# **Discussion of Comments and Changes**

The Coast Guard received no comment letters. No changes will be made to this final rule.

# **Regulatory Evaluation**

This rule is not a "significant regulatory action" under section 3(f) of Executive Order 12866 and does not require an assessment of potential costs and benefits under section 6(a)(3) of that Order. The Office of Management and Budget has not reviewed it under that Order. It is not "significant" under the regulatory policies and procedures of the Department of Transportation (DOT) (44 FR 11040; February 26, 1979). This conclusion is based on the fact that there have been few requests to open the bridge historically, during the time period that the bridge will be closed.

### **Small Entities**

Under the Regulatory Flexibility Act (5 U.S.C. 601–612) we considered whether this rule would have a significant economic impact on a substantial number of small entities. "Small entities" comprises small businesses, not-for profit organizations that are independently owned and operated and are not dominant in their fields, and governmental jurisdictions with populations less than 50,000.

The Coast Guard certifies under 5 U.S.C. 605(b) that this rule will not have a significant economic impact on a substantial number of small entities. This conclusion is based on the fact that there have been few requests to open the bridge during the time period the bridge will be closed.

# **Collection of Information**

This rule calls for no new collection of information under the Paperwork Reduction Act of 1995 (44 U.S.C. 3501– 3520).

### Federalism

We have analyzed this rule under Executive Order 13132 and have determined that this rule does not have implications for federalism under that Order.

# **Unfunded Mandates Reform Act**

The Unfunded Mandates Reform Act of 1995 (2 U.S.C. 1531–1538) governs the issuance of Federal regulations that require unfunded mandates. An unfunded mandate is a regulation that requires a State, local, or tribal government or the private sector to incur direct costs without the Federal Government's having first provided the funds to pay those unfunded mandate costs. This rule will not impose an unfunded mandate.

# **Taking of Private Property**

This rule will not effect a taking of private property or otherwise have taking implications under E.O. 12630, Governmental Actions and Interference with Constitutionally Protected Property Rights.

## **Civil Justice Reform**

This rule meets applicable standards in sections 3(a) and 3(b)(2) of E.O. 12988, Civil Justice Reform, to minimize litigation, eliminate ambiguity, and reduce burden.

# **Protection of Children**

We have analyzed this rule under E.O. 13045, Protection of Children from Environmental Health Risks and Safety Risks. This rule is not an economically significant rule and does not concern an environmental risk to health or risk to safety that may disproportionately affect children.

# Environment

The Coast Guard considered the environmental impact of this rule and concluded that under figure 2–1, paragraph (32)(e) of Commandant Instruction M16475.1C, this rule is categorically excluded from further environmental documentation because promulgation of changes to drawbridge regulations have been found to not have a significant effect on the environment. A written "Categorical Exclusion Determination" is not required for this final rule.

## **Indian Tribal Governments**

This rule does not have tribal implications under Executive Order 13175, Consultation and Coordination with Indian Tribal Governments, because it does not have substantial direct effect on one or more Indian tribes, on the relationship between the Federal Government and Indian tribes, or on the distribution of power and responsibilities between the Federal Government and Indian tribes.

### **Energy Effects**

We have analyzed this rule under Executive Order 13211, Actions Concerning Regulations That Significantly Affect Energy Supply, Distribution, or Use. We have determined that it is not a "significant energy action" under that order because it is not a "significant regulatory action" under Executive Order 12866 and is not likely to have a significant adverse effect on the supply, distribution, or use of energy. It has not been designated by the Administrator of the Office of Information and Regulatory Affairs as a significant energy action. Therefore, it does not require a Statement of Energy Effects under Executive Order 13211.

#### List of Subjects in 33 CFR Part 117

Bridges.

#### Regulations

For the reasons set out in the preamble, the Coast Guard amends 33 CFR part 117 as follows:

# PART 117—DRAWBRIDGE OPERATION REGULATIONS

1. The authority citation for part 117 continues to read as follows:

**Authority:** 33 U.S.C. 499; 49 CFR 1.46; 33 CFR 1.05–1(g); section 117.255 also issued under the authority of Pub. L. 102–587, 106 Stat. 5039.

### §117.523 [Suspended]

2. From December 15, 2001 through April 15, 2002, § 117.523 is suspended.

3. From December 15, 2001 through April 15, 2002, § 117.T524 is temporarily added to read as follows:

### §117.T524 Back River.

The Maine Department of Transportation highway bridge, mile 4.6, between Hodgdon and Barter's Island at Boothbay, need not open for the passage of vessel traffic.

Dated: November 26, 2001.

33 CFR Part 117

[CGD01-01-212]

# Drawbridge Operation Regulations: Hackensack River, NJ

**AGENCY:** Coast Guard, DOT. **ACTION:** Notice of temporary deviation from regulations.

**SUMMARY:** The Commander, First Coast Guard District, has issued a temporary deviation from the drawbridge operation regulations for the Witt-Penn (Route 7) Bridge, mile 3.1, across the Hackensack River at Jersey City, New Jersey. This temporary deviation will allow the bridge to remain in the closed position from 9 a.m. on December 4, 2001 through 6 a.m. on December 7, 2001. This temporary deviation is necessary to facilitate maintenance repairs at the bridge. **DATES:** This deviation is effective from December 4, 2001 through December 7, 2001.

FOR FURTHER INFORMATION CONTACT: Joseph Schmied, Project Officer, First Coast Guard District, at (212) 668–7195.

