SUPPLEMENTARY INFORMATION:

Purpose of the Board: The purpose of the Board is to make recommendations to DOE and its regulators in the areas of environmental restoration, waste management, and related activities.

Tentative Agenda:

1. Presentation on the Oak Ridge Environmental Management Waste Disposal Facility by Mr. Bill Cahill, Department of Energy-Oak Ridge Operations.

Public Participation: The meeting is open to the public. Written statements may be filed with the Committee either before or after the meeting. Individuals who wish to make oral statements pertaining to agenda items should contact Dave Adler at the address or telephone number listed above. Requests must be received 5 days prior to the meeting and reasonable provision will be made to include the presentation in the agenda. The Deputy Designated Federal Officer empowered to conduct the meeting in a fashion that will facilitate the orderly conduct of business. Each individual wishing to make public comment will be provided a maximum of 5 minutes to present their comments at the end of the meeting.

Minutes: Minutes of this meeting will be available for public review and copying at the Department of Energy's Information Resource Center at 105 Broadway, Oak Ridge, TN between 7:30 a.m. and 5:30 p.m. Monday through Friday, or by writing to Dave Adler, Department of Energy Oak Ridge Operations Office, P.O. Box 2001, EM-90, Oak Ridge, TN 37831, or by calling him at (865) 576-4094.

Issued at Washington, DC on September 19, 2000.

Rachel M. Samuel,

Deputy Advisory Committee Management Officer.

[Docket No. EL00-111-000]

Cities of Anaheim, Azusa, Banning, Colton, and Riverside, California v. California Independent System Operator Corporation; Notice of Filing

September 18, 2000.

Take notice that on September 15, 2000, the Cities of Anaheim, Azusa, Banning, Colton, and Riverside, California (Southern Cities), tendered for filing a Complaint against the California Independent System Operator Corporation (ISO). The Southern Cities' Complaint asserts: (1) That the ISO's currently effective mechanism for recovering costs it incurs for Out-of-Market (OOM) dispatch calls is unjust and unreasonable in violation of the Federal Power Act, and (2) that the ISO has violated its Tariff by charging for Neutrality Adjustment Charges in excess of the limit on such charges in effect from June 1, 2000 through September 15, 2000. The Southern Cities urges the Commission: (1) To issue an order requiring the ISO to change § 11.2.4.2.1 of the ISO Tariff to provide that OOM costs incurred by the ISO to meet underscheduled loads will be recovered from the Scheduling Coordinators that have underscheduled, and (2) to issue an order requiring the ISO to abide by the cap on Neutrality Adjustment Charges in § 11.2.9.1 of the ISO Tariff, which became effective on June 1, 2000, and to refund Neutrality Adjustment Charges in excess of that cap collected for trading intervals subsequent to that date.

Any person desiring to be heard or to protest such filing should file a motion to intervene or protest with the Federal Energy Regulatory Commission, 888 First Street, N.E., Washington, D.C. 20426, in accordance with Rules 211 and 214 of the Commission's Rules of Practice and Procedure (18 CFR 385.211 and 285.214). All such motions and protests should be filed on or before September 25, 2000. Protests will be considered by the Commission to determine the appropriate action to be taken, but will not serve to make protestants parties to the proceedings. Any person wishing to become a party must file a motion to intervene. Copies of this filing are on file with the Commission and are available for public inspection. This filing may also be viewed on the Internet at <http://www.ferc.fed.us/online/rims.htm> (call 202-208-2222 for assistance). Answers

to the complaint shall also be due on or before September 25, 2000.

David P. Boergers,

Secretary.

BILLING CODE 6717-01-M

DEPARTMENT OF ENERGY

Federal Energy Regulatory Commission

[Docket No. CP00-458-000]

El Paso Natural Gas Company; Notice of Application

September 18, 2000.

Take notice that on September 12, 2000, El Paso Natural Gas Company (El Paso), whose mailing address is Post Office Box 1492, El Paso, Texas, 79978, filed an application at Docket No. CP00-458-000, pursuant to Section 7(b) of the Natural Gas Act (NGA), for permission and approval to abandon by transfer to its affiliate, El Paso Field Services Company, certain compression facilities in San Juan County, New Mexico, all as more fully set forth in the application which is on file with the Commission and open to public inspection. This filing may be viewed on the web at <http://www.ferc.us/online/rims.htm> (call 202-208-2222).

El Paso states that on August 18, 1999, Williams Field Services Group, Inc. (Williams) filed a complaint in Docket No. RP99-471-000 alleging that compression facilities at El Paso's Blanco Compressor Station in San Juan County, New Mexico were providing a nonjurisdictional gathering service and were improperly classified as transmission facilities. El Paso states that the Blanco Station includes three distinct sets of compressors: the "A", "C", and "D" plants totaling approximately 91,010 horsepower. It is indicated that by order issued on November 10, 1999, the Commission found that the "A" plant was properly functionalized as transmission, but that the "C" and "D" plants should be functionalized as gathering. El Paso states that the Commission denied all requests by order issued April 25, 2000, and counseled El Paso to file for an application to abandon the two plants.

