Title: Direct Rollovers and 20-Percent Withholding Upon Eligible Rollover Distributions From Qualified Plans.

OMB Number: 1545-1341.

Regulation Project Number: EE-43-92.

Abstract: This regulation implements the provisions of the Unemployment Compensation Amendments of 1992 (Pub. L. 102-318), which impose mandatory 20 percent income tax withholding upon the taxable portion of certain distributions from a qualified pension plan or a tax-sheltered annuity that can be rolled over tax-free to another eligible retirement plan unless such amounts are transferred directly to such other plan in a "direct rollover" transaction. These provisions also require qualified pension plans and tax-sheltered annuities to offer their participants the option to elect to make "direct rollovers" of their distributions and to provide distributees with a written explanation of the tax laws regarding their distributions and their option to elect such a rollover.

Current Actions: There is no change to this existing regulation.

Type of Review: Extension of a currently approved collection.

Affected Public: Individuals, business or other for-profit organizations, not-for-profit institutions, and Federal, state, local or tribal governments.

Estimated Number of Respondents: 10,323,926.

SUPPLEMENTARY INFORMATION:

Title: Veterans Affairs Acquisition Regulation (VAAR) Clause 852.211-75, Technical Industry Standards.

OMB Control Number: 2900-0586.

Type of Review: Reinstatement, without change, of a previously approved collection for which approval has expired.

Abstract: VAAR clause 852.211-75, Technical Industry Standards, requires that items offered for sale to VA under solicitation conform to certain technical industry standards, such as Underwriters Laboratory (UL) or the National Fire Protection Association and that the contractor furnish evidence to VA that the items meet that requirement. The evidence is normally in the form of a tag or seal affixed to the item, such as the UL tag on an electrical cord or a tag on a fire-rated door. This requires no additional effort on the part of the contractor, as items come from the factory with tags already in place, as part of the manufacturer's standard manufacturing operation. Occasionally, for items not already meeting standards or for items not previously tested, a contractor will have to furnish a certificate from an acceptable laboratory certifying that the items furnished have been tested in accordance with, and conform to, specified standards. Only firms whose products have not previously been tested to ensure the products meet industry standards required under solicitation will be required to submit a separate certificate. The information will be used to ensure that items being purchased meet minimum safety standards and to protect VA employees, VA beneficiaries and the public.

An agency may not conduct or sponsor, and a person is not required to respond to a collection of information unless it displays a currently valid OMB control number. The **Federal Register**
