[Public Notice No. 3612]

Bureau of Political-Military Affairs; Third-Country Exports through Indonesia

AGENCY: Department of State.

ACTION: Notice.

SUMMARY: Notice is hereby given that requests for export and retransfer of defense articles and defense services to Indonesia for ultimate end-use by a third-country, pursuant to Section 38 of the Arms Export Control Act, will be considered on a case-by-case basis.

EFFECTIVE DATE: November 28, 2000.

FOR FURTHER INFORMATION CONTACT: Mal Zerden, Senior Analyst, Office of Defense Trade Controls, Bureau of Political-Military Affairs, Department of State, 202-663-2714.

SUPPLEMENTARY INFORMATION: On October 14, 1999, a **Federal Register** Notice was published (Volume 64, Number 198) that suspended all licenses and approvals to export or otherwise transfer defense articles and defense services to Indonesia, except for certain exports related to commercial communication satellites and Y2K compliance activities that are not for the Indonesian military. The October 14, 1999 **Federal Register** notice set forth a policy of denial for new export requests except those that met the exception.

A **Federal Register** notice was published on January 25, 2001 that permitted review, on a case-by-case basis, of requests for the export of C-130 spare parts to Indonesia, including for the Government of Indonesia.

This Notice expands the exception of those defense articles/defense services eligible for export consideration to, on a case by case basis, those defense articles/defense services exported to Indonesia for ultimate end-use by a third-country.

Dated: March 16, 2001.

Gregory Suchan,

Acting Assistant Secretary, Bureau of Political-Military Affairs, U.S. Department of State.

Federal Aviation Administration

Receipt of Noise Compatibility Program and Request for Review for the Phoenix Sky Harbor International Airport, Phoenix, AZ

AGENCY: Federal Aviation Administration (FAA), DOT.

ACTION: Notice.

SUMMARY: The FAA announces that it is reviewing a proposed Noise Compatibility Program submitted by the city of Phoenix for the Phoenix Sky Harbor International Airport, Phoenix, Arizona under the provisions of Title I of the Aviation Safety and Noise Abatement Act of 1979 (Public Law 96-193) (hereinafter referred to as "the Act") and Title 14, Code of Federal Regulations (CFR), part 150. This program was submitted subsequent to a determination by the FAA that associated Noise Exposure Maps submitted under Title 14, CFR, part 150 were in compliance with applicable requirements effective October 10, 2000. The proposed Noise Compatibility Program will be approved or disapproved on or before September 7, 2001.

EFFECTIVE DATE: The effective date of the start of the FAA's review of the Noise Compatibility Program is March 12, 2001. The public comment period ends on May 10, 2001.

FOR FURTHER INFORMATION CONTACT: Brian Armstrong, Airport Planner, Airports Division, AWP-611.1, Federal Aviation Administration, Western-Pacific Region. Mailing Address: P.O. Box 92007, Los Angeles, CA 90009-2007; Street Address: 15000 Aviation Boulevard, Hawthorne, CA 90261; Telephone Number (310) 725-3614. Comments on the proposed Noise Compatibility Program should also be submitted to the above office.

SUPPLEMENTARY INFORMATION: This notice announces that the FAA is reviewing a proposed Noise Compatibility Program for the Phoenix Sky Harbor International Airport which will be approved or disapproved on or before September 7, 2001. This notice also announces the availability of this program for public review and comment.

An airport operator who has submitted Noise Exposure Maps that are found by the FAA to be in compliance with the requirements of Title 14, CFR, part 150, promulgated pursuant to Title I of the Act, may submit a Noise Compatibility Program for FAA approval which sets forth the measures

the operator has taken or proposes for the reduction of existing noncompatible uses and for the prevention of the introduction of additional noncompatible uses.

The FAA has formally received the Noise Compatibility Program for the Phoenix Sky Harbor International Airport, effective on March 12, 2001. It is requested that the FAA review this material and that the noise mitigation measures, to be implemented jointly by the airport and surrounding communities, be approved as a Noise Compatibility Program under Section 104(b) of the Act. Preliminary review of the submitted material indicates that it conforms to the requirements for the submittal of Noise Compatibility Programs, but that further review will be necessary prior to approval or disapproval of the program. The formal review period, limited by law to a maximum of 180 days, will be completed on or before September 7, 2001.

The FAA's detailed evaluation will be conducted under the provisions of Title 14, CFR, part 150, section 150.33. The primary considerations in the evaluation process are whether the proposed measures reduce the level of aviation safety, create an undue burden on interstate or foreign commerce, or are reasonably consistent with obtaining the goal of reducing existing noncompatible land uses and preventing the introduction of additional noncompatible land uses.

Interested persons are invited to comment on the proposed program with specific reference to these factors. All comments, other than those properly addressed to local land use authorities, will be considered by the FAA to the extent practicable. Copies of the Noise Exposure Maps, the FAA's evaluation of the maps, and the proposed Noise Compatibility Program are available for examination at the following locations:
