[OEI-100008; FRL-6723-1]

Workshop Schedules for EPCRA/TRI Training: Spring 2001

AGENCY: Environmental Protection Agency (EPA). **ACTION:** Notice.

SUMMARY: EPA will conduct EPCRA/TRI Training workshops across the country during the spring of 2001. These workshops are intended to assist persons preparing their annual reports on release and other waste management activities as required under sections 313 of the Emergency Planning and Community Right-To-Know Act of 1986 (EPCRA) and section 6607 of the Pollution Prevention Act of 1990 (PPA). These reports must be submitted to EPA and designated state officials on or before July 1, 2001.

FOR FURTHER INFORMATION CONTACT:

Priscilla Evans, Workshop Coordinator (202) 260–9124, evans.priscilla@epa.gov for specific information on this notice. Information concerning the EPCRA/TRI Training workshops is also available on EPA's web site at http://www.epa.gov/ tri.

SUPPLEMENTARY INFORMATION:

I. General Information

A. Does this Notice Apply to Me?

You may find this notice applicable if you manufacture, process, or otherwise use any EPCRA section 313 listed toxic chemical. Potentially applicable categories and entities may include, but are not limited to:

Category	Examples of regulated entities	
Industry	Metal mining, Coal mining, Manufacturing, Electricity generating facilities, Hazardous waster treatment/TSDF, Chemicals and allied products-wholesale, Petroleum bulk plants and ter- minals, and Solvent recovery services.	
Federal Government	Federal facilities.	

This table is not intended to be exhaustive, but rather provides a guide for readers regarding entities likely to find this notice of training course offerings applicable. Other types of entities not listed in the table may also find this notice applicable. To determine whether your facility could find this notice applicable, you should carefully examine the applicability criteria in part 372 subpart B of Title 40 of the Code of Federal Regulations. If you have questions regarding the applicability of this action to a particular entity, consult the person listed in the preceding "FOR FURTHER INFORMATION CONTACT" section. You may be able to take advantage of the training courses if:

your facility is a facility covered under section 313 of the Emergency Planning and Community Right-To-Know Act (EPCRA);

your facility is a federal facility that manufactures, processes, or otherwise uses section 313 listed toxic chemicals;

you prepare annual release and other waste management activity reports (i.e., Form R or Form A);

you are a consultant who assists in the preparation of these reports; or you would like information on recent

changes to EPCRA/TRI regulations

The EPA conducts annual training courses to assist you with your reporting requirements under section 313 of the Emergency Planning and Community Right-to-Know Act of 1986 (EPCRA) and section 6607 of the Pollution Prevention Act of 1990 (PPA) or Executive Order 13148 (for federal facilities). You must submit your annual release and other waste management activity reports (i.e., Form R or Form A) if your facility meets the descriptions for the following Standard Industrial Classification (SIC) codes and qualifiers, and meets other criteria specified in part 372 of Title 40 of the Code of Federal Regulations:

Metal Mining (SIC Code 10, except 1011, 1081, and 1094);

Coal Mining (SIC Code 12, except 1241); Manufacturing (SIC Codes 20-39)

Electricity Generating Facilities (SIC Codes 4911, 4931, and 4939—limited to facilities that combust coal and/or oil for the purpose of generating electricity for distribution in commerce);

Hazardous Waste Treatment/TSDF (SIC Code 4953—limited to facilities regulated under RCRA subtitle C, 42 U.S.C. section 6921 *et seq.*);

Chemicals and Allied Products (SIC Code 5169);

Petroleum Bulk Plants and Terminals (SIC Code 5171);

Solvent Recovery (SIC Code 7389—limited to facilities primarily engaged in solvents recovery services on a contract or fee basis); and

Federal Facilities (by Executive Order 13148).

B. What is Presented at these Training Courses?

The training courses present reporting requirements of EPCRA section 313 and PPA section 6607. A variety of handson exercises using the reporting forms (i.e., Form R or Form A) along with supporting materials will be used to help you understand any reporting obligations you might have under EPCRA section 313. The training courses are scheduled in the spring so that you can prepare and submit your report(s) for the Reporting Year 2000, forms due on or before July 1, 2001.

