Attachment B—List of Incomplete Applicants  
Attachment C—List of Rejected Applicants

1. The Federal Communications Commission ("FCC") has received 40

FCC Form 175 applications to participate in Auction No. 36 scheduled to begin on Wednesday, November 1, 2000, for 2,800 licenses in the 800 MHz Band. The applications have been reviewed for completeness and compliance with the Commission's rules, and have been classified into the following categories:

*Accepted for Filing:* 20 Applications.

*Incomplete:* 19 Applications.

*Rejected:* 1 Application.

*Accepted:* Applications accepted for filing are listed alphabetically in Attachment A of the *Auction No. 36 Public Notice*. These applicants will become qualified bidders upon receipt of the required upfront payment due by 6:00 p.m. ET on Monday, October 16, 2000. See 47 CFR 1.2106. With respect to the FCC Form 175 applications, these applicants need take no further action except as may be necessary to maintain the accuracy of their applications. See 47 CFR 1.65. Also, applicants are advised that Attachment A includes FCC account numbers that were automatically created by the FCC software system for each applicant, and which are applicable for bidding only.

*Incomplete:* Applications found to be incomplete are listed alphabetically in Attachment B of the *Auction No. 36 Public Notice*. Applicants whose FCC Form 175 applications have been deemed incomplete will receive overnight correspondence indicating what information is required to make the applications acceptable for filing. These applicants may become qualified bidders only if they: (i) Resubmit their applications by 6:00 p.m. ET on Monday, October 16, 2000, to correct the minor deficiencies indicated; and (ii) make the required upfront payments by 6:00 p.m. ET on Monday, October 16, 2000. Applicants must also maintain the accuracy of their FCC Form 175 applications as required by the Commission's rules. In addition, applicants are advised that Attachment B includes FCC account numbers that were automatically created by the FCC software system for each applicant. These account numbers are applicable for bidding purposes only, should the applicant become eligible to participate in Auction No. 36.

2. The filing window for resubmitting FCC Form 175 applications is now open. Corrected applications must be filed no later than 6:00 p.m. ET on Monday, October 16, 2000. This will be the only opportunity to cure FCC Form 175 defects; late resubmissions will not be accepted. In addition, if an application remains incomplete or otherwise deficient after the

resubmission deadline has passed, the application will be rejected.

*Rejected:* The application(s) classified as rejected are listed in Attachment C. Applicants whose applications have been rejected are disqualified from participation in Auction No. 36.

#### Upfront Payment Deadline

3. Upfront payments and accompanying FCC Remittance Advice (FCC Form 159) for Auction No. 36 are due and must be received at Mellon Bank, Pittsburgh, Pennsylvania, no later than 6:00 p.m. ET on Monday, October 16, 2000. Payments must be made by wire transfer and applicants must include their Taxpayer Identification Numbers (TIN). No other payment method is acceptable for this auction. Applicants are reminded to use their TIN and not their FCC Account Numbers on the FCC Remittance Advice (FCC Form 159).

4. Applicants that have filed applications deemed to be incomplete, as noted in this public notice, must submit timely and sufficient upfront payments before the Commission will review their resubmitted applications. If such an application remains incomplete following its resubmission, the application will be dismissed. If the applicant has provided its Taxpayer Identification Number (TIN) and wire transfer instructions, the upfront payment will be refunded automatically.

#### Other Important Information

5. *Qualified Bidders:* Approximately one week after upfront payments have been received, resubmitted FCC Form 175 applications have been processed and reviewed, and the correlation of payments and applications have been made, a public notice listing all applicants qualified to bid in the auction will be released. The same public notice will also include instructions on how to access the auction tracking tool software, a bidding schedule for the Mock auction, and the bidding schedule for the first day of the auction.

6. *Prohibition of Collusion:* Bidders are reminded that § 1.2105(c) of the Commission's Rules prohibits applicants for the same geographic license area from communicating with each other during the auction about bids, bidding strategies, or settlements unless they have identified each other as parties with whom they have entered into agreements under § 1.2105(a)(2)(viii). For Auction No. 36, this prohibition became effective at the filing deadline of short-form applications on Friday, September 29,

2000, and will end on the post-auction down payment due date. The post-auction down payment due date will be announced in a future public notice. If parties had agreed in principle on all material terms, those parties must have been identified on the short-form application under § 1.2105(c), even if the agreement had not been reduced to writing. If parties had not agreed in principle by the filing deadline, an applicant should not have included the names of those parties on its application, and must not have continued negotiations with other applicants for licenses in the same geographic area. For further details regarding the prohibition against collusion, refer to the *Auction No. 36 Public Notice*.

7. In addition, applicants are reminded that they are subject to the antitrust laws, which are designed to prevent anti-competitive behavior in the marketplace. Winning bidders will be required to disclose in their long-form applications the specific terms, conditions and parties involved in all bidding consortia, joint ventures, partnerships, and other arrangements entered into relating to the competitive bidding process. Bidders found to have violated the anti-collusion rule may be subject to sanctions.

8. *Ex Parte Rule:* Applicants should also be aware that the Commission has generally exempted auction proceedings from the strict requirements of the *ex parte* rule found in 1.2106 of the Commission's rules.

9. *Mock Auction:* All applicants found to be qualified bidders are eligible to participate in a mock electronic auction on Monday, October 30, 2000. In the *Qualified Bidders Public Notice*, the Bureau will announce when software for the mock auction will be posted on the World Wide Web.

10. *Remote Bidding Software:* Applicants are reminded that qualified bidders are eligible to bid either electronically or telephonically. To bid electronically, applicants should complete the software order form included in the *Auction No. 36 Public Notice*, or contact the Auctions Hotline at (717) 338-2888. To ensure timely delivery of remote bidding software before the auction begins, the Commission requests receipt of software orders by 6:00 p.m. ET on Tuesday, October 17, 2000. The minimum hardware and software specifications required for the FCC remote bidding system are listed:

- CPU: Intel® Pentium or above
- RAM: 16 MB (more recommended if you have multiple applications open)
- Hard Disk: 33 MB available disk space

- 1.44 MB Floppy Drive or CD-ROM Drive (to install the Remote Bidding System)
- Modem: v.32bis 28.8 kbps Hayes© compatible modem (56.6 kbps recommended)
- Monitor: VGA or above
- Mouse or other pointing device
- Microsoft® Windows™ 95™ or 98™
- We recommend that you use Netscape® Communicator™ 4.73. However, you can also use Netscape Communicator 4.7 or 4.72.

To download Netscape Communicator 4.73 free of charge, access the Netscape download site at <http://home.netscape.com/download/>.

**Note:** The FCC Remote Bidding System has not been tested in a Macintosh, OS/2, or Windows NT™ environment. Therefore, the FCC will not support operating systems other than Microsoft Windows 95 or 98. This includes any other emulated Windows environment.

11. *Long-Form Applications:* All applicants should be aware that at the long-form application stage, they will be subject to the more extensive reporting requirements contained in the Commission's Part 1 ownership disclosure rule.

12. *Bidder Alerts:* All applicants must certify on their FCC Form 175 applications under penalty of perjury that they are legally, technically, financially and otherwise qualified to hold a license, and not in default on any payment for Commission licenses (including down payments) or delinquent on any non-tax debt owed to any Federal agency. Prospective bidders are reminded that submission of a false certification to the Commission is a serious matter that may result in severe penalties, including monetary forfeitures, license revocations, exclusion from participation in future auctions, and/or criminal prosecution.
