

published its preliminary countervailing duty determination in the **Federal Register**, and before August 18, 2001, the date on which the Department instructed the U.S. Customs Service to terminate the suspension of liquidation in accordance with section 703(d) of the Act, and on all entries and withdrawals on or after the date of publication of this countervailing duty order in the **Federal Register**. Section 703(d) of the Act states that the suspension of liquidation pursuant to a preliminary determination may not remain in effect for longer than four months. Entries of certain hot-rolled carbon steel flat products made on or after August 18, 2001, and prior to the date of publication of this order in the **Federal Register** are not liable for the assessment of countervailing duties as a result of the Department's termination, effective August 18, 2001, of the suspension of liquidation.

In accordance with section 706 of the Act, the Department will direct U.S. Customs (Customs) to reinstate the suspension of liquidation effective on the date of publication of this notice in the **Federal Register** and to assess, upon further advice by the Department pursuant to section 706(a)(1) of the Act, countervailing duties for each entry of the subject merchandise in an amount based on the countervailable subsidy rate for the subject merchandise. In its instructions, the Department will direct Customs to exclude Highveld Steel and Vanadium Corporation Limited (Highveld), which received a *de minimis* subsidy rate in the Department's final determination, from this reinstatement of the suspension of liquidation and any subsequent assessment of countervailing duties.

On or after the date of publication of this notice in the **Federal Register**, Customs must require, at the same time as importers would normally deposit estimated duties on this merchandise, a cash deposit equal to the countervailable subsidy rates noted below. The "All Others" rate applies to all producers and exporters, except for Highveld, of certain hot-rolled carbon steel flat products from South Africa not specifically listed below. The cash deposit rates are as follows:

Producer/exporter	Net subsidy rate
Saldanha Steel/Iskor	5.76% <i>Ad Valorem</i> .
All Others .....	5.76% <i>Ad Valorem</i> .

This notice constitutes the countervailing duty order with respect to certain hot-rolled carbon steel flat products from South Africa, pursuant to section 706(a) of the Act. Interested parties may contact the Central Records

Unit, for copies of an updated list of countervailing duty orders currently in effect.

This countervailing duty order is published in accordance with section 706(a) of the Act and 19 CFR 351.211.