**SUPPLEMENTARY INFORMATION:** The Witt-Penn (Route 7) Bridge has a vertical clearance in the closed position of 35 feet at mean high water and 40 feet at mean low water. The existing regulations require the draw to open on signal at all times.

The bridge owner, New Jersey Department of Transportation, has requested a temporary deviation from the drawbridge operating regulations to facilitate scheduled maintenance, the replacement of the bridge power and communications cable at the bridge. The nature of the required maintenance repairs will require the bridge to be closed to navigation during the implementation of this work.

This deviation to the operating regulations will allow the bridge to remain in the closed position from 9 a.m. on December 4, 2001 through 6 a.m. on December 7, 2001.

This deviation from the operating regulations is authorized under 33 CFR 117.35, and will be performed with all due speed in order to return the bridge to normal operation as soon as possible.

Dated: November 26, 2001.

33 CFR Part 117

[CGD01-01-213]

# Drawbridge Operation Regulations: Mianus River, CT

**AGENCY:** Coast Guard, DOT. **ACTION:** Notice of temporary deviation from regulations.

**SUMMARY:** The Commander, First Coast Guard District, has issued a temporary deviation from the drawbridge operation regulations for the Metro North Bridge, mile 1.0, across the Mianus River at Greenwich, Connecticut. This temporary deviation will allow the bridge to remain in the closed position during three periods: November 26, through December 6, 2001; December 10, through December 21, 2001; and January 7, 2002 through January 16, 2002. This temporary deviation is necessary to facilitate structural repairs at the bridge.

**DATES:** This deviation is effective from November 26, 2001 through January 16, 2002.

**FOR FURTHER INFORMATION CONTACT:** Joseph Schmied, Project Officer, First Coast Guard District, at (212) 668–7195.

**SUPPLEMENTARY INFORMATION:** The Metro North Bridge has a vertical clearance in the closed position of 20 feet at mean high water and 27 feet at mean low water. The existing regulations are listed at 33 CFR 117.209.

The bridge owner, Metro North Railroad, has requested a temporary deviation from the drawbridge operating regulations to facilitate necessary structural maintenance at the bridge. The nature of the required structural repairs will require the bridge to be closed to navigation during the implementation of this work.

This deviation to the operating regulations will allow the bridge to remain in the closed position from 6 a.m. on November 26, 2001 through 7 p.m. on December 6, 2001; from 6 a.m. on December 10, 2001 through 7 p.m. on December 21, 2001; and from 6 a.m. on January 7, 2002 through 7 p.m. on January 16, 2002.

This deviation from the operating regulations is authorized under 33 CFR 117.35, and will be performed with all due speed in order to return the bridge to normal operation as soon as possible.

Dated: November 26, 2001.

[COTP TAMPA-01-108]

RIN 2115-AA97

# Security Zones; Crystal River, FL

**AGENCY:** Coast Guard, DOT. **ACTION:** Temporary final rule.

**SUMMARY:** The Coast Guard is establishing temporary fixed security zones around the Florida Power Crystal River nuclear power plant located at the end of the Florida Power Corporation Channel, Crystal River, Florida. The security zones are needed for national security reasons to protect the public and the power plant from potential subversive acts. Entry into the zones is prohibited, unless specifically authorized by the Captain of the Port, Tampa, Florida, or his designated representative.

DATES: This regulation is effective from 6 p.m. (EST) on November 21, 2001 until 6 p.m. (EDT) on June 15, 2002. ADDRESSES: Comments and material received from the public, as well as documents indicated in this preamble as being available in the docket, are part of [COTP Tampa–01–108] and are available for inspection or copying at Marine Safety Office Tampa, 155 Columbia Drive, Tampa, Florida 33606– 3598 between 7:30 a.m. and 3 p.m. Monday through Friday, except Federal holidays.

**FOR FURTHER INFORMATION CONTACT:** LT David G. McClellan, Coast Guard Marine Safety Office Tampa, at (813) 228–2189 extension 102.

#### SUPPLEMENTARY INFORMATION:

## **Regulatory Information**

We did not publish a notice of proposed rulemaking (NPRM) for this regulation. Under 5 U.S.C. 553(b)(B), the Coast Guard finds that good cause exists for not publishing a NPRM. Publishing a NPRM and delaying the rule's effective date would be contrary to the public interest since immediate action is needed to protect the public, ports and waterways of the United States. The Coast Guard will issue a broadcast notice to mariners announcing the creation of this rule and place Coast Guard or other law enforcement vessels in the vicinity of these zones to advise mariners of the restriction.

For the same reasons, under 5 U.S.C. 553(d)(3), the Coast Guard finds that good cause exists for making this rule effective less than 30 days after publication in the **Federal Register**.

## **Background and Purpose**

Based on the September 11, 2001, terrorist attacks on the World Trade Center buildings in New York City and the Pentagon in Arlington, Virginia, there is an increased risk that subversive activity could be launched by vessels or persons in close proximity to the Florida Power Crystal River power plant. This power plant provides critical energy to the Tampa area and contains extremely hazardous materials. The security zone for the Florida Power Corporation Channel encompasses the waters within the following points: 28° 56.87' N, 082° 45.17' W (Northwest corner), 28° 57.37' N, 082° 41.92' W (Northeast corner), 28° 56.81' N, 082° 45.17' W (Southwest corner), and 28°
