Submission for OMB Review; Comment Request

Title: Tribal TANF (Temporary Assistance to Needy Families) Experience: Problems, Solutions, and Lessons Learned.
OMB Number: New collection.

Description: The proposed research has four objectives: (1) To develop national-level research-based information on tribal TANF that is responsive to the needs of the tribal governments in making decisions on initiating their own TANF programs, as well as the needs of policymakers at federal, state, and local levels; (2) to develop objective performance measures for tribal TANF programs; (3) to develop a decision-support system to help tribal officials assess the advantages, disadvantages, risks and opportunities associated with operating a TANF program; and (4) to develop a tribal TANF Handbook that incorporates the experiences, best practices, and lessons learned.
 Support Services International, Incorporated (SSI), an Indian-owned consulting firm, shall develop the data

collection instruments and conduct the study. Data will be collected through (1) telephone surveys with staff at all current tribal TANF programs (a total of 27), a sample of 10 non-TANF tribes, and relevant officials in 20 states; (2) in-depth interviews with program staff on site visits to 9 tribes (7 TANF tribes and 2 non-TANF tribes); and (3) focus groups of 6-9 TANF recipients at each of the 7 tribal TANF sites visited. Four respondents at each site will be included in the telephone survey, and four in each in-dept on-site interview. The non-TANF tribes included in the research samples are from a group of tribes that have considered the option of developing and operating their own tribal-specific TANF programs; but have declined to do so.
Respondents: Individuals.
