)

Season Dates: Open October 1, close November 30, 2000.

Daily Bag Limit: Five geese.

Sora Rails, Common Snipe, and Woodcock

Season Dates: Open September 1, close November 14, 2000.

Daily Bag Limit: Five rails, Five snipe, and Five woodcock.

General Conditions: A valid Grand Traverse Band Tribal license is required for all persons 12 years and older and must be in possession before taking any wildlife. All other basic regulations contained in 50 CFR part 20 are valid. Other tribal regulations apply, and may be obtained at the tribal office in Suttons Bay, Michigan.

(e) Great Lakes Indian Fish and Wildlife Commission, Odanah, Wisconsin (Tribal Members Only)

Ducks

A. Wisconsin and Minnesota 1837 and 1842 Zones:

Season Dates: Begin September 15 and end December 1, 2000.

Daily Bag Limit: 20 ducks, including no more than 10 mallards (only 5 of which may be hens), 4 black ducks, 4 redheads, 4 pintails, and 2 canvasbacks.

B. Michigan 1836 and 1842 Treaty Zones:

Season Dates: Begin September 15 and end December 1, 2000.

Daily Bag Limit: 10 ducks, including no more than 5 mallards (only 2 of which may be hens), 2 black ducks, 2 redheads, 2 pintails, and 1 canvasback.

Mergansers: All Ceded Areas

Season Dates: Begin September 15 and end December 1, 2000.

Daily Bag Limit: Five mergansers.

Geese: All Ceded Areas

Season Dates: Begin September 1 and end December 1, 2000. In addition, any portion of the ceded territory which is open to State-licensed hunters for goose hunting after December 1 shall also be open concurrently for tribal members.

Daily Bag Limit: 10 geese.

Other Migratory Birds: All Ceded Areas

A. Coots and Common Moorhens (Common Gallinules)

Season Dates: Begin September 15 and end December 1, 2000.

Daily Bag Limit: 20 coots and common moorhens (common gallinules), singly or in the aggregate.

B. Sora and Virginia Rails

Season Dates: Begin September 15 and end December 1, 2000.

Daily Bag Limit: 25 sora and Virginia rails singly, or in the aggregate.

C. Common Snipe

Season Dates: Begin September 15 and end December 1, 2000.

Daily Bag Limit: Eight common snipe.

D. Woodcock

Season Dates: Begin September 5 and end December 1, 2000.

Daily Bag Limit: Five woodcock.

General Conditions

1. While hunting waterfowl, a tribal member must carry on his/her person a valid tribal waterfowl hunting permit.

2. Except as otherwise noted, tribal members will be required to comply with tribal codes that will be no less restrictive than the model ceded territory conservation codes approved by Federal courts in the Lac Courte Oreilles v. State of Wisconsin (Voigt) and Mille Lacs Band v. State of Minnesota cases. The respective Chapter 10 of these model codes regulate ceded territory migratory bird hunting. They parallel Federal requirements in 50 CFR Part 20 as to hunting methods, transportation, sale, exportation and

other conditions generally applicable to migratory bird hunting. They also automatically incorporate by reference the Federal migratory bird regulations adopted.

3. Tribal members in each zone will comply with tribal regulations providing for closed and restricted waterfowl hunting areas. These regulations generally incorporate the same restrictions contained in parallel State regulations.

4. Possession limits for each species are double the daily bag limit, except on the opening day of the season, when the possession limit equals the daily bag limit, unless otherwise noted above. Possession limits are applicable only to transportation and do not include birds that are cleaned, dressed, and at a member's primary residence. For purposes of enforcing bag and possession limits, all migratory birds in the possession or custody of tribal members on ceded lands will be considered to have been taken on those lands unless tagged by a tribal or State conservation warden as having been taken on-reservation. In Wisconsin, such tagging will comply with applicable State laws. All migratory birds that fall on reservation lands will not count as part of any off-reservation bag or possession limit.

5. Minnesota and Michigan—Duck Blinds and Decoys. Tribal members hunting in Michigan and Minnesota will comply with tribal codes that contain provisions that parallel applicable State laws concerning duck blinds and/or decoys.

(f) Kalispel Tribe, Kalispel Reservation, Usk, Washington (Tribal Members Only)

Ducks

Season Dates: Open September 15, 2000, close January 31, 2001.

Daily Bag and Possession Limits: Seven ducks, including no more than one pintail, two hen mallards, four scaup, and one canvasback.

Geese

DEPARTMENT OF COMMERCE

National Oceanic and Atmospheric Administration

50 CFR Part 679

[Docket No. 000211040-0040-01; I.D. 082800B]

Fisheries of the Exclusive Economic Zone Off Alaska; Other Red Rockfish in the Bering Sea Subarea of the Bering Sea and Aleutian Islands Management Area

AGENCY: National Marine Fisheries Service (NMFS), National Oceanic and Atmospheric Administration (NOAA), Commerce.

ACTION: Closure.

SUMMARY: NMFS is prohibiting retention of other red rockfish in the Bering Sea subarea of the Bering Sea and Aleutian Islands management area (BSAI). NMFS is requiring that catch of other red rockfish in this area be treated in the same manner as prohibited species and

discarded at sea with a minimum of injury. This action is necessary because the amount of the 2000 total allowable catch (TAC) of other red rockfish in this area has been achieved.

DATES: Effective 1200 hrs, Alaska local time (A.l.t.), August 28, 2000, until 2400 hrs, A.l.t., December 31, 2000.

FOR FURTHER INFORMATION CONTACT: Mary Furuness, 907-586-7228.

SUPPLEMENTARY INFORMATION: NMFS manages the groundfish fishery in the BSAI according to the Fishery Management Plan for the Groundfish Fishery of the Bering Sea and Aleutian Islands Area (FMP) prepared by the North Pacific Fishery Management Council under authority of the Magnuson-Stevens Fishery Conservation and Management Act. Regulations governing fishing by U.S. vessels in accordance with the FMP appear at subpart H of 50 CFR part 600 and 50 CFR part 679.

The amount of the 2000 TAC of other red rockfish in the Bering Sea subarea of the BSAI was established as 165 metric tons by the Final 2000 Harvest Specifications of Groundfish for the BSAI (65 FR 8282, February 18, 2000). See § 679.20(c)(3)(iii).

In accordance with § 679.20(d)(2), the Administrator, Alaska Region, NMFS, has determined that the amount of the 2000 TAC for other red rockfish in the Bering Sea subarea of the BSAI has been

achieved. Therefore, NMFS is requiring that further catches of other red rockfish in the Bering Sea subarea of the BSAI be treated as prohibited species in accordance with § 679.21(b).

Classification

This action responds to the best available information recently obtained from the fishery. It must be implemented immediately to prevent overharvesting the amount of the 2000 TAC of other red rockfish in the Bering Sea subarea of the BSAI. A delay in the effective date is impracticable and contrary to the public interest. The fleet has taken the amount of the 2000 TAC of other red rockfish in the Bering Sea subarea of the BSAI. Further delay would only result in overharvest. NMFS finds for good cause that the implementation of this action cannot be delayed for 30 days. Accordingly, under 5 U.S.C. 553(d), a delay in the effective date is hereby waived.

This action is required by § 679.20 and is exempt from review under Executive Order 12866.

Authority: 16 U.S.C. 1801 *et seq.*
