As a condition to this exemption, any employee adversely affected by the abandonment shall be protected under *Oregon Short Line R. Co.—Abandonment—Goshen*, 360 I.C.C. 91 (1979). To address whether this condition adequately protects affected employees, a petition for partial revocation under 49 U.S.C. 10502(d) must be filed. Provided no formal expression of intent to file an offer of financial assistance (OFA) has been received, this exemption will be effective on January 10, 2002, unless stayed pending reconsideration. Petitions to stay that do not involve environmental issues,² formal expressions of intent to file an OFA under 49 CFR 1152.27(c)(2),³ and trail use/rail banking requests under 49 CFR 1152.29 must be filed by December 21, 2001. SEA will issue an environmental assessment (EA) by December 14, 2001. Interested persons may obtain a copy of the EA by writing to SEA (Room 500, Surface Transportation Board, Washington, DC 20423) or by calling

See *Exemption of Out-of-Service Rail Lines*, 5 I.C.C.2d 377 (1989). Any request for a stay should be filed as soon as possible so that the Board may take appropriate action before the exemption's effective date.

³ Each offer of financial assistance must be accompanied by the filing fee, which currently is set at \$1000. See 49 CFR 1002.2(f)(25).

SEA, at (202) 565-1552. Comments on environmental and historic preservation matters must be filed within 15 days after the EA becomes available to the public.

Environmental, historic preservation, public use, or trail use/rail banking conditions will be imposed, where appropriate, in a subsequent decision.

Pursuant to the provisions of 49 CFR 1152.29(e)(2), NSR shall file a notice of consummation with the Board to signify that it has exercised the authority granted and fully abandoned the line. If consummation has not been effected by NSR's filing of a notice of consummation by December 11, 2002, and there are no legal or regulatory barriers to consummation, the authority to abandon will automatically expire.

SUPPLEMENTARY INFORMATION:

I. Description of the Proposed Systems of Records

The Gulf War Registry (GWR), located at the Austin Automation Center (AAC), Austin, Texas, is an automated integrated system. The registry contains demographic and medical data of registry examinations from August 2, 1990, until such time as Congress by law ends the Gulf War, for veterans serving in the Southwest Asia theatre of operations during the Gulf War who may have been exposed to a toxic

substance or environmental hazard. There is also registry data on veteran's spouse or children suffering from an illness or disorder (including birth defects, miscarriages, or stillbirth) which cannot be disassociated from the veteran's service in the Southwest Asia theatre of operations.

These data are entered manually on code sheets by VA facility staff or, in the case of veterans' spouses and children, by non-VA physicians. Hard copies of these code sheets then are sent to the AAC for entry into the GWR data set. The principal identifiers in these GWR records are the Social Security Number and veteran's name. The GWR system of records located at VA Central Office, Washington, DC, is an optical disk system containing images of paper records, i.e., GW code sheets. Once these paper records are scanned on optical disks, they are disposed of in accordance with RCS 10-1.

The purpose of this GWR system of records is to provide information about veterans who have had a GWR examination at a VA facility, and their spouses and/or children who have had examinations by non-VA physicians. The records are used to assist in generating hypotheses for research studies; to enable management to track patient demographics; to report birth defects among veterans' children; to assist in planning the delivery of health care services, including the associated costs; and, to possibly be used in the adjudication of claims perhaps related to exposure to a toxic substance or environmental hazard.

II. Proposed Routine Use Disclosures of Data in the System

We are proposing to establish the following routine use disclosures of information to be maintained in the system:

1. The record of an individual who is covered by this system may be disclosed to a member of Congress or staff person acting for the member when the member or staff person requests the record on behalf of, and at the written request of, that individual.

Individuals sometimes request the help of a member of Congress in resolving some issues relating to a matter before VA. The member of Congress then writes VA, and VA must be able to give sufficient information to be responsive to the inquiry.

2. The disclosure of records covered by this system, as deemed necessary and proper, may be made to named individuals serving as accredited service organization representatives, and other individuals named, as approved agents or attorneys, for a documented purpose

and period of time, to aid beneficiaries in the preparation and presentation of their cases, during verification and/or due process procedures and in the presentation and prosecution of claims under laws administered by VA.

3. A record containing the name(s) and address(es) of present or former members of the armed services and/or their dependents may be released from this system of records under certain circumstances:

a. To any nonprofit organization if the release is directly connected with the conduct of programs and the utilization of benefits under Title 38, and

b. To any criminal or civil law enforcement governmental agency or instrumentality charged under applicable law with the protection of the public health or safety if a qualified representative of such organization, agency or instrumentality has made a written request that such name(s) or address(es) be provided for a purpose authorized by law; provided, further, that the record(s) will not be used for any purpose other than that stated in the request and that the organization, agency or instrumentality is aware of the penalty provision of 38 U.S.C. 3301(f).

VA must be able to comply with the requirements of agencies charged with enforcing the law who are conducting investigations. VA must also be able to provide information to State or local agencies charged with protecting the public health as set forth in State law.

4. Disclosure may be made to the National Archives and Record Administration (NARA) in records management inspections conducted under authority of Title 44 United States Code.

NARA is responsible for archiving old records no longer actively used, but which may be appropriate for preservation; they are responsible, in general, for the physical maintenance of the Federal government's records. VA must be able to turn records over to these agencies in order to determine the proper disposition of such records.

5. Disclosure of information, excluding name and address (unless name and address is furnished by the requestor), may be made for research purposes determined to be necessary and proper, to epidemiological and other research facilities approved by the Under Secretary for Health.

VA participates in various research programs and activities. VA must be able to disclose information for research purposes approved by the Under Secretary for Health.

6. In order to conduct Federal research necessary to accomplish a
