

preliminary results within 30 days of the date of publication of this notice. Rebuttal briefs, limited to issues raised in case briefs, may be filed no later than five days after the time limit for filing case briefs. Parties who submit arguments are requested to submit with each argument a statement of the issue and a brief summary of the argument. Any hearing, if requested, will be held three days after the scheduled date for submission of rebuttal briefs.

The Department will publish the final results of this administrative review, including a discussion of its analysis of issues raised in any case or rebuttal brief or at a hearing. The Department will issue final results of this review within 120 days of publication of these preliminary results.

Upon completion of the final results in this review, the Department shall determine, and the Customs Service shall assess, antidumping duties on all appropriate entries. The rate will be assessed uniformly on all entries of Rhodia merchandise made during the period of review. The Department will issue appraisal instructions for Rhodia merchandise directly to the Customs Service.

Furthermore, the following deposit rates will be effective for all shipments of the subject merchandise entered, or withdrawn from warehouse, for consumption on or after the publication date of the final results of this administrative review, as provided for by section 751(a)(1) of the Act: (1) the cash deposit rate for Rhodia will be the rate established in the final results of this review; (2) for previously reviewed or investigated companies not listed above, the cash deposit rate will continue to be the company-specific rate published for the most recent period; (3) if the exporter is not a firm covered in this review, a prior review, or the original LTFV investigation, but the manufacturer is, the cash deposit rate will be the rate established for the most recent period for the manufacturer of the merchandise; and (4) for all other producers and/or exporters of this merchandise, the cash deposit rate shall be 60.0 percent, the "all others" rate established in the LTFV investigation (45 FR 77498, November 24, 1980). This deposit rate, when imposed, shall remain in effect until publication of the final results of the next administrative review.

This notice also serves as a preliminary reminder to importers of their responsibility under 19 CFR 351.402(f)(2) to file a certificate regarding the reimbursement of antidumping duties prior to liquidation of the relevant entries during this

review period. Failure to comply with this requirement could result in the Secretary's presumption that reimbursement of antidumping duties occurred and the subsequent assessment of double antidumping duties.

We are issuing and publishing this determination in accordance with sections 751(a)(1) and 777(i)(1) of the Act

Dated: August 3, 2001.

Faryar Shirzad,

Assistant Secretary for Import Administration.

Mechanical Transfer Presses From Japan: Notice of Final Results of Changed Circumstances Review, and Revocation in Part of Antidumping Duty Order

AGENCY: Import Administration, International Trade Administration, Department of Commerce.

SUMMARY: On July 10, 2001, the Department of Commerce ("the Department") published a notice of initiation and preliminary results of a changed circumstances review with the intent to revoke, in part, the antidumping duty order on mechanical transfer presses from Japan, as it pertains to certain large, hot-forging presses. See *Mechanical Transfer Presses From Japan: Notice of Initiation and Preliminary Results of Changed Circumstances Review of the Antidumping Order and Intent to Revoke Order in Part*, 66 FR 35932 (July 10, 2001) (*Initiation and Preliminary Results*). In the *Initiation and Preliminary Results*, we gave interested parties an opportunity to comment; we did not receive, however, any comments on the preliminary results. We are now revoking this order, in part, based on the fact that domestic parties have expressed no interest in the continuation of the order as it pertains to the large, hot-forging presses described below.

EFFECTIVE DATE: August 10, 2001.

FOR FURTHER INFORMATION CONTACT: Mark Hoadley, Import Administration, International Trade Administration, U.S. Department of Commerce, 14th Street and Constitution Avenue, NW., Washington, DC 20230; telephone: (202) 482-0666.

The Applicable Statute and Regulations

Unless otherwise indicated, all citations to the statute are references to the provisions effective January 1, 1995, the effective date of the amendments made to the Tariff Act of 1930 ("the Act") by the Uruguay Round Agreements Act. In addition, unless otherwise indicated, all citations to the Department's regulations are to the regulations as codified at 19 CFR Part 351 (2000).

SUPPLEMENTARY INFORMATION:

Background

On May 3, 2001, Sumitomo Heavy Industries, Ltd. (Sumitomo) requested that the Department partially revoke the antidumping duty order on mechanical transfer presses from Japan. Specifically, Sumitomo requested that the Department revoke the order as it pertains to imports meeting the following specifications: automatic forging presses within the current scope of the order, which operate at a forging temperature of 900 degrees centigrade or higher, and which have a capacity of 1600 metric tons or greater.

Sumitomo is a foreign producer of the products in question. Attached to its request, Sumitomo submitted two letters from the only two domestic parties claiming to be producers of subject merchandise, Enprotech Mechanical Services, Inc. (Enprotech) and IHI-Verson Press Technology, LLC. (Verson), stating that they did not oppose excluding large, hot-forging presses, as defined above, from the scope of the order. On June 11, 2001, we sent letters to all three domestic interested parties who have expressed an interest in this proceeding, the two domestic producers noted above and the International Union, United Auto Workers, requesting comments by June 15, 2001, either supporting or objecting to the partial revocation. We received no comments in opposition to the changed circumstances review or the partial revocation, and subsequently issued our preliminary determination to revoke the order in part in combination with the initiation of the changed circumstances review. We gave interested parties until July 24, 2001, to comment on the Initiation and Preliminary Results. We received no comments on our preliminary results.