C. How Much Time is Required for the Training?

The full training course runs two days and a schedule for the 2-day workshops is provided below (see Table 1). The course is divided into three modules. The first module encompasses the first day and is devoted to a general discussion of EPCRA section 313 and PPA section 6607 reporting requirements with exercises used to reinforce key concepts. The second module is given in the morning of the second day, and is designed to provide detailed information about the persistent, bioaccumulative, and toxic (PBT) chemicals within the TRI program. The third and final module is

given in the afternoon of the second day, and this module is designed to provide an update to the TRI program and information about difficult policy topics. Interested persons may register for both days (persons with little or no background in EPCRA section 313 and PPA section 6607 reporting requirements) or just the second day (persons experienced in preparing either Form R or Form A). In addition, EPA is conducting abbreviated training courses. These courses are one day in duration and, in some cases, are focused for a particular industry sector(s) (see Table 2).

D. When are these Training Courses Offered and How Do I Register?

The schedules for training courses are provided in the tables below. You should note, however, that changes to the schedules may occur without further notice so it is important to check your registration materials and confirmation notice (see below). Also, you may access current training course schedule information via the TRI Home Page (http://www.epa.gov/tri) or via the TRI training course Home Page (http:// www.epcra-tri.com).

You should direct your requests for training course registration materials, including schedules of dates and locations, to the designated contacts in Table 3 (if registration contact is other than SAIC).

To register for any of the EPA training courses supported by SAIC, you can direct your requests to SAIC (www.epcra-tri.com). If you do not have access to the internet, you may fax your request to: (703) 318-4644.

To register, you must provide all of the following information to the registration contact indicated: your name, your company's name and SIC code, your postal address, your telephone number, your fax number, your email address, and your preferred training location(s). Requests should be directed to the indicated registration contact.

You will receive an acknowledgment of application receipt via fax or email. If your application is accepted, a confirmation notice will be sent to you that will contain important information regarding date, location, directions, etc. If the training course you applied for is filled or canceled, alternate training courses will be suggested. Since space is limited, you are encouraged to submit your registration application as early as possible but not less than one week before your preferred training course.

E. How Much Will the Training Course Cost?

There is no registration fee for the 2-Day EPCRA/TRI Training courses; however, there may be a registration fee for some of the 1-day EPCRA/TRI workshops (check with the registration contact for fees and further information). You may access information regarding registration fees via the TRI Home Page (http:// www.epa.gov/tri) or by contacting the respective Registration Contact listed above (see Table 3). If there is insufficient interest at any of the training course locations, those courses may be canceled. The Agency bears no responsibility for your decision to purchase non-refundable transportation tickets or accommodation reservations.

List of Subjects

Environmental protection, Community right-to-know, Reporting and recordkeeping requirements, Toxics Release Inventory.

Dated: February 20, 2001.

Elaine G. Stanley,

Director, Office of Information Analysis and Access.

ENVIRONMENTAL PROTECTION AGENCY

[OPPTS-51964; FRL-6771-3]

Certain New Chemicals; Receipt and Status Information

AGENCY: Environmental Protection Agency (EPA). **ACTION:** Notice.

SUMMARY: Section 5 of the Toxic Substances Control Act (TSCA) requires any person who intends to manufacture (defined by statute to include import) a new chemical (i.e., a chemical not on the TSCA Inventory) to notify EPA and comply with the statutory provisions pertaining to the manufacture of new chemicals. Under sections 5(d)(2) and 5(d)(3) of TSCA, EPA is required to publish a notice of receipt of a premanufacture notice (PMN) or an application for a test marketing exemption (TME), and to publish periodic status reports on the chemicals under review and the receipt of notices of commencement to manufacture those chemicals. This status report, which covers the period from January 10, 2001 to January 26, 2001, consists of the PMNs and TMEs, both pending or expired, and the notices of commencement to manufacture a new

chemical that the Agency has received under TSCA section 5 during this time period. The "S" and "G" that precede the chemical names denote whether the chemical idenity is specific or generic.

