Approval and Promulgation of State Implementation Plans; Wisconsin

AGENCY: Environmental Protection
Agency.

ACTION: Notice of proposed rulemaking.

SUMMARY: The Environmental Protection Agency (EPA) is proposing to approve a State Implementation Plan (SIP) revision submitted by the State of Wisconsin. This revision requires the implementation of an enhanced motor vehicle inspection and maintenance (I/M) program in seven counties in southeast Wisconsin. The program reduces air pollution from motor vehicles by identifying and requiring repair of high emitting vehicles. This action is being taken under the Clean Air Act.

In the final rules section of this **Federal Register**, EPA is approving the State's request as a direct final rule without prior proposal because EPA views this action as noncontroversial and anticipates no adverse comments. A detailed rationale for approving and disapproving portions of the State's request is set forth in the direct final rule. The direct final rule will become effective without further notice unless the Agency receives relevant adverse written comment on this proposed rule within 30 days of this publication. Should EPA receive adverse comment, it will publish a document informing the public that the direct final rule will not take effect and that EPA will address adverse comments in a subsequent final rule based on this proposed rule. If EPA does not receive adverse comments, the direct final rule will take effect on the date stated in that document and EPA will not take further action on this proposed rule. EPA does not plan to institute a second comment period on this action. Any parties interested in commenting on this document should do so at this time.

DATES: EPA must receive written comments by September 17, 2001.

ADDRESSES: Send written comments to: Carlton T. Nash, Chief, Regulation

Development Section, Air Programs Branch (AR-18J), United States Environmental Protection Agency, 77 West Jackson Boulevard, Chicago, Illinois 60604.

FOR FURTHER INFORMATION CONTACT: John Mooney at (312) 886-6043.

SUPPLEMENTARY INFORMATION: For additional information see the direct final rule published in the rules section of this **Federal Register**. National Primary Drinking Water Regulations; Arsenic and Clarifications to Compliance and New Source Contaminants Monitoring

AGENCY: Environmental Protection
Agency (EPA).

ACTION: Proposed rule; correction.

SUMMARY: Today's document announces a separate electronic mail (e-mail) address, *ow-arsenic-docket@epa.gov*, for arsenic comments on the proposal published on July 19, 2001, in the **Federal Register**. EPA expects a large number of comments on the July 19 arsenic proposal, based on public interest, so e-mail submissions to the new arsenic docket address will help the Agency process comments. In addition, today's document provides the new phone number for the Safe Drinking Water Hotline: (703) 412-3330. The Hotline's toll free number remains unchanged: (800) 426-4791.

The July 19 proposal requested comment on key science, cost analyses, and benefits issues, as well as small systems compliance issues for the arsenic regulation. However the July proposal does not affect the clarifications to compliance and new source contaminants monitoring regulations also issued on January 22, 2001, for inorganic, volatile organic, and synthetic organic contaminants.

DATES: Your comments on the July 19 arsenic proposal must be in writing and either postmarked or received by EPA's Water Docket by October 31, 2001.

ADDRESSES: EPA accepts comments by three delivery methods:

(1) Mail sent to the W-99-16-VI Arsenic Comments Clerk, Water Docket (MC-4101); U.S. EPA; 1200 Pennsylvania Avenue, NW; Washington, DC 20460.

(2) Hand delivery (e.g., courier or overnight delivery service) to EPA's Water Docket, located at 401 M Street, SW; East Tower Basement Room 57; in Washington, DC; between 9:00 a.m. and 3:30 p.m. Eastern Time, Monday through Friday.

(3) Electronically sent to *ow-arsenic-docket@epa.gov*. See **SUPPLEMENTARY INFORMATION** for file formats and other information about electronic filing and docket review.

FOR FURTHER INFORMATION CONTACT: The Safe Drinking Water Hotline, phone: (800) 426-4791 or its new local number (703) 412-3330, e-mail: *hotline-sdwa@epa.gov* for general information, meeting information, and copies of arsenic regulations and some of the support documents. For questions about the arsenic regulation, contact Irene Dooley, (202) 260-9531, e-mail: *dooley.irene@epa.gov*. EPA's web page contains links to arsenic **Federal Register** notices and arsenic technical support documents at *www.epa.gov/safewater/arsenic.html*.

SUPPLEMENTARY INFORMATION:

Additional Information for Commenters

No facsimiles (faxes), compressed or zipped files will be accepted, and comments must be submitted in writing. Please submit an original and three copies of your comments and enclosures (including references) and identify your submission by the docket number W-99-16-VI. To ensure that EPA can read, understand, and therefore properly respond to comments, the Agency would prefer that comments cite, where possible, the question(s) or sections and page numbers in the document or supporting documents to which each comment refers. Commenters should use a separate paragraph for each issue discussed. Commenters who want EPA to acknowledge receipt of their comments should include a self-addressed, stamped envelope.

EPA uses WordPerfect as its standard software, so e-mail file attachments must be submitted in WordPerfect 8 (or older version) or ASCII file format (unless four hard copies are also submitted). Comments submitted in other electronic formats (e.g., Word, pdf,
