

established for the most recent period for the manufacturer of the merchandise; and (4) the cash deposit rate for all other manufacturers or exporters will continue to be 14.44 percent (for certain cold-rolled carbon steel flat products) or 17.70 percent (for certain corrosion-resistant carbon steel flat products). These rates are the "all others" rates from the LTFV investigations. See *Antidumping Duty Orders on Certain Cold-Rolled Carbon Steel Flat Products and Certain Corrosion-Resistant Carbon Steel Flat Products from Korea*, 58 FR 44159 (August 19, 1993).

These deposit requirements shall remain in effect until publication of the final results of the next administrative review.

This notice also serves as a final reminder to importers of their responsibility under 19 CFR 351.402(f)(2) to file a certificate regarding the reimbursement of antidumping duties prior to liquidation of the relevant entries during this review period. Failure to comply with this requirement could result in the Secretary's presumption that reimbursement of antidumping duties occurred and the subsequent assessment of doubled antidumping duties.

This notice also serves as the only reminder to parties subject to administrative protective orders ("APO") of their responsibility concerning the return or destruction of proprietary notification of the return/destruction of APO materials or conversion to judicial protective order is hereby requested. Failure to comply with the regulations and terms of an APO is a violation which is subject to sanction.

We are issuing and publishing this determination and notice in accordance with sections 751(a)(1) and 777(i) of the Act. Effective January 20, 2001, Bernard T. Carreau is fulfilling the duties of Assistant Secretary of Import Administration.

**AGENCY:** Import Administration, International Trade Administration, Department of Commerce.

**ACTION:** Notice of Postponement of Time Limits for Preliminary Results of New-Shipper Antidumping Duty Review.

**EFFECTIVE DATE:** March 14, 2001.

**FOR FURTHER INFORMATION CONTACT:** Hermes Pinilla or Richard Rimlinger, Import Administration, International Trade Administration, U.S. Department of Commerce, 14th Street and Constitution Avenue, NW., Washington, DC 20230; telephone: (202) 482-3477 and (202) 482-4477, respectively.

#### **The Applicable Statute**

Unless otherwise indicated, all citations to the Tariff Act of 1930, as amended (the Act) are to the provisions effective January 1, 1995, the effective date of the amendments made to the Act by the Uruguay Round Agreements Act. In addition, unless otherwise indicated, all citations to the Department of Commerce's regulations are to 19 CFR part 351 (2000).

#### **Background**

In a letter dated November 29, 2000, as amended on December 7, 2000, the Department of Commerce (the Department) received a request from Clipper Manufacturing Ltd. (Clipper) to conduct a new-shipper review of the antidumping duty order on fresh garlic from the People's Republic of China (PRC) pursuant to 19 CFR 351.214. On January 3, 2001 (66 FR 350), the Department initiated the new-shipper antidumping administrative review covering the period June 1, 2000, through November 30, 2000. The preliminary antidumping duty results in the new-shipper review were scheduled originally for June 24, 2001.

#### **Postponement of New-Shipper Review**

On February 9, 2001, the Department received a request from the petitioners, members of the Fresh Garlic Producers Association, to align the new-shipper review with the 1999/2000 administrative review of the antidumping duty order on fresh garlic from the PRC. In a letter dated February 15, 2001, Clipper Manufacturing Ltd., in accordance with 19 CFR 351.214(j)(3),

agreed to waive the applicable new-shipper time limits to its new-shipper review so that the Department could conduct the new-shipper review concurrently with the 1999/2000 administrative review of the order. Therefore, pursuant to the petitioners' request and the respondent's waiver, and in accordance with the regulations, we are conducting this review concurrently with the 1999/2000 administrative review of the order on fresh garlic from the PRC. As a result, the date of preliminary antidumping duty results in the new-shipper review will now be August 2, 2001, and the date of final antidumping duty results in the new-shipper review will be November 30, 2001.

