

Dated: August 3, 2000.

John Wise,

Acting Regional Administrator, Region IX.

Part 52, Chapter I, Title 40 of the Code of Federal Regulations is amended as follows:

PART 52—[AMENDED]

1. The authority citation for part 52 continues to read as follows:

Authority: 42 U.S.C. 7401 *et seq.*

Subpart F—California

2. Section 52.220 is amended by adding paragraph (c) (263) (i)(D) to read as follows:

§ 52.220 Identification of plan.

BILLING CODE 6560-50-P

DEPARTMENT OF TRANSPORTATION

National Highway Traffic Safety Administration

49 CFR Part 593

[Docket No. NHTSA-2000-7882]

RIN 2127-A117

List of Nonconforming Vehicles Decided To Be Eligible for Importation

AGENCY: National Highway Traffic Safety Administration (NHTSA), DOT.

ACTION: Final rule.

SUMMARY: This document revises the list of vehicles not originally manufactured to conform to the Federal motor vehicle safety standards that NHTSA has decided to be eligible for importation. This list is contained in an appendix to the agency's regulations that prescribe procedures for import eligibility decisions. The revised list includes all vehicles that NHTSA has decided to be eligible for importation since October 1, 1999. NHTSA is required by statute to publish this list annually in the **Federal Register**.

DATES: Effective September 19, 2000.

FOR FURTHER INFORMATION CONTACT: George Entwistle, Office of Vehicle

Safety Compliance, NHTSA (202-366-5306).

SUPPLEMENTARY INFORMATION: Under 49 U.S.C. 30141(a)(1)(A), a motor vehicle that was not originally manufactured to conform to all applicable Federal motor vehicle safety standards shall be refused admission into the United States unless NHTSA has decided that the motor vehicle is substantially similar to a motor vehicle originally manufactured for importation into and sale in the United States, certified under 49 U.S.C. 30115, and of the same model year as the model of the motor vehicle to be compared, and is capable of being readily altered to conform to all applicable Federal motor vehicle safety standards. Where there is no substantially similar U.S.-certified motor vehicle, 49 U.S.C. 30141(a)(1)(B) permits a nonconforming motor vehicle to be admitted into the United States if its safety features comply with, or are capable of being altered to comply with, all applicable Federal motor vehicle safety standards based on destructive test data or such other evidence as the Secretary of Transportation decides to be adequate.

Under 49 U.S.C. 30141(a)(1), import eligibility decisions may be made "on the initiative of the Secretary of Transportation or on petition of a manufacturer or importer registered under [49 U.S.C. 30141(c)]." The Secretary's authority to make these decisions has been delegated to NHTSA. The agency publishes notice of eligibility decisions as they are made.

Under 49 U.S.C. 30141(b)(2), a list of all vehicles for which import eligibility decisions have been made must be published annually in the **Federal Register**. On October 1, 1996, NHTSA added the list as an appendix to 49 CFR Part 593, the regulations that establish procedures for import eligibility decisions (61 FR 51242). As described in the notice, NHTSA took that action to ensure that the list is more widely disseminated to government personnel who oversee vehicle imports and to interested members of the public. See 61 FR 51242-43. In the notice, NHTSA expressed its intention to annually revise the list as published in the appendix to include any additional vehicles decided by the agency to be eligible for importation since the list was last published. See 61 FR 51243. The agency stated that issuance of the document announcing these revisions will fulfill the annual publication requirements of 49 U.S.C. 30141(b)(2). *Ibid.*

Rulemaking Analyses and Notices

1. Executive Order 12866 (Federal Regulatory Planning and Review) and DOT Regulatory Policies and Procedures

This rulemaking action was not reviewed under Executive Order 12866. NHTSA has analyzed this rulemaking action and determined that it is not "significant" within the meaning of the Department of Transportation's regulatory policies and procedures.

2. Regulatory Flexibility Act

In accordance with the Regulatory Flexibility Act, NHTSA has evaluated the effects of this action on small entities. Based upon this evaluation, I certify that the revisions resulting from this rulemaking will not have a significant economic impact on a substantial number of small entities. Accordingly, the agency has not prepared a regulatory flexibility analysis.

Because this rulemaking does not impose any regulatory requirements, but merely furnishes information by revising the list in the Code of Federal Regulations of vehicles for which import eligibility decisions have been made, it has no economic impact.

