Federal Highway Administration

**Environmental Impact Statement:
Desha, Chicot, Ashley, Drew, Union,
Bradley, Calhoun, Ouachita, and
Columbia Counties, AR**

AGENCY: Federal Highway
Administration (FHWA), DOT.

ACTION: Notice of intent.

SUMMARY: The FHWA is issuing this
notice to advise the public that an
environmental impact statement will be
prepared for a proposed highway project
in the Arkansas Counties of Desha,
Chicot, Ashley, Drew, Union, Bradley,
Calhoun, Ouachita, and Columbia.

FOR FURTHER INFORMATION CONTACT:
Randal Looney, Environmental
Specialist, Federal Highway
Administration, Room 3130 Federal
Building, Little Rock, Arkansas 72201–
3298, telephone: (501) 324–6430; or
Dale Loe, Consultant Coordinator,
Assistant Chief Engineer, Arkansas State
Highway and Transportation
Department, P.O. Box 2261, Little Rock,
Arkansas 72203, telephone: (501) 569–
2301.

SUPPLEMENTARY INFORMATION: The
FHWA, in cooperation with the
Arkansas State Highway and
Transportation Department (AHTD),
will prepare an Environmental Impact
Statement (EIS) for a segment of the
proposed Interstate 69 corridor in
Arkansas.

This approximately 85-mile segment
of I–69 will connect the Mississippi
River crossing of I–69 to U.S. 167 near
El Dorado and will improve regional
travel, safety, intermodal connectivity
and will enhance the economic vitality
of the project area. This segment will
accommodate the overall purpose of the
national I–69 Corridor, a much larger
transcontinental project identified as a
“high priority corridor” on the National
Highway System that would provide a
North American Free Trade Agreement
(NAFTA) transportation corridor of
national significance from Canada to
Mexico. I–69 is also a transportation
recommendation of the Delta Initiative
aimed at the revitalization and

economic development of the Lower
Mississippi Delta.

I–69 is proposed to be a fully
controlled access facility located on a
new alignment. Several alternatives and
locations will be considered, including
the “no-action” alternative. The western
terminus of the project will connect to
U.S. 167 near El Dorado, Arkansas and
the eastern terminus will connect to
U.S. 65 near McGehee, Arkansas.

The FHWA and AHTD are seeking
input as part of the scoping process to
assist in determining and clarifying
important issues relative to this project.
Letters describing the proposed action
and soliciting comments have been sent
to appropriate Federal, state, and local
agencies, Native American Tribes, and
to private organizations and citizens
who have previously expressed or are
known to have an interest in this
project. Formal scoping meetings with
Federal, state, and local agencies,
Native American Tribes, and other
interested parties will be held in the
near future. A series of public meetings
will also be held in the study area
beginning in early 2002, with on-going
public involvement activities. The draft
Environmental Impact Statement (EIS)
will be available for public and agency
review and comment prior to a formal
public hearing. Public notice will be
given of the time and place for all
meetings and hearings.

To ensure that the full range of issues
related to this project are addressed and
all significant issues identified,
comments and suggestions are invited
from all interested parties. Comments or
questions concerning this proposed
action and the EIS should be directed to
the FHWA at the address provided
above.

(Catalog of Federal Domestic Assistance
Program Number 20.205, Highway Planning
and Construction. The regulations
implementing Executive Order 12372
regarding intergovernmental consultation on
Federal programs and activities apply to this
proposed action.)

Issued on: December 3, 2001.

Derrell Turner,

*Assistant Division Administrator, FHWA,
Little Rock, Arkansas.*
