The *First Report and Order* and *Third Notice of Proposed Rulemaking* in WT Docket No. 96-86 amended service rules to allow entities applying to the Commission for license to share the radio station on a non-profit cost sharing basis. Section 90.179 requires that Part 90 licensees that share use of their private land mobile radio facility on a non-profit, cost-shared basis keep a written sharing agreement as part of the station records. Regardless of the method of sharing, an up-to-date list of persons who are sharing the station and the basis of their eligibility under Part 90 must be maintained. This requirement is necessary to identify users of the systems should interference problems develop. This information is used by the Commission to investigate interference complaints and resolve interference and operational complaints that may occur among the users.