This notice is published in accordance with section 751(a)(2)(B) of the Act and 19 CFR 351.214(j)(3).

Dated: March 6, 2001.

#### **Grain-Oriented Electrical Steel From Italy: Final Results of Antidumping Administrative Review**

**AGENCY:** Import Administration, International Trade Administration, Department of Commerce.

**ACTION:** Notice of final results of antidumping duty administrative review.

**SUMMARY:** On September 7, 2000, the Department of Commerce (the Department) published the preliminary results of the administrative review of the antidumping duty order on grain-oriented electrical steel from Italy. This review covers one manufacturer/exporter of the subject merchandise to the United States during the period of review (POR), August 1, 1998 through July 31, 1999. Based on our analysis of the comments received, we have made changes in the margin calculations. As a result, we have determined that no margin exists for Acciai Speciali Terni S.p.A. (AST).

**EFFECTIVE DATE:** March 14, 2001.

**FOR FURTHER INFORMATION CONTACT:** Helen Kramer or Steve Bezirganian, Import Administration, International Trade Administration, U.S. Department of Commerce, 14th Street and

Constitution Avenue, NW., Washington, DC 20230; telephone: (202) 482-0405 or (202) 482-1131, respectively.

#### **SUPPLEMENTARY INFORMATION:**

#### **The Applicable Statute and Regulations**

Unless otherwise indicated, all citations to the Tariff Act of 1930, as amended ("the Act") are to the provisions effective January 1, 1995, the effective date of the amendments made to the Act by the Uruguay Round Agreements Act. In addition, unless otherwise indicated, all citations to the Department's regulations are to 19 CFR part 351 (1999).

#### **Background**

On September 7, 2000, the Department of Commerce ("the Department") published the preliminary results of the administrative review of the antidumping duty order on grain-oriented electrical steel from Italy. See Grain-Oriented Electrical Steel From Italy: Notice of Preliminary Results of Antidumping Duty Administrative Review, 65 FR 54215 ("Preliminary Results"). The period of administrative review ("POR") is August 1, 1998, through July 31, 1999. This review covers one manufacturer/exporter of the subject merchandise to the United States. We invited parties to comment on our preliminary results. On November 15, 2000, we received case briefs from Acciai Speciali Terni S.p.A. and Acciai Speciali Terni USA, Inc. (collectively, "AST"), the sole respondent in this case, and from Allegheny Ludlum Corp., AK Steel, the Butler Armco Independent Union, the United Steelworkers of America, and the Zanesville Armco Independent Union (hereinafter the "petitioners"). Both parties filed rebuttal briefs on November 27, 2000. At AST's request, a public hearing was held on January 29, 2001. The Department issued to AST an additional supplemental questionnaire dealing with in-bond transaction issues on February 13, 2001. AST responded to this questionnaire on February 20, 2001, and petitioners commented on this AST response on February 22, 2001. AST and petitioners filed additional submissions pertaining to in-bond transactions on February 26, 2001 and February 27, 2001, respectively. The Department has conducted this review in accordance with section 751(a) of the Act.

#### **Scope of Review**

The product covered by this review is grain-oriented silicon electrical steel, which is a flat-rolled alloy steel product containing by weight at least 0.6 percent of silicon, not more than 0.08 percent of carbon, not more than 1.0 percent of

aluminum, and no other element in an amount that would give the steel the characteristics of another alloy steel, of a thickness of no more than 0.560 millimeters, in coils of any width, or in straight lengths which are of a width measuring at least 10 times the thickness, as currently classifiable in the Harmonized Tariff Schedule of the United States (HTS) under item numbers 7225.30.7000, 7225.40.7000, 7225.50.8085, 7225.99.0090, 7226.11.1000, 7226.11.9030, 7226.11.9060, 7226.91.7000, 7226.91.8000, 7226.92.5000, 7226.92.7050, 7226.92.8050, 7226.99.0000, 7228.30.8050, and 7229.90.1000. Although the HTS subheadings are provided for convenience and customs purposes, our written descriptions of the scope of these proceedings are dispositive.