Scope of Changed Circumstances Review

Imports covered by the order include MTPs currently classifiable under Harmonized Tariff Schedule (HTSUS) item numbers 8462.99.0035 and 8466.94.5040. The HTSUS subheadings

are provided for convenience and Customs purposes only. The written description of the scope of this order is dispositive. The term "mechanical transfer presses" refers to automatic metal-forming machine tools with multiple die stations in which the work piece is moved from station to station by a transfer mechanism designed as an integral part of the press and synchronized with the press action, whether imported as machines or parts suitable for use solely or principally with these machines. These presses may be imported assembled or unassembled. This review does not cover certain parts and accessories, which were determined to be outside the scope of the order. (See "Final Scope Ruling on Spare and Replacement Parts," U.S. Department of Commerce, March 20, 1992; and "Final Scope Ruling on the Antidumping Duty Order on Mechanical Transfer Presses (MTPs) from Japan: Request by Komatsu, Ltd.," U.S. Department of Commerce, October 3, 1996.)

Final Results of Review; Partial Revocation of Antidumping Duty Order

The affirmative statement by domestic producers of no opposition to excluding the large, hot-forging presses described above constitutes changed circumstances sufficient to warrant partial revocation of this order. In addition, no party commented on the *Initiation and Preliminary Results*. Therefore, the Department is partially revoking the order on mechanical transfer presses from Japan as it pertains to products which meet the specifications detailed above, in accordance with sections 751(b) and (d) and 782(h) of the Act and 19 CFR 351.216(d)(1). We will instruct the U.S. Customs Service ("Customs") to liquidate without regard to antidumping duties, as applicable, and to refund any estimated antidumping duties collected for all unliquidated entries of mechanical transfer presses meeting the specifications indicated above, and not subject to final results of an administrative review, as of the date of publication in the **Federal Register** of these final results in accordance with 19 CFR 351.222. We will also instruct Customs to pay interest on such refunds in accordance with section 778 of the Act.

This notice serves as a reminder to parties subject to administrative protective orders (APOs) of their responsibility concerning the disposition of proprietary information disclosed under APO in accordance with 19 CFR 351.306. Timely written notification of the return/destruction of APO materials or conversion to judicial

protective order is hereby requested. Failure to comply with the regulations and terms of an APO is a sanctionable violation.

This changed circumstances review, partial revocation of the antidumping duty order, and notice are in accordance with sections 751(b) and (d) and 782(h) of the Act and sections 351.216 and 351.222(g) of the Department's regulations.

Dated: August 3, 2001.

Faryar Shirzad,

Assistant Secretary for Import Administration.

DEPARTMENT OF COMMERCE

National Oceanic and Atmospheric Administration

[I.D. 080701B]

Proposed Information Collection; Comment Request; Northwest Region Vessel Identification Requirements

AGENCY: National Oceanic and Atmospheric Administration (NOAA).

ACTION: Notice.

SUMMARY: The Department of Commerce, as part of its continuing effort to reduce paperwork and respondent burden, invites the general public and other Federal agencies to take this opportunity to comment on proposed and/or continuing information collections, as required by the Paperwork Reduction Act of 1995, Pub. L. 104-13 (44 U.S.C. 3506 (c)(2)(A)).

DATES: Written comments must be submitted on or before October 9, 2001.

ADDRESSES: Direct all written comments to Madeleine Clayton, Departmental Paperwork Clearance Officer, Department of Commerce, Room 6086, 14th and Constitution Avenue NW, Washington DC 20230 (or via Internet at MClayton@doc.gov).

FOR FURTHER INFORMATION CONTACT: Requests for additional information or copies of the information collection instrument(s) and instructions should be directed to William L. Robinson, NMFS, 7600 Sand Point Way NE, Seattle, WA 98115 (phone 206-526-6140).

SUPPLEMENTARY INFORMATION:

I. Abstract

The success of fisheries management programs depends significantly on regulatory compliance. The vessel identification requirement is essential to facilitate enforcement. The ability to

link fishing or other activity to the vessel owner or operator is crucial to enforcement of regulations issued under the authority of the Magnuson Fishery Conservation and Management Act. A vessel's official number (or international radio call sign—IRCS—if a foreign vessel), is required to be displayed on the port and starboard sides of the deckhouse or hull, and on a weather deck. It identifies each vessel and should be visible at distances at sea and in the air. Vessels that qualify for particular fisheries are readily identified, gear violations are more readily prosecuted, and this allows for more cost-effective enforcement. Cooperating fishermen also use the number to report suspicious activities that they observe. Regulation-compliant fishermen ultimately benefit as unauthorized and illegal fishing is deterred and more burdensome regulations are avoided.

II. Method of Collection

Fishing vessel owners physically mark vessel with identification numbers in three locations per vessel.

III. Data

OMB Number: 0648-0355.

Form Number: None.

Type of Review: Regular submission.

Affected Public: Business or other for-profit organizations (fishermen in the Open Access and Limited Entry Pacific Coast Groundfish Fishery).

Estimated Number of Respondents: 1,984.

Estimated Time Per Response: 45 minutes (15 minutes per marking).

Estimated Total Annual Burden

Hours: 1,488 hours.

Estimated Total Annual Cost to Public: \$69,440 (\$35 per vessel).

IV. Request for Comments

Comments are invited on: (a) whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information shall have practical utility; (b) the accuracy of the agency's estimate of the burden (including hours and cost) of the proposed collection of information; (c) ways to enhance the quality, utility, and clarity of the information to be collected; and (d) ways to minimize the burden of the collection of information on respondents, including through the use of automated collection techniques or other forms of information technology.

Comments submitted in response to this notice will be summarized and/or included in the request for OMB approval of this information collection;
