Extension of Time Limits for Final Results

The Department of Commerce (the Department) has received requests to conduct administrative reviews of the antidumping duty orders on antifriction bearings (other than tapered roller bearings) and parts thereof (AFBs) from France, Germany, Italy, Japan, Sweden, and the United Kingdom. On July 7, 2000, the Department initiated these administrative reviews covering the period May 1, 1999, through December 31, 1999, for certain orders and May 1, 1999, through April 30, 2000, for other orders.

Because of the complexity of certain issues which have arisen and the large number of respondents under review, it is not practicable to complete these reviews within the time limits mandated by section 751(a)(3)(A) of the Tariff Act of 1930, as amended (the Act). Therefore, in accordance with that section, the Department is extending the time limit for the final results of these

administrative reviews until July 5, 2001. This extension of the time limit is in accordance with section 751(a)(3)(A) of the Act.

Dated: June 5, 2001.

Richard W. Moreland,

Deputy Assistant Secretary for Import Administration.

Notice of Preliminary Results of Antidumping Duty Administrative Review: Stainless Steel Wire Rod from Taiwan

AGENCY: Import Administration, International Trade Administration, U.S. Department of Commerce.

SUMMARY: In response to a request by a producer/exporter of the subject merchandise, the Department of Commerce (the Department) is conducting an administrative review of the antidumping duty order on stainless steel wire rod (SSWR) from Taiwan. This review covers one producer/exporter of the subject merchandise. The period of review (POR) is September 1, 1999, through August 31, 2000.

We preliminarily determine that sales have been made below normal value (NV). If these preliminary results are adopted in our final results, we will instruct the U.S. Customs Service to assess antidumping duties based on the difference between the export price (EP) and the NV.

Interested parties are invited to comment on the preliminary results. Parties who submit arguments are requested to submit with each argument: (1) A statement of the issue and (2) a brief summary of the argument. Further, we would appreciate parties submitting written comments to provide the Department with an additional copy of the public version of any such comments on diskette.

EFFECTIVE DATE: June 12, 2001.

We issued supplemental questionnaires to Walsin in January, March, April and May 2001, and received responses from Walsin in February, March, April and May 2001. In its March 30, 2001 supplemental questionnaire response, Walsin requested that it not be required to report an insignificant amount of sales made in Taiwan by its Shape, Pipe and Special Products Business Unit during the POR. On April 17, 2001, we granted this request.
