meeting. The agency scoping meeting will focus on resource agency and non-governmental organization concerns, while the public scoping meeting is intended primarily for public input. All interested individuals, organizations, and agencies are invited to attend one or both of the meetings, and to assist Commission staff in identifying the scope of the environmental issues that should be analyzed in the EA. The times and locations of these meetings are as follows:

Agency Scoping Meeting

Objectives

At the scoping meetings, Commission staff will: (1) Summarize the environmental issues tentatively identified for analysis in the EA; (2) solicit from the meeting participants all available information, especially quantified data, on the resources at issue; (3) encourage statements from experts and the public on issues that should be analyzed in the EA, including viewpoints in opposition to, or in support of, Commission staff's preliminary views; (4) determine the resource issues to be addressed in the EA; and (5) identify those issues that
