DEPARTMENT OF ENERGY

Federal Energy Regulatory Commission

[Docket No. CP98-795-001]

Transwestern Pipeline Company; Notice of Motion To Vacate

February 20, 2001.

On January 12, 2001, Transwestern Pipeline Company (Transwestern), P.O. Box 3330, Omaha, Nebraska 68103-0330, filed in Docket No. CP98-795-001 a motion to vacate that portion of an order issued April 1, 1999, in Docket No. CP98-795-001 which permitted Transwestern to relocate its Crawford Compressor Station in Eddy County, New Mexico and to abandon by sale to Duke Energy Field Services (Duke) 27.2 miles of the existing Crawford 16-inch lateral, also in Eddy County, New Mexico extending from that compressor station to its downstream connection point with the WT-1 Compressor Station, all as more fully set forth in the motion which is on file with the Commission and open to public inspection. The filing may be viewed at <http://www.ferc.fed.us/online/rims.htm> (call 202-208-2222 for assistance).

It is stated that, after reassessing the gas supply situation at a processing plant recently purchased from Union Pacific Highlands Gathering and Processing Company, Duke has determined that the supply reserves are not as large as previously anticipated. As a result, Transwestern advises that closing of the sale to Duke of the compressor station and the downstream facilities will not take place. Therefore, Transwestern requests that the Commission vacate that portion of the April 1, 1999, order.

Questions regarding the details of this motion should be directed to Keith Petersen, at (402)-398-7319.

Any person wishing to obtain legal status by becoming a party to the proceedings for this project should, on or before March 2, 2001, file with the Federal Energy Regulatory Commission, 888 First Street, NE, Washington, DC 20426, a motion to intervene in accordance with the requirements of the Commission's Rules of Practice and Procedure (18 CFR 385.214 or 385.211) and the Regulations under the NGA (18

CFR 157.10). A person obtaining party status will be placed on the service list maintained by the Secretary of the Commission and will receive copies of all documents filed by the applicant and by all other parties. A party must submit 14 copies of filings made with the Commission and must mail a copy to the applicant and to every other party in the proceeding. Only parties to the proceeding can ask for court review of Commission orders in the proceeding.

Comments and protests may be filed electronically via the internet in lieu of paper. See, 18 CFR 385.2001(a)(1)(ii) and the instructions on the Commission's web site at <http://www.ferc.fed.us/efi/doorbell.htm>.

If the Commission decides to set the motion for a formal hearing before an Administrative Law Judge, the Commission will issue another notice describing that process. At the end of the Commission's review process, a final Commission order approving or denying a certificate will be issued.

David P. Boergers,
Secretary.

BILLING CODE 6717-01-M

DEPARTMENT OF ENERGY

Federal Energy Regulatory Commission

[Docket No. CP01-82-000]

Williston Basin Interstate Pipeline Company; Notice of Request Under Blanket Authorization

February 20, 2001.

Take notice that on February 8, 2001, Williston Basin Interstate Pipeline Company (Williston Basin), 1250 West Century Avenue, Bismarck, North Dakota 58503, filed in Docket No. CP01-82-000 a request pursuant to Sections 157.205 and 157.211 of the Commission's Regulations under the Natural Gas Act (18 CFR 157.205, 157.211) for authorization to construct and operate a delivery point in Morton County, North Dakota, under Williston Basin's blanket certificate issued in Docket Nos. CP82-487-000, *et al.*, pursuant to Section 7 of the Natural Gas Act, all as more fully set forth in the request that is on file with the Commission and open to public inspection. This filing may be viewed on the web at <http://www.ferc.fed.us/online/rims.htm> (call 202-208-2222 for assistance).

Williston Basin states it is requesting authorization to construct and operate a new delivery point to provide natural

gas service to BP Mandan Refinery (BP). Williston Basin states that the proposed delivery point facilities to be constructed by Williston Basin include a new tap on its 12-inch transmission line, a high pressure turbine meter, two small buildings, associated piping and valves, and a remote terminal unit. In addition, Williston Basin states that BP plans to install approximately 3,300 feet of 6-inch pipeline from its plant facilities to Williston Basin's proposed delivery point. Williston Basin states that the proposed facilities, along with 3,300 feet of 6-inch pipeline to be constructed by BP, are all located entirely on property owned by BP.

