Frequency of Response: Semi-annual reporting requirement; Third party disclosure.

Total Annual Burden: 3,266 hours.

Total Annual Costs: None.

Needs and Uses: The disclosure requirements set forth in this proceeding will ensure that consumers can make informed decisions about the purchase and proper installation of navigation devices. The petition process under 47 CFR Section 76.1207 will give providers of multichannel video programming and equipment providers a forum in which to request relief from regulations adopted under this part of FCC Rules for a limited time, provided that there is an appropriate showing that such a waiver is necessary to assist the development or introduction of a new or improved multichannel video programming or other service offered over multichannel video programming systems, technology, or products. In addition, under 47 CFR Section 76.1208, petition process allows interested parties to petition the FCC to provide for a sunset of regulations governing navigation devices. The Commission will use the semi-annual reports to monitor the progress of key industry entities in their efforts to assure the commercial availability of navigation devices.
