

and 12:30 p.m., and 4:30 p.m. and 5 p.m., before the meeting officially begins. Starting with the advance registrants, we will call speakers in the order in which they registered.

The meeting will begin at 5 p.m. and is scheduled to end at 8:30 p.m. We may end the meeting early if all the registered speakers have had a chance to speak and if no one else wants to speak. We may also extend the meeting or limit the time allowed for each speaker, if necessary, so all interested persons have an opportunity to participate.

An APHIS representative will preside at the meeting. The meeting will be recorded. We encourage speakers to present written statements, though it is not required. If you choose to present a written statement, please provide the chairperson with a copy. The complete record, including the transcript and all written comments, will be available to the public.

This meeting is the third in our series of public meetings. The first public meeting was held on January 25, 2001, in Lake Buena Vista, FL. The second public meeting was held on February 16, 2001, in Hebron, KY. We plan to hold additional meetings in Idaho (June 2001, in conjunction with the Idaho Aquaculture Association Annual Meeting), Washington (September 2001, in conjunction with the Pacific Coast Shellfish Growers Association Annual Conference), Pennsylvania (October 2001, in conjunction with the Pennsylvania Aquaculture Advisory Committee and Pennsylvania Aquaculture Association Annual Meeting), Mississippi (October 2001, in conjunction with a meeting of the Catfish Farmers of America), and Arkansas (October 2001, in conjunction with a meeting of the Catfish Farmers of Arkansas). We will publish a notice or notices in the **Federal Register** announcing the dates, times, and locations of the meetings.

Done in Washington, DC, this 19th day of March 2001.

Bobby R. Acord,

Acting Administrator, Animal and Plant Health Inspection Service.

[Docket No. 00-113-2]

Public Meeting; Veterinary Biologics

AGENCY: Animal and Plant Health Inspection Service, USDA.

ACTION: Notice of public meeting.

SUMMARY: This is the second notice to producers of veterinary biological products, product users, and other interested persons that we are holding our tenth public meeting to discuss regulatory and policy issues related to the manufacture, distribution, and use of veterinary biological products. This notice includes information on the agenda, as well as on the place, dates, and times of the meeting. It also indicates a contact person for obtaining registration forms, lodging information, and copies of the agenda.

DATES: The public meeting will be held on Tuesday and Wednesday, April 10 and 11, 2001, from 8 a.m. to approximately 5 p.m. each day.

ADDRESSES: The public meeting will be held in the Scheman Building at the Iowa State Center, Iowa State University, Ames, IA.

FOR FURTHER INFORMATION CONTACT: For information concerning registration and agenda topics, contact Ms. Kathy Clark, Center for Veterinary Biologics, Veterinary Services, APHIS, 510 South 17th Street, Suite 104, Ames, IA 50010-8197; phone (515) 232-5785; fax (515) 232-7120; or e-mail Kathryn.K.Clark@usda.gov.

SUPPLEMENTARY INFORMATION: The Animal and Plant Health Inspection Service (APHIS) has previously announced that it is scheduling the tenth public meeting on veterinary biologics in Ames, IA, on April 10 and 11, 2001 (see 65 FR 69729, Docket No. 00-113-1). In that notice, APHIS requested that interested persons submit suggestions for agenda topics. Based on the submissions received and on other considerations, the agenda for the tenth public meeting includes, but is not limited to, the following:

- International harmonization;
- Labeling;
- Animal care;
- Target animal safety;
- Duration of immunity/efficacy; and
- Updates on current topics of interest.

In addition to the above topics, we will also hold a breakout session to discuss rabies vaccine testing. During the "open discussion" portion of the meeting, attendees will have the opportunity to present their views on any matter concerning the APHIS veterinary biologics program. Comments may be either impromptu or prepared. Persons wishing to make a prepared statement should indicate their intention to do so at the time of registration by indicating the subject of their remarks and the approximate

amount of time they would like to speak. APHIS welcomes and encourages the presentation of comments at the meeting.

Registration forms, lodging information, and copies of the agenda for the tenth public meeting maybe obtained from the person listed under **FOR FURTHER INFORMATION CONTACT**. This information is also accessible on the world wide web at the following address: <http://www.aphis.usda.gov/vs/cvb>.

Done in Washington, DC, this 20th day of March 2001.

DEPARTMENT OF AGRICULTURE

Forest Service

Southwestern Region, Arizona, Coconino County, Coconino National Forests

AGENCY: Forest Service, USDA.

ACTION: Notice of intent to prepare an environmental impact statement.

SUMMARY: The coconino National Forest is planning to prepare an environmental impact statement on a proposal to manage livestock grazing use on the Windmill Range Allotment during the next 10 years.

DATES: Comments in response to this Notice of Intent concerning the scope of the analysis should be received in writing by on or before April 23, 2001.

ADDRESSES: Send written comments to USDA Forest Service, Coconino National Forest, Peaks Ranger Station, 5075 N Hwy 89, Flagstaff, AZ 86004. Electronic mail may be sent to mhannemann@fs.fed.us.

Responsible Official: The Forest Supervisor of the Coconino National Forest, Supervisor's Office 2323 Greenlaw Lane, Flagstaff, AZ 86004, will decide what actions are most appropriate for managing the Windmill Allotment.