Williston Basin states that BP currently receives natural gas service at the northern area of its plant from Montana-Dakota Utilities Co. (Montana-Dakota), a local distribution company, through an existing delivery point (Point ID 02000) located on Williston Basin's system. Williston Basin states that natural gas deliveries at Point ID 02000 averaged approximately 550 Mcf/d during the past 12 months. Williston Basin states that the quantity of gas to be delivered through the new delivery point for the end-use requirements of BP is estimated to be up to 8,000 Mcf/day. The cost of constructing the new delivery point is estimated by Williston Basin to be \$55,000.

Williston Basin states it has determined that construction of the proposed facilities is consistent with Section 46 of the General Terms and Conditions of its Tariff. Williston Basin also states that its Tariff does not prohibit the addition of new delivery points. Williston Basin further states that the addition of the proposed facility will have no significant effect on Williston Basin's peak day or annual requirements, and capacity has been determined to exist on the Williston Basin system to serve this natural gas market.

Williston Basin's contact person for this project is Dale R. Lawrence, (713) 215-4540.

Any person or the Commission's staff may, within 45 days after issuance of the instant notice by the Commission, file pursuant to Rule 214 of the Commission's Procedural Rules (18 CFR 385.214) a motion to intervene or notice of intervention and pursuant to Section 157.205 of the Regulations under the Natural Gas Act (18 CFR 157.205) a protest to the request. If no protest is filed within the time allowed therefor, the proposed activity shall be deemed to be authorized effective the day after the time allowed for filing a protest. If a protest is filed and not withdrawn within 30 days after the time allowed

for filing a protest, the instant request shall be treated as an application for authorization pursuant to Section 7 of the Natural Gas Act. Comments and protests may be filed electronically via the internet in lieu of paper. See, 18 CFR 385.2001(a)(1)(iii) and the instructions on the Commission's web site at <http://www.ferc.fed.us/efi/doorbell.htm>.

David P. Boergers,
Secretary.

BILLING CODE 6717-01-M

DEPARTMENT OF ENERGY

Federal Energy Regulatory Commission

[Docket No. EL01-38-000, et al.]

UGI Utilities, Inc., et al.; Electric Rate and Corporate Regulation Filings

February 16, 2001.

Take notice that the following filings have been made with the Commission:

1. UGI Utilities, Inc.; Metropolitan Edison Company; Pennsylvania Electric Company; PECO Energy Company; and PPL Electric Utilities Corporation, Complainants, v. PJM Interconnection, L.L.C. and Utility.com, Inc., Respondents

[Docket No. EL01-38-000]

Take notice that on February 15, 2001, UGI Utilities, Inc., Metropolitan Edison Company, Pennsylvania Electric Company, PECO Energy Company, and PPL Electric Utilities Corporation, tendered for filing a complaint with the Federal Energy Regulatory Commission requesting an order finding violations by PJM Interconnection, L.L.C., and Utility.com, Inc., of their obligations under PJM's tariffs and other governing agreements and ordering appropriate relief. The Complainants request the Commission to act on the complaint on a fast track basis in accordance with the provisions of 18 CFR 385.206(h).

Comment date: March 8, 2001, in accordance with Standard Paragraph E at the end of this notice. Answers to the complaint shall also be filed on or before March 8, 2001.

2. Allegheny Energy Service Corporation, on behalf of Monongahela Power Company, The Potomac Edison Company, and West Penn Power Company (Allegheny Power)

[Docket No. ER01-1217-000]

Take notice that on February 12, 2001, Allegheny Energy Service Corporation on behalf of Monongahela Power

Company, The Potomac Edison Company, and West Penn Power Company (Allegheny Power), filed two Interconnection Agreements (Agreements) with Dominion Equipment, Inc. as Service Agreement Nos. 339 and 340 under Allegheny Power's Open Access Transmission Tariff.