3. Executive Order 12612 (Federalism)

This action has been analyzed in accordance with the principles and criteria contained in Executive Order 12612, and it has been determined that this rule does not have sufficient Federalism implications to warrant preparation of a Federalism Assessment. No State laws will be affected.

4. National Environmental Policy Act

The agency has considered the environmental implications of this rule in accordance with the National Environmental Policy Act of 1969 and determined that it will not significantly affect the human environment.

5. Paperwork Reduction Act

In accordance with the Paperwork Reduction Act of 1980, P.L. 96-511, the agency notes that there are no information collection requirements associated with this rulemaking action.

6. Civil Justice Reform

This rule does not have any retroactive effect. It does not repeal or modify any existing Federal regulations. A petition for reconsideration or other administrative proceeding will not be a prerequisite to an action seeking judicial review of this rule. This rule does not preempt the states from adopting laws or regulations on the same subject, except that it will preempt a state

regulation that is in actual conflict with the Federal regulation or makes compliance with the Federal regulation impossible or interferes with the implementation of the Federal statute.

7. Notice and Comment

NHTSA finds that prior notice and opportunity for comment are unnecessary under 5 U.S.C. 553(b)(3)(B) because this action does not impose any regulatory requirements, but merely revises the list of vehicles not originally manufactured to conform to the Federal motor vehicle safety standards that NHTSA has decided to be eligible for importation into the United States to include all vehicles for which such decisions have been made since October 1, 1999.

In addition, so that the list of vehicles for which import eligibility decisions have been made may be included in the next edition of 49 CFR Parts 400 to 999, which is due for revision on October 1, 2000, good cause exists to dispense with the requirement in 5 U.S.C. § 553(d) for the effective date of the rule to be delayed for at least 30 days following its publication.

List of Subjects in 49 CFR Part 593

Imports, Motor vehicle safety, Motor vehicles.

In consideration of the foregoing, Part 593 of Title 49 of the Code of Federal Regulations, *Determinations that a vehicle not originally manufactured to conform to the Federal Motor Vehicle Safety Standards is eligible for importation*, is amended as follows:

PART 593—[AMENDED]

1. The authority citation for part 593 continues to read as follows:

Authority: 49 U.S.C. 322 and 30141(b); delegation of authority at 49 CFR 1.50

2. Appendix A to Part 593 is revised to read as follows:

Appendix A to Part 593—List of Vehicles Determined To Be Eligible for Importation

Each vehicle on the following list is preceded by a vehicle eligibility number. The importer of a vehicle admissible under any eligibility decision must enter that number on the HS-7 Declaration Form accompanying entry to indicate that the vehicle is eligible for importation.

“VSA” eligibility numbers are assigned to all vehicles that are decided to be eligible for

importation on the initiative of the Administrator under Sec. 593.8.

“VSP” eligibility numbers are assigned to vehicles that are decided to be eligible under Sec. 593.7(f), based on a petition from a manufacturer or registered importer submitted under Sec. 593.5(a)(1), which establishes that a substantially similar U.S.-certified vehicle exists.

“VCP” eligibility numbers are assigned to vehicles that are decided to be eligible under Sec. 593.7(f), based on a petition from a manufacturer or registered importer submitted under Sec. 593.5(a)(2), which establishes that the vehicle has safety features that comply with, or are capable of being altered to comply with, all applicable Federal motor vehicle safety standards.

Vehicles for which eligibility decisions have been made are listed alphabetically by make, with the exception of Mercedes-Benz vehicles, which appear at the end of the list. Eligible models within each make are listed numerically by “VSA,” “VSP,” or “VCP” number.

All hyphens used in the Model Year column mean “through” (for example, “1973–1989” means “1973 through 1989”).

The initials “MC” used in the Manufacturer column mean “motorcycle.”

The initials “SWB” used in the Model Type column mean “Short Wheel Base.”

The initials “LWB” used in the Model Type column mean “Long Wheel Base.”

VEHICLES CERTIFIED BY THEIR ORIGINAL MANUFACTURER AS COMPLYING WITH ALL APPLICABLE CANADIAN MOTOR VEHICLE SAFETY STANDARDS

Number	Vehicles
VSA-80	(a) All passenger cars less than 25 years old that were manufactured before September 1, 1989; (b) All passenger cars manufactured on or after September 1, 1989, and before September 1, 1996, that, as originally manufactured, are equipped with an automatic restraint system that complies with Federal Motor Vehicle Safety Standard (FMVSS) No. 208; (c) All passenger cars manufactured on or after September 1, 1996 and before September 1, 2002, that, as originally manufactured, are equipped with an automatic restraint system that complies with FMVSS Nos. 208, and that comply with FMVSS No. 214.
VSA-81	(a) All multipurpose passenger vehicles, trucks, and buses with a GVWR of 4536 kg. (10,000 lbs.) or less that are less than 25 years old and that were manufactured before September 1, 1991; (b) All multipurpose passenger vehicles, trucks, and buses with a GVWR of 4536 kg. (10,000 lbs.) or less that were manufactured on and after September 1, 1991, and before September 1, 1993, and that, as originally manufactured, comply with FMVSS Nos. 202 and 208; (c) All multipurpose passenger vehicles, trucks and buses with a GVWR of 4536 kg. (10,000 lbs.) or less that were manufactured on or after September 1, 1993, and before September 1, 1998, and that, as originally manufactured, comply with FMVSS Nos. 202, 208, and 216; (d) All multipurpose passenger vehicles, trucks and buses with a GVWR of 4536 kg. (10,000 lbs.) or less, that were manufactured on or after September 1, 1998, and before September 1, 2002, and that, as originally manufactured, comply with the requirements of FMVSS Nos. 202, 208, 214, and 216.
VSA-82	All multipurpose passenger vehicles, trucks and buses with a GVWR greater than 4536 kg. (10,000 lbs.) that are less than 25 years old.
VSA-83	All trailers, and all motorcycles that are less than 25 years old.

49 CFR Part 594

[Docket No. NHTSA 2000–7629; Notice 2]

RIN 2127–A111

Schedule of Fees Authorized by 49 U.S.C. 30141

AGENCY: National Highway Traffic Safety Administration (NHTSA), DOT.

ACTION: Final rule.

SUMMARY: This document adopts fees for Fiscal Year 2001 and until further notice, as authorized by 49 U.S.C. 30141, relating to the registration of importers and the importation of motor vehicles not certified as conforming to the Federal motor vehicle safety standards (FMVSS).

We are increasing the fee for the registration of a new importer from \$491 to \$584, and the annual fee authorized

by statute from \$350 to \$416. These fees include the costs of maintaining the registered importer (RI) program. The fee required to reimburse the U.S. Customs Service for conformance bond processing costs will increase from \$5.40 to \$5.75 per bond.

The fee payable for a petition seeking a determination that a nonconforming vehicle is capable of conversion to meet the FMVSS will be reduced from \$199 to \$175 if the nonconforming vehicle is substantially similar to conforming vehicles. With respect to vehicles that have no substantially similar counterpart, the petition fee increases from \$721 to \$800. In addition, the fee payable by the importer of each “substantially similar” vehicle that benefits from an eligibility determination will be reduced to \$105 but remain at \$125 for vehicles not “substantially similar,” regardless of whether the determination is made pursuant to a petition or by NHTSA on its own initiative. This fee does not apply to vehicles imported from Canada admitted under VSA 80–83, or to vehicles imported on and after October 1, 2000 that are covered by determinations that were made on the agency’s own initiative before October 1, 2000, for which all costs have now been recovered.

Finally, the \$16 fee that a RI must pay as a processing cost for review of each conformity package that it submits will remain at \$16. However, if the RI files the HS–7 Declaration form for the vehicle electronically with the U.S. Customs Service through the Automated Broker Interface, and the RI has an e-mail address and pays by credit card, the present fee of \$13 will be reduced to \$6 per vehicle if the information in the entry and certificate is correct.

DATES: The effective date of the final rule is October 1, 2000.

FOR FURTHER INFORMATION CONTACT: George Entwistle, Office of Vehicle Safety Compliance, Office of Safety Assurance, NHTSA (202–366–5306).

SUPPLEMENTARY INFORMATION:

Introduction

On June 24, 1996, at 61 FR 32411, we published a notice that discussed in full the rulemaking history of 49 CFR part 594 and the fees authorized by the Imported Vehicle Safety Compliance Act of 1988, Public Law 100–562, since recodified as 49 U.S.C. 30141–47. The reader is referred to that notice for background information relating to this rulemaking action. Certain fees were initially established to become effective January 31, 1990, and have been in effect and occasionally modified since then.