El Paso is filing this application in recognition of the Commission's suggestion in the April 25, 2000, order. In support of why this abandonment is in the public convenience and necessity, El Paso states that the abandonment of the Blanco "C" and "D" plants by transfer to its affiliate will provide for a smooth, seamless

transition of services without any interruption of service or rate stacking, which would occur if the facilities were transferred to a third party. El Paso further asserts that the abandonment is consistent with the previously-approved El Paso spin-down of facilities to Field Services. Also, El Paso indicates that it is its understanding that, upon transfer of the two compressor units, Field Services will continue to deliver, at a new custody meter transfer point downstream of the "C" and "D" plant facilities, the same volumes of natural gas at the required mainline pressures as before the abandonment.

Any questions regarding this application should be directed to Mr. A.W. Clark at (915) 496-2600.

Any person desiring to be heard or to make protest with reference to said application should on or before October 10, 2000, file with the Federal Energy Regulatory Commission, 888 First Street, N.E., Washington, D.C. 20426, a motion to intervene or a protest in accordance with the requirements of the Commission's Rules of Practice and Procedure (18 CFR 385.211 or 385.214) and the regulations under the Natural Gas Act (18 CFR 157.10). All protests filed with the Commission will be considered by it in determining the appropriate action to be taken but will not serve to make the protestants parties to the proceeding. The Commission's rules require that protestors provide copies of their protests to the party or parties directly involved. Any person wishing to become a party to a proceeding or to participate as a party in any hearing therein must file a motion to intervene in accordance with the Commission's rules.

Take further notice that, pursuant to the authority contained in and subject to jurisdiction conferred upon the Commission by Sections 7 and 15 of the NGA and the Commission's Rules of Practice and Procedure, a hearing will be held without further notice before the Commission or its designee on this application if no motion to intervene is filed within the time required herein, if the Commission on its own review of the matter finds that a grant of the certificate is required by the public convenience and necessity. If a motion for leave to intervene is timely filed, or if the Commission on its own motion believes that a formal hearing is required, further notice of such hearing will be duly given.

Under the procedure herein provided for, unless otherwise advised, it will be

unnecessary for El Paso to appear or be represented at the hearing.

David P. Boerers,

Secretary.

[Docket No. OR00-11-000]

EOTT Energy Operating Limited Partnership, Complainant v. Conoco Pipe Line Company, Respondent; Notice of Filing

September 18, 2000.

Take notice that on September 14, 2000, EOTT Energy Operating Limited Partnership (EOTT), tendered for filing a complaint, pursuant to Rule 385.206 of the Commission's Rules of Practice and Procedure and Section 13 of the Interstate Commerce Act, against Conoco Pipe Line Company (CPL) requesting that the Commission order CPL to publish a fair and non-discriminatory proration policy in its FERC tariffs number 117 and 306. Because CPL's continuing course of action is adversely affecting EOTT's ability to use CPL's common carrier services, EOTT requests fast track processing of its complaint by the Commission pursuant to Section 385.206(h) of the Commission's Rules of Practice and Procedure.

Copies of the filing were served via facsimile and courier to CPL. Questions concerning this Complaint may be directed to Complainant's General Counsel, P.O. Box 4666, Houston, Texas 77210-4666, Phone (713) 993-5671, Fax (713) 402-2875.

Any person desiring to be heard or to protest such filing should file a motion to intervene or protest with the Federal Energy Regulatory Commission, 888 First Street, NE., Washington, DC 20426, in accordance with Rules 211 and 214 of the Commission's Rules of Practice and Procedure (18 CFR 385.211 and 385.214). All such motions and protests should be filed on or before September 25, 2000. Protests will be considered by the Commission to determine the appropriate action to be taken, but will not serve to make protestants parties to the proceedings. Any person wishing to become a party must file a motion to intervene. Copies of this filing are on file with the Commission and are available for public inspection. This filing may also be viewed on the Internet at <http://www.ferc.fed.us/>

[Docket No. ER00-3637-000]

Nicole Energy Marketing of Illinois, Inc.; Notice of Filing

September 18, 2000.

Take notice that on September 12, 2000, Nicole Energy Marketing of Illinois, Inc. (NEMI), tendered for filing a petition for authorization to sell electricity at market-based rates pursuant to FERC Electric Tariff, Original Sheet No. 1, under which NEMI will engage in wholesale electric power and energy transactions as a marketer.

The Commission has granted open-ended market rate authority to power marketers when it has determined that the market and its affiliates do not have, or have adequately mitigated, market power in generation and transmission; cannot engage in anti-competitive practices through preferential affiliate transactions or reciprocal dealing; and cannot otherwise erect barriers to market entry by competing suppliers.

NEMI requests waiver from Commission Regulations, which have been granted to other power marketers. NEMI also requests blanket approval under Part 34 of the Commission's Regulations of future issuances regarding securities and assumptions of liabilities, subject to objection by an interested party.

NEMI requests that the rate schedule be effective 60 days after filing, or the date the Commission issues an order accepting the rate schedule, whichever occurs first.

Any person desiring to be heard or to protest such filing should file a motion to intervene or protest with the Federal Energy Regulatory Commission, 888 First Street, NE., Washington, DC 20426, in accordance with Rules 211 and 385.214). All such motions and protests should be filed on or before October 3, 2000. Protests will be considered by the Commission to determine the appropriate action to be taken, but will not serve to make protestants parties to the proceedings. Any person wishing to