#### **Analysis of Comments Received**

All issues raised in the case and rebuttal briefs by parties to this administrative review are addressed in the "Issues and Decision Memorandum" ("Decision Memorandum") from Joseph A. Spetrini, Deputy Assistant Secretary for Import Administration, Enforcement Group III, to Bernard T. Carreau, fulfilling the duties of Assistant Secretary for Import Administration, dated March 6, 2001, which is hereby adopted by this notice. A list of the issues which parties have raised and to which we have responded, all of which are in the Decision Memorandum, is attached to this notice as an Appendix. Parties can find a complete discussion of all issues raised in this review and the corresponding recommendations in this public memorandum, which is on file in room B-099 of the Department of Commerce building. In addition, a complete version of the Decision Memorandum can be accessed directly on the Internet at <http://ia.ita.doc.gov>. The paper copy and electronic version of the Decision Memorandum are identical in content.

#### **Change in the Preliminary Results**

Based on our analysis of comments received, we have made certain changes in the margin calculations. These changes are discussed in the relevant section of the Decision Memorandum.

#### **Final Results of Review**

We determine that a margin of zero percent exists for sales of subject merchandise by AST for the period August 1, 1998 through July 31, 1999. The Department shall instruct the U.S. Customs Service to liquidate all appropriate entries without regard to antidumping duties. The Department

will also instruct Customs to release any cash deposits or bonds posted. If applicable, the Department will further instruct Customs to refund with interest any cash deposits on entries made from August 1, 1998 through July 31, 1999.

#### **Cash Deposit Requirements**

The following deposit requirements will be effective upon publication of this notice of final results of administrative review for all shipments of grain-oriented electrical steel from Italy, entered, or withdrawn from warehouse, for consumption on or after the publication date, as provided by section 751(a) of the Act: (1) for AST, the Department shall require no deposit of estimated antidumping duties; (2) if the exporter is not a firm covered in this review, a prior review, or the original less-than-fair-value (LTFV) investigation, but the manufacturer is, the cash deposit rate will be the rate established for the most recent period for the manufacturer of the merchandise; and (3) the cash deposit rate for all other manufacturers or exporters will continue to be 60.79 percent, the "all others" rate made effective by the LTFV investigation. These deposit requirements, when imposed, shall remain in effect until publication of the final results of the next administrative review. The Department will issue appraisal instructions directly to the Customs Service.

#### **Notification of Interested Parties**

This notice also serves as a final reminder to importers of their responsibility under section 351.402(f)(2) of the Department's regulations to file a certificate regarding the reimbursement of antidumping duties prior to liquidation of the relevant entries during this review period. Failure to comply with this requirement could result in the Secretary's presumption that reimbursement of antidumping duties occurred and the subsequent assessment of double antidumping duties.

This notice also serves as a reminder to parties subject to administrative protective order (APO) of their responsibility concerning the disposition of proprietary information disclosed under APO in accordance with 19 CFR 351.305. Timely notification of return/destruction of APO materials or conversion to judicial protective order is hereby requested. Failure to comply with the regulations and terms of an APO is a sanctionable violation.

We are issuing and publishing this administrative review and notice in

accordance with sections 751(a)(1) and 777(i) of the Act.

Dated: March 6, 2001.

#### Continuation of Antidumping Duty Orders and Countervailing Duty Order: Grain-Oriented Silicon Electrical Steel From Italy and Japan

**AGENCY:** Import Administration, International Trade Administration, Department of Commerce.

**ACTION:** Notice of continuation of antidumping duty orders and countervailing duty order: grain-oriented silicon electrical steel from Italy and Japan.