The proposed effective dates under the Agreements are no later than October 17, 2001 for Service Agreement No. 339 and no later than March 1, 2002 for Service Agreement No. 340, or a date ordered by the Commission.

Copies of the filing have been provided to the Public Utilities Commission of Ohio, the Pennsylvania Public Utility Commission, the Maryland Public Service Commission, the Virginia State Corporation Commission, and the West Virginia Public Service Commission.

Comment date: March 5, 2001, in accordance with Standard Paragraph E at the end of this notice.

3. Western Systems Power Pool

[Docket No. ER91-195-042]

Take notice that on May 1, 2000, Western Systems Power Pool (WSPP), tendered for filing certain information as required by Ordering Paragraph (D) of the Commission's June 27, 1991 Order (55 FERC ¶ 61,495) and Ordering Paragraph (C) of the Commission's June 1, 1992 Order on Rehearing Denying Request Not to Submit Information, and Granting and Denying In Part Privileged Treatment. Pursuant to 18 CFR 385.211 (1999), WSPP has requested privileged treatment for some of the information filed consistent with the June 1, 1992 order.

Copies of WSPP's informational filing are on file with the Commission, and the non-privileged portions are available for public inspection.

Comment date: February 26, 2001, in accordance with Standard Paragraph E at the end of this notice.

4. Western Systems Power Pool

[Docket Nos. ER91-195-043; ER91-195-044; and ER91-195-045]

Take notice that on January 30, 2001, the Western Systems Power Pool (WSPP), tendered for filing certain information as required by Ordering Paragraph (D) of the Commission's June 27, 1991 Order (55 FERC ¶ 61,495) and Ordering Paragraph (C) of the Commission's and Granting In Part and Denying in Part Privileged Treatment. Pursuant to 18 CFR 385.211(1999), WSPP has requested privileged treatment for some of the information filed consistent with the June 1, 1992 order.

Copies of the WSPP's informational filing are on file with the Commission, and the non-privileged portions are available for public inspection.

Comment date: February 26, 2001, in accordance with Standard Paragraph E at the end of this notice.

5. MidAmerican Energy Company

[Docket No. ES01-20-000]

Take notice that on February 8, 2001, MidAmerican Energy Company submitted an application pursuant to section 204 of the Federal Power Act seeking authorization to issue promissory notes and other evidences of short-term indebtedness, from time to time, in an aggregate principal amount of up to \$500 million outstanding at any one time, on or before April 15, 2003.

Comment date: March 9, 2001, in accordance with Standard Paragraph E at the end of this notice.

6. Arizona Public Service Company

[Docket No. ER01-463-002]

Take notice that on February 13, 2001, Arizona Public Service Company (APS), tendered for filing its Compliance to FERC Order ER01-463-000.

A copy of this filing has been served on all parties on the official service list.

Comment date: March 6, 2001, in accordance with Standard Paragraph E at the end of this notice.

7. ISO New England, Inc.

[Docket No. ER00-395-005]

Take notice January 30, 2001, ISO New England, Inc., (ISO), tendered for filing Index of Customers for 4th Quarter of 2000.

Comment date: February 26, 2001, in accordance with Standard Paragraph E at the end of this notice.

8. Carolina Power & Light Company

[Docket No. ER01-893-001]

Take notice that on February 13, 2001, Carolina Power & Light Company (CP&L), tendered for filing an amendment to the filing in this Docket as Ordered by The Commission.

Copies of the filing were served upon the North Carolina Utilities Commission and the South Carolina Public Service Commission.

Comment date: March 6, 2001, in accordance with Standard Paragraph E at the end of this notice.

9. Illinois Power Company

[Docket No. ER01-1224-000]

Take notice that on February 13, 2001, Illinois Power Company (Illinois Power), 500 South 27th Street, Decatur, Illinois 65251-2200, tendered for filing with the Commission a Service
