ACTION: Notice and request for comments.

SUMMARY: Under the Paperwork Reduction Act of 1995 and 5 CFR Part 1320, Reporting and Record Keeping Requirements, the National Park Service (NPS) invites public comments on a proposed collection of information. The NPS specifically request comments on: (1) The need for the information being collected, including whether the information has practical utility; (2) the validity and accuracy of the reporting burden estimate; (3) ways to enhance the quality, utility, and clarity of the information to be collected; and (4) ways to minimize the burden of the information on respondents, including the use of automated collection techniques or other forms of information technology.

The NPS has now submitted a proposed collection of information package to OMB with a request that OMB approve the package and reinstate the OMB

control number for this information collection. You may obtain copies of the submission to OMB from the source listed below (see the "send comments to" section). You may obtain copies of the application from the source listed below (see the "send comments to" section).
