

National Environmental Policy Act (NEPA). This project involves the proposal to implement a comprehensive habitat restoration plan with a public access component for an approximately 400-acre area known as the San Dieguito Lagoon. The project site is in the western San Dieguito River Valley under the influence of the Pacific Ocean, within the northwestern-most portions of the City of San Diego and the City of Del Mar in San Diego County, CA.

A major component of this planning effort is a tidal restoration proposal to: (1) Restore the aquatic functions of the lagoon through permanent inlet maintenance and expansion of the lagoon's tidal prism; and (2) create subtidal and intertidal habitats on both the east and west sides of Interstate 5, which bisects the project site. It is anticipated that tidal restoration would be accomplished primarily by Southern California Edison and partners (SCE), provided the restoration satisfies the conditions of the California Coastal Commission (CCC) permit for the construction and operation of the San Onofre Nuclear Generating Station (SONGS) Units 2 and 3. Upland habitat restoration, non-tidal wetland restoration, endangered species habitat improvements, and public trails and interpretive facilities would be provided by the San Dieguito River Park in cooperation with other agencies and organizations including the Fish and Wildlife Service, Coastal Conservancy, Cities of Del Mar and San Diego, and others.

The Final EIS/R analyzes six project alternatives including the Mixed Habitat, Maximum Tidal Basin, Maximum Intertidal, Hybrid, Reduced Berm, and No Action Alternatives. The lead agencies indicate a preference for the Mixed Habitat alternative. The project includes measures to mitigate some potential impacts, while other mitigation will be made conditions of subsequent permits.

Minerals Management Service

Agency Information Collection Activities: Submitted for Office of Management and Budget (OMB) Review; Comment Request

AGENCY: Minerals Management Service (MMS), Interior.

ACTION: Notice of new information collection survey.

SUMMARY: To comply with the Paperwork Reduction Act of 1995 (PRA), we are submitting to OMB for review and approval an information collection request (ICR) to conduct a new survey on "Labor Migration and the Deepwater Oil Industry." We are also soliciting comments from the public on this ICR.

DATES: Submit written comments by October 19, 2000.

ADDRESSES: You may submit comments directly to the Office of Information and Regulatory Affairs, OMB, Attention: Desk Officer for the Department of the Interior (1010-0091), 725 17th Street, NW., Washington, DC 20503. Mail or hand carry a copy of your comments to the Department of the Interior, Minerals Management Service, Attention: Rules Processing Team, Mail Stop 4024, 381 Elden Street; Herndon, Virginia 20170-4817.

Our practice is to make comments, including names and home addresses of respondents, available for public review during regular business hours. Individual respondents may request that we withhold their home address from the rulemaking record, which we will honor to the extent allowable by law. There may be circumstances in which we would withhold from the record a respondent's identity, as allowable by the law. If you wish us to withhold your name and/or address, you must state this prominently at the beginning of your comment. However, we will not

consider anonymous comments. We will make all submissions from organizations or businesses, and from individuals identifying themselves as representatives or officials of organizations or businesses, available for public inspection in their entirety.

FOR FURTHER INFORMATION CONTACT: Alexis London, Rules Processing Team, telephone (703) 787-1600. For details on the proposed survey or to obtain a copy of the survey questions, you may contact Harry Luton, in the MMS Gulf of Mexico Regional Office, telephone (504) 736-2784.

SUPPLEMENTARY INFORMATION:

Title: Survey—Labor Migration and the Deepwater Oil Industry.

OMB Control Number: 1010-NEW.

Abstract: The Outer Continental Shelf (OCS) Lands Act, 43 U.S.C. 1331 *et seq.*, requires the Secretary of the Interior to preserve, protect, and develop oil and gas resources in the OCS; make such resources available to meet the Nation's energy needs as rapidly as possible; balance orderly energy resources development with protection of the human, marine, and coastal environment; ensure the public a fair and equitable return on the resources offshore; and preserve and maintain free enterprise competition.

The OCS Lands Act (at 43 U.S.C. 1346, Environmental Studies) instructs the Secretary of the Interior to conduct studies to establish environmental information as he deems necessary and to monitor the human, marine, and coastal environments. The purpose of the studies is to provide time-series and data trend information which can be used to identify any significant changes in the quality and productivity of such environments, to establish trends in the areas studied and monitored, and to design experiments to identify the causes of such changes. This authority and responsibility are among those delegated to MMS.

MMS proposes to conduct a survey to examine the consequences of international labor on four port communities in southern Louisiana. The information collected will aid MMS in understanding the impact of foreign labor on the well-being of communities in southern Louisiana. The scientific information is needed to understand the concerns, fears, and desires of communities with respect to OCS activities, and it is necessary for successful operation of the OCS oil and gas program in the region.

Questions in the survey will address the respondent's historical ties to the oil and gas industry; current views about his/her community, impact of the

presence of foreign-born immigrants in the four communities, and background and household information.

Responses are voluntary. No proprietary items or questions of a sensitive nature will be collected.

Frequency: This will be a one-time data collection activity.

Estimated Number and Description of Respondents: Approximately 200 randomly selected households in each of the four communities (800 respondents).

Estimated Annual Reporting and Recordkeeping "Hour" Burden: Approximately 25 minutes per survey for the primary data collection effort. Follow-up discussions, when held, will average approximately 20 minutes. The total annual burden is estimated at 340 hours (333 hours for primary survey + 7 hours for follow-up conversations).

Estimated Annual Reporting and Recordkeeping "Non-Hour Cost" Burden: We have identified no non-hour cost burdens to the respondents.

Comments: The PRA (44 U.S.C. 3501, *et seq.*) provides that an agency may not conduct or sponsor, and a person is not required to respond to, a collection of information unless it displays a currently valid OMB control number. Section 3506(c)(2)(A) of the PRA requires each agency " * * * to provide notice * * * and otherwise consult with members of the public and affected agencies concerning each proposed collection of information * * *". Agencies must specifically solicit comments to: (a) Evaluate whether the proposed collection of information is necessary for the agency to perform its duties, including whether the information is useful; (b) evaluate the accuracy of the agency's estimate of the burden of the proposed collection of information; (c) enhance the quality, usefulness, and clarity of the information to be collected; and (d) minimize the burden on the respondents, including the use of automated collection techniques or other forms of information technology.

To comply with the public consultation process, on June 22, 2000, we published a **Federal Register** notice (65 FR 38852) with the required 60-day comment period announcing that we would submit this ICR to OMB for approval. We have received no comments in response to that initial notice. If you wish to comment in response to this notice, send your comments directly to the offices listed under the **ADDRESSES** section of this notice. The OMB has up to 60 days to approve or disapprove the information collection but may respond after 30 days. Therefore, to ensure maximum

consideration, OMB should receive public comments by October 19, 2000.