FOR FURTHER INFORMATION CONTACT: Mike Hannemann, Interdisciplinary Team Leader, Peaks Ranger District, (520) 526-0866.

SUPPLEMENTARY INFORMATION: This proposal has a Forest Service permit of up to 1,097 cattle year-round on the 248,792 acres Windmill Allotment. This is the same number of cattle as currently permitted. An additional Arizona State Land Department permit of 160 head in

the summer and 155 head in the winter is also included. To meet objectives, approximately \$71,450 will be spent on structural improvements. The Forest Service will spend approximately \$31,565 primarily for materials and the permittee will spend approximately \$39,885 primarily for construction of the improvements. These improvements are designed to reduce cattle impacts in large pastures by improving cattle distribution, reducing graze periods and increasing rest periods. A reduction in pasture size will also improve overall management by reducing time needed to gather cattle from these large and rough pastures. Annual Operating Plans will adjust cattle numbers and/or grazing rotations so cattle use is consistent with current productivity (as in drought conditions) and so plant, soil and watershed conditions can be maintained or improved while range structures are built over time.

The Proposed Action was mailed to over 30 individuals, organizations and cooperating resource agencies for review and comment on July 5, 2000. From comments received, the Team will develop statements to capture the substantive issues and developed alternatives other than the proposed action. If you would like a copy of the proposed action please contact our office. Your comments will be included in our environmental analysis.

It is anticipated that environmental analysis and preparation of the draft and final environmental impact statements will take about four months. The Draft Environmental Impact Statement can be expected June of 2001 and the Final EIS in late summer. The comment period on the draft environmental impact statement extends 45 days from the date the Environmental Protection Agency publishes the notice of availability in the **Federal Register**.

The Forest Service believes, at this early stage, it is important to give reviewers notice of several court ruling related to public participation in the environmental review process. To be the most helpful, comments on the draft environmental impact statement should be as specific as possible and may address the adequacy of the statement or the merits of the alternatives discussed (see Council of Environmental Quality Regulations for implementing the procedural provisions of the National Environmental Policy Act at 40 CFR 1503.3).

In addition, Federal court decisions have established that reviewers of draft environmental impact statements must structure their participation in the environmental review of the proposal so that it is meaningful and alerts an

agency to the reviewers' position and contentions. *Vermont Yankee Nuclear Power Corp. v. NRDC* 435 US 519, 553 (1978). Environmental objections that could have been raised at the draft stage may be waived if not raised until after completion of the final environmental impact statement. *City of Angoon v. Hodel 9th Circuit, 1986* and *Wisconsin Heritages, Inc. v. Harris*, 490 F. Supp. 1334, 1338 (E.D. Wis. 1980). The reason for this is to ensure that substantive comments and objections are made available to the Forest Service at a time when it can meaningfully consider them in the final environmental impact statement.

To assist the Forest Service in identifying and considering issues and concerns on the proposed action, comments on the draft environmental impact statement should be as specific as possible. It is also helpful if comments refer to specific pages or chapters of the draft statement. Comments may also address the adequacy of the draft environmental impact statement or the merits of the alternatives formulated and discussed in the statement. Reviewers may wish to refer to the Council of Environmental Quality Regulations for implementing the procedural provisions of the National Environmental Policy Act at 40 CFR 1503.3 in addressing these points.

Dated: March 12, 2001.

Jim Golden,

Forest Supervisor.

Opal Creek Scenic Recreation Area (SRA) Advisory Council; Notice of Meeting.

AGENCY: Forest Service, USDA.

SUMMARY: An Opal Creek Scenic Recreation Area Advisory Council meeting will convene in Stayton, Oregon on Monday, April 16, 2001. The meeting is scheduled to begin at 6:00 p.m., and will conclude at approximately 8:30 p.m. The meeting will be held in the South Room of the Stayton Community Center located on 400 West Virginia Street in Stayton, Oregon.

The Opal Creek Wilderness and Opal Creek Scenic Recreation Area Act of 1996 (Opal Creek Act) (P.L. 104-208) directed the Secretary of Agriculture to establish the Opal Creek Scenic Recreation Area Advisory Council. The Advisory Council is comprised of

thirteen members representing state, county and city governments, and representatives of various organizations, which include mining industry, environmental organizations, inholders in Opal Creek Scenic Recreation Area, economic development, Indian tribes, adjacent landowners and recreation interests. The council provides advice to the Secretary of Agriculture on preparation of a comprehensive Opal Creek Management Plan for the SRA, and consults on a periodic and regular basis on the management of the area. The tentative agenda will focus on describing the desired future condition of the SRA.

The public comment period is tentatively scheduled to begin at 8:00 p.m. Time allotted for individual presentations will be limited to 3 minutes. Written comments are encouraged, particularly if the material cannot be presented within the time limits of the comment period. Written comments may be submitted prior to the April 16 meeting by sending them to Designated Federal Official Stephanie Phillips at the address given below.

FOR FURTHER INFORMATION CONTACT: For more information regarding this meeting, contact Designated Federal Official Stephanie Phillips; Willamette National Forest, Detroit Ranger District, HC 73 Box 320, Mill City, OR 97360; (503) 854-3366.

Dated: March 15, 2001.
