Comments are requested concerning (a) whether the proposed collection of information is necessary for the proper performance of the functions of the Commission, including whether the information shall have practical utility; (b) the accuracy of the Commission's burden estimate; (c) ways to enhance the quality, utility, and clarity of the information collected; and (d) ways to minimize the burden of the collection of information on the respondents,

including the use of automated collection techniques or other forms of information technology.

DATES: Written comments should be submitted on or before November 13, 2001. If you anticipate that you will be submitting comments, but find it difficult to do so within the period of time allowed by this notice, you should advise the contact listed below as soon as possible.

ADDRESSES: Direct all comments to Les Smith, Federal Communications Commissions, 445 12th Street, SW., Room 1-A804, Washington, DC 20554 or via the Internet to lesmith@fcc.gov.

FOR FURTHER INFORMATION CONTACT: For additional information or copies of the information collections contact Les Smith at (202) 418-0217 or via the Internet at lesmith@fcc.gov.

SUPPLEMENTARY INFORMATION:

OMB Approval Number: 3060-0221.

Number of Respondents: 2,055.

Estimated Time Per Response: 1 hours.

Total Annual Burden: 2,055 hours.

Frequency of Response: On occasion.

Total Annual Cost: 0.

Needs and Uses: The information collection requirement contained in Section 90.155 is needed to provide flexibility to state and local governments that would normally be unable to meet the requirement of placing their radio station in operation within 8 months. The information is used to evaluate if the exception to the 8 month requirement is warranted. If the information was not collected the Commission's information regarding actual loading of frequencies would be inaccurate.

OMB Approval Number: 3060-0262.

Title: Section 90.179 Shared Use of Radio Stations.

In order to satisfy local and regional needs and preferences, the Commission requires submission of regional plans drafted by planning committees made up of representatives from the public safety community. Creation of these plans necessarily impose some burden, both on the eligible entities that make their needs known, and on the planners who seek to accommodate them.

For example, comment is sought on whether to license 700 MHz band spectrum directly to each individual state and should the state adhere to the same planning process as the Regional Planning Committees.