**SUMMARY:** On July 5, 2000, and November 1, 2000, the Department of Commerce ("the Department"), pursuant to sections 751(c) and 752 of the Tariff Act of 1930, as amended ("the Act"), determined that revocation of the antidumping duty orders on grain-oriented silicon electrical steel ("GOES") from Italy and Japan (65 FR 41433) and the countervailing duty order on GOES from Italy (65 FR 65295) would be likely to lead to continuation or recurrence of dumping, or countervailable subsidy, as applicable.

On March 1, 2001, the International Trade Commission ("the Commission"), pursuant to section 751(c) of the Act, determined that revocation of the antidumping duty orders and the countervailing duty order on GOES from Italy and Japan would be likely to lead to continuation or recurrence of material injury to an industry in the United States within a reasonably foreseeable time (66 FR 12958 (March 1, 2001)). Therefore, pursuant to 19 CFR 351.218(f)(4), the Department is publishing this notice of continuation of the antidumping duty orders and the countervailing duty order on GOES from Italy and Japan.

**EFFECTIVE DATE:** March 14, 2001.

**FOR FURTHER INFORMATION CONTACT:** Martha V. Douthit or James P. Maeder, Office of Policy for Import Administration, International Trade Administration, U.S. Department of Commerce, 14 Street and Constitution Ave., NW, Washington, D.C. 20230; telephone: (202) 482-5050 or (202) 482-3330, respectively.

### SUPPLEMENTARY INFORMATION

#### Background

On December 1, 1999, the Department initiated (64 FR 67247), and the Commission instituted (64 FR 67318), sunset reviews of the antidumping duty orders and the countervailing duty order on GOES from Italy and Japan pursuant to section 751(c) of the Act. As a result of these reviews, the Department found that revocation of the antidumping duty orders would likely lead to continuation or recurrence of dumping and notified the Commission of the magnitude of the margins likely to prevail were the orders revoked.<sup>1</sup> In addition, the Department found that revocation of the countervailing duty order would likely lead to continuation of a countervailable subsidy and notified the Commission of the net subsidy likely to prevail, as well as the nature of the subsidy.<sup>2</sup>

On March 1, 2001, the Commission determined, pursuant to section 751(c) of the Act, that revocation of the antidumping duty orders and the countervailing duty order on GOES from Italy and Japan would likely lead to continuation or recurrence of material injury to an industry in the United States within a reasonably foreseeable time.<sup>3</sup>

#### Scope of the Orders

The scope of these orders includes GOES, which is a flat-rolled alloy steel product containing by weight at least 0.6 percent of silicon, not more than 0.08 percent of carbon, not more than 1.0 percent of aluminum, and no other element in an amount that would give the steel the characteristics of another alloy steel, of a thickness of no more than 0.56 millimeters, in coils of any width, or in straight lengths which are of a width measuring at least 10 times the thickness, as currently classifiable in

### Determination

As a result of the determinations by the Department and the Commission that revocation of the antidumping duty orders and the countervailing duty order would likely lead to continuation or recurrence of dumping or countervailable subsidies, and material injury to an industry in the United States, pursuant to section 751(d)(2) of the Act, the Department hereby orders the continuation of the antidumping duty orders and the countervailing duty order on GOES from Italy and Japan. The effective date of continuation of this order will be the date of publication in the **Federal Register** of this Notice of Continuation. Pursuant to section 751(c)(2) and 751(c)(6)(A) of the Act, the Department intends to initiate the next five-year review of this order not later than February 2006.

Effective January 20, 2001, Bernard T. Carreau is fulfilling the duties of the Assistant Secretary for Import Administration.

Dated: March 8, 2001.

#### Gray Portland Cement and Clinker From Mexico; Final Results of Antidumping Duty Administrative Review

**AGENCY:** Import Administration, International Trade Administration, Department of Commerce.

**ACTION:** Notice of final results of antidumping duty administrative review.

**SUMMARY:** On September 7, 2000, the Department of Commerce published the preliminary results of its administrative review of the antidumping duty order on gray portland cement and clinker from Mexico. On January 5, 2001, and January 31, 2001, the Department of Commerce published notices of extension of the due date for the final