ADDRESSES: Comments may be submitted by mail, electronically, or in person. Please follow the detailed instructions for each method as provided in Unit I. of the

SUPPLEMENTARY INFORMATION. To ensure proper receipt by EPA, it is imperative that you identify docket control number OPPTS–51964 and the specific PMN number in the subject line on the first page of your response.

FOR FURTHER INFORMATION CONTACT: Barbara Cunningham, Director, Office of Program Management and Evaluation, Office of Pollution Prevention and Toxics (7401), Environmental Protection Agency, 1200 Pennsylvania Ave., NW., Washington, DC 20460; telephone number: (202) 554–1404; e-mail address: TSCA-Hotline@epa.gov.

SUPPLEMENTARY INFORMATION:

I. General Information

A. Does this Action Apply to Me?

This action is directed to the public in general. As such, the Agency has not attempted to describe the specific entities that this action may apply to. Although others may be affected, this action applies directly to the submitter of the premanufacture notices addressed in the action. If you have any questions regarding the applicability of this action to a particular entity, consult the person listed under FOR FURTHER INFORMATION CONTACT.

B. How Can I Get Additional Information, Including Copies of this Document and Other Related Documents?

1. *Electronically*. You may obtain copies of this document and certain other available documents from the EPA Internet Home Page at http:// www.epa.gov/. On the Home Page select "Laws and Regulations," "Regulations and Proposed Rules," and then look up the entry for this document under the "**Federal Register**—Environmental Documents." You can also go directly to the **Federal Register** listings at http:// www.epa.gov/fedrgstr/.

2. *In person*. The Agency has established an official record for this action under docket control number OPPTS–51964. The official record consists of the documents specifically referenced in this action, any public comments received during an applicable comment period, any test data submitted by the manufacturer/importer and other information related to this

action, including any information claimed as confidential business information (CBI). This official record includes the documents that are physically located in the docket, as well as the documents that are referenced in those documents. The public version of the official record does not include any information claimed as CBI. The public version of the official record, which includes printed, paper versions of any electronic comments submitted during an applicable comment period, is available for inspection in the TSCA Nonconfidential Information Center, North East Mall Rm. B-607, Waterside Mall, 401 M St., SW., Washington, DC. The Center is open from noon to 4 p.m., Monday through Friday, excluding legal holidays. The telephone number of the Center is (202) 260-7099.

C. How and to Whom Do I Submit Comments?

You may submit comments through the mail, in person, or electronically. To ensure proper receipt by EPA, it is imperative that you identify docket control number OPPTS–51964 and the specific PMN number in the subject line on the first page of your response.

1. *By mail*. Submit your comments to: Document Control Office (7407), Office of Pollution Prevention and Toxics (OPPT), Environmental Protection Agency, 1200 Pennsylvania Ave., NW., Washington, DC 20460.

2. In person or by courier. Deliver your comments to: OPPT Document Control Office (DCO) in East Tower Rm. G-099, Waterside Mall, 401 M St., SW., Washington, DC. The DCO is open from 8 a.m. to 4 p.m., Monday through Friday, excluding legal holidays. The telephone number for the DCO is (202) 260-7093.

3. Electronically. You may submit your comments electronically by e-mail to: ''oppt.ncic@epa.gov,'' or mail your computer disk to the address identified in this unit. Do not submit any information electronically that you consider to be CBI. Electronic comments must be submitted as an ASCII file avoiding the use of special characters and any form of encryption. Comments and data will also be accepted on standard disks in WordPerfect 6.1/8.0 or ASCII file format. All comments in electronic form must be identified by docket control number OPPTS-51964 and the specific PMN number. Electronic comments may also be filed online at many Federal Depository Libraries.
