

remains and associated funerary objects in the possession of the Shiloh Museum of Ozark History, Springdale, AR.

This notice is published as part of the National Park Service's administrative responsibilities under NAGPRA, 43 CFR 10.2 (c). The determinations within this notice are the sole responsibility of the museum, institution, or Federal agency that has control of these Native American human remains and associated funerary objects. The National Park Service is not responsible for the determinations within this notice.

A detailed assessment of the human remains was made by Shiloh Museum of Ozark History professional staff in consultation with representatives of the Caddo Indian Tribe of Oklahoma.

In 1966, human remains representing one individual were accessioned into the Shiloh Museum of Ozark History as part of a collection that the museum purchased from William Guy Howard. At an unknown date prior to acquisition by the museum, Howard purchased the remains from an unknown individual. The remains were removed from an unknown locality in southern Arkansas. No known individual was identified. No associated funerary objects are present.

On the basis of reshaping of the cranium, these human remains are determined to be Native American in origin. On the basis of the geographical origin of the remains, and relatively recent age as indicated by the degree of preservation, these human remains are determined to be affiliated with the Caddo Indian Tribe of Oklahoma.

Based on the above-mentioned information, officials of the Shiloh Museum of Ozark History have determined that, pursuant to 43 CFR 10.2 (d)(1), the human remains listed above represent the physical remains of one individual of Native American ancestry. Officials of the Shiloh Museum of Ozark History also have determined that, pursuant to 43 CFR 10.2 (e), there is a relationship of shared group identity that can be reasonably traced between these Native American human remains and the Caddo Indian Tribe of Oklahoma.

This notice has been sent to officials of the Caddo Tribe of Oklahoma. Representatives of any other Indian tribe that believes itself to be culturally affiliated with these human remains should contact Bob Besom, Director, Shiloh Museum of Ozark History, 118 West Johnson, Springdale, AR, telephone (501) 750-8165, before October 18, 2000. Repatriation of the human remains to the Caddo Indian Tribe of Oklahoma may begin after that

date if no additional claimants come forward.

Dated: September 8, 2000.

John Robbins,

Assistant Director, Cultural Resources Stewardship and Partnerships.

BILLING CODE 4310-70-F

DEPARTMENT OF THE INTERIOR

National Park Service

Notice of Inventory Completion for Native American Remains and Associated Funerary Objects from Lyon County, IA in the Possession of the Office of the State Archaeologist, University of Iowa, Iowa City, IA

AGENCY: National Park Service, Interior.

ACTION: Notice.

Notice is hereby given in accordance with provisions of the Native American Graves Protection and Repatriation Act (NAGPRA), 43 CFR 10.9, of the completion of an inventory of human remains and associated funerary objects in the possession of the Office of State Archaeologist, University of Iowa, Iowa City, IA.

This notice is published as part of the National Park Service's administrative responsibilities under NAGPRA, 43 CFR 10.2 (c). The determinations within this notice are the sole responsibility of the museum, institution, or Federal agency that has control of these Native American human remains and associated funerary objects. The National Park Service is not responsible for the determinations within this notice.

A detailed assessment of the human remains was made by the Office of the State Archaeologist, University of Iowa, professional staff in consultation with representatives of the Iowa Tribe of Kansas and Nebraska; the Iowa Tribe of Oklahoma; the Otoe-Missouria Tribe of Indians, Oklahoma; the Omaha Tribe of Nebraska; the Ponca Tribe of Nebraska; and the Ponca Tribe of Indians of Oklahoma.

In 1989, human remains representing eight individuals were collected from the surface of site 13LO2, Blood Run National Historic Landmark, Lyon County, IA, by Bear Creek Archaeology, Inc., during an archeological survey. Also in 1989, human remains representing four individuals were collected from the site by unknown local residents. The remains subsequently were transferred to the Office of State Archaeologist, University of Iowa. No known individuals were

identified. There are no associated funerary objects.

Blood Run National Historic Landmark site is a large Oneota village site located in Iowa and South Dakota, straddling the Big Sioux River southeast of Sioux Falls, SD. Archeological evidence, including radiocarbon dates and trade artifacts, suggests that the site was most intensively occupied from A.D. 1500-1700. Tribal histories, supported by French historical maps and documents, strongly suggest that the Omaha (possibly including the Ponca at this time), Iowa, and Oto tribes were present in this area at that time and were the probable residents of the site.

Based on the above-mentioned information, officials of the Office of State Archaeologist, University of Iowa, have determined that, pursuant to 43 CFR 10.2 (d)(1), the human remains listed above represent the physical remains of 12 individuals of Native American ancestry. Also, officials of the Office of State Archaeologist, University of Iowa, have determined that, pursuant to 43 CFR 10.2 (e), there is a relationship of shared group identity that can be reasonably traced between these Native American human remains and the Iowa Tribe of Kansas and Nebraska; the Iowa Tribe of Oklahoma; the Otoe-Missouria Tribe of Indians, Oklahoma; the Omaha Tribe of Nebraska; the Ponca Tribe of Nebraska; and the Ponca Tribe of Indians of Oklahoma.

