

of notes dated August 13, 1996 and September 9, 1996, as amended on December 15, 2000 and January 12, 2001, between the Governments of the United States and the Russian Federation, you are directed to prohibit, effective on January 25, 2001, entry into the United States for consumption and withdrawal from warehouse for consumption of wool textile products in Category 435, produced or manufactured in Russia and exported during the three-month period beginning on January 1, 2001 and extending through March 31, 2001, in excess of 13,801 dozen.

The limit set forth above is subject to adjustment pursuant to the current bilateral agreement between the Governments of the United States and the Russian Federation.

Products in the above category exported during 2000 shall be charged to the applicable category limit for that year (see directive dated September 13, 1999) to the extent of any unfilled balance. In the event the limit established for that period has been exhausted by previous entries, such products shall be charged to the limit set forth in this directive.

This limit may be revised if Russia becomes a member of the World Trade Organization (WTO) and the United States applies the WTO agreement to Russia.

In carrying out the above directions, the Commissioner of Customs should construe entry into the United States for consumption to include entry for consumption into the Commonwealth of Puerto Rico.

The Committee for the Implementation of Textile Agreements has determined that this action falls within the foreign affairs exception of the rulemaking provisions of 5 U.S.C. 553(a)(1).

Sincerely,

Richard B. Steinkamp,

Chairman, Committee for the Implementation of Textile Agreements.

DEPARTMENT OF DEFENSE

Office of the Secretary

Defense Science Board

ACTION: Notice of Advisory Committee Meetings.

SUMMARY: The Defense Science Board (DSB) Task Force on Chemical Warfare Defense will meet in closed sessions on February 12, 2001; February 26, 2001;

March 12-13, 2001; and March 26, 2001; at SAIC, Inc., 4001 N. Fairfax Drive, Arlington, VA. The Task Force will assess the possibility of controlling the risk and consequences of a chemical warfare (CW) attack to acceptable national security levels within the next five years.

The mission of the Defense Science Board is to advise the Secretary of Defense and the Under Secretary of Defense for Acquisition, Technology & Logistics on scientific and technical matters as they affect the perceived needs of the Department of Defense. At these meetings, the Task Force will assess current national security and military objectives with respect to CW attacks; CW threats that significantly challenge these objectives today and in the future; the basis elements (R&D, materiel, acquisition, personnel, training, leadership) required to control risk and consequences to acceptable levels, including counter-proliferation; intelligence, warning, disruption; tactical detection and protection (active and passive); consequence management; attribution and deterrence; and policy. The Task Force will also assess the testing and evaluation necessary to demonstrate and maintain the required capability and any significant impediments to accomplishing this goal.

In accordance with Section 10(d) of the Federal Advisory Committee Act, Public Law 92-463, as amended (5 U.S.C. App. II), it has been determined that these Defense Science Board meetings, concern matters listed in 5 U.S.C. 552b(c)(1), and that accordingly these meetings will be closed to the public.

Dated: January 19, 2001.

L. M. Bynum,

Alternate OSD Federal Register Liaison Officer, Department of Defense.