This notice has been sent to officials of the Iowa Tribe of Kansas and Nebraska; the Iowa Tribe of Oklahoma; the Otoe-Missouria Tribe of Indians, Oklahoma; the Omaha Tribe of Nebraska; the Ponca Tribe of Nebraska; and the Ponca Tribe of Indians of Oklahoma. Representatives of any other Indian tribe that believes itself to be culturally affiliated with these human remains should contact Shirley Schermer, Burials Program Director, Office of the State Archaeologist, 700 Clinton Street Building, University of Iowa, Iowa City, IA 52242, telephone (319) 384-0740, before October 18, 2000. Repatriation of the human remains to the Iowa Tribe of Kansas and Nebraska; the Iowa Tribe of Oklahoma; the Otoe-Missouria Tribe of Indians, Oklahoma; the Omaha Tribe of Nebraska; the Ponca Tribe of Nebraska; and the Ponca Tribe of Indians of Oklahoma may begin after that date if no additional claimants come forward.

Dated: September 5, 2000.

DEPARTMENT OF THE INTERIOR

National Park Service

Telecommunications Facilities; Construction and Operation: Lake Mead National Recreation Area, Clark County, NV

AGENCY: Lake Mead National Recreation Area, NPS, DOI.

ACTION: Public notice.

SUMMARY: Public notice is hereby given that Lake Mead National Recreation Area has determined that an application by Pacific Bell Wireless of Nevada to co-locate on an existing communications tower in the River Mountains near the Southern Nevada Water Treatment Plant Surge Tanks is categorically excluded from the requirements of NEPA.

EFFECTIVE DATE: Comments on the proposal will be accepted on or before October 18, 2000.

ADDRESSES: Interested parties should contact Superintendent, Lake Mead National Recreation Area, 601 Nevada Highway, Boulder City, Nevada 89005. Further information may be obtained by contacting Nancy Hendricks (702) 293-8949.

SUPPLEMENTARY NOTICE: The initial application made by Pacific Bell Wireless of Nevada requests permission to Co-locate on the existing tower in the River Mountains. The Superintendent will consider and evaluate all comments received before authorizing Pacific Bell Wireless to proceed with the permitting process.

Dated: September 8, 2000.

Kent Turner,

Acting Superintendent, Lake Mead National Recreation Area.

DEPARTMENT OF THE INTERIOR

Bureau of Reclamation

Bay-Delta Advisory Council's Ecosystem Roundtable Meeting and Ecosystem Roundtable Amendments Subcommittee Meeting

AGENCY: Bureau of Reclamation, Interior.

ACTION: Notice of meetings.

SUMMARY: The Bay-Delta Advisory Council's (BDAC) Ecosystem Roundtable will meet on October 2, 2000 to discuss an initial recommendation for funding under the 2001 Ecosystem Restoration Program project selection process. The Amendments Subcommittee will also meet on October 2, 2000 to discuss proposed contract modifications for several ongoing ecosystem restoration projects. These meetings are open to the public. Interested persons may make oral statements to the Ecosystem Roundtable and Amendments Subcommittee or may file written statements for consideration.

DATES: The BDAC's Ecosystem Roundtable meeting will be held from 9:30 a.m. to 3:00 p.m. on Monday, October 2, 2000. The Ecosystem Roundtable Amendments Subcommittee meeting will be held from 3:00 p.m. to 5:00 p.m. on Monday, October 2, 2000.

ADDRESSES: The Ecosystem Roundtable and Amendments Subcommittee will meet at the Resources Building, Room XXXX, 1416 Ninth Street, Sacramento, CA 95814.

FOR FURTHER INFORMATION CONTACT: Rebecca Fawver, CALFED Bay-Delta Program, at (916) 657-2666. If reasonable accommodation is needed due to a disability, please contact the Equal Employment Opportunity Office at (916) 653-6952 or TDD (916) 653-6934 at least one week prior to the meeting.

SUPPLEMENTARY INFORMATION: The San Francisco Bay/Sacramento-San Joaquin Delta Estuary (Bay-Delta system) is a critically important part of California's natural environment and economy. In recognition of the serious problems facing the region and the complex resource management decisions that must be made, the state of California and the Federal government are working together to stabilize, protect, restore, and enhance the Bay-Delta system. The State and Federal agencies with management and regulatory responsibilities in the Bay-Delta system are working together as CALFED to provide policy direction and oversight for the process.

One area of Bay-Delta management includes the establishment of a joint State-Federal process to develop long-term solutions to problems in the Bay-Delta system related to fish and wildlife, water supply reliability, natural disasters, and water quality. The intent is to develop a comprehensive and balanced plan that addresses all of the resource problems. This effort, the CALFED Bay-Delta Program (Program), is being carried out under the policy

direction of CALFED. The Program is exploring and developing a long-term solution for a cooperative planning process that will determine the most appropriate strategy and actions necessary to improve water quality, restore health to the Bay-Delta ecosystem, provide for a variety of beneficial uses, and minimize Bay-Delta system vulnerability. A group of citizen advisors representing California's agricultural, environmental, urban, business, fishing, and other interests who have a stake in finding long-term solutions for the problems affecting the Bay-Delta system has been chartered under the Federal Advisory Committee Act (FACA). The BDAC provides advice CALFED on the program mission, problems to be addressed, and objectives for the Program. BDAC provides a forum to help ensure public participation, and will review reports and other materials prepared by CALFED staff. BDAC has established a subcommittee called the Ecosystem Roundtable to provide input on annual workplans to implement ecosystem restoration projects and programs.

Minutes of the meeting will be maintained by the Program, Suite 1155, 1416 Ninth Street, Sacramento, CA 95814, and will be available for public inspection during regular business hours, Monday through Friday within 30 days following the meeting.

Dated: September 12, 2000.

Kirk C. Rodgers,

Duty Regional Director, Mid-Pacific Region.
