

TABLE 2.—SUMMARY OF RADIOLOGICAL ENVIRONMENTAL IMPACTS OF THE EPU AT QCNPS—Continued

| Impacts | Impacts of the EPU at QCNPS |
|---|--|
| Fuel Cycle and Transportation Impacts | No significant increase. Impacts would remain with the conclusions of Table S-3 and S-4 of 10 CFR Part 51. |

Environmental Impacts of the Alternatives to the Proposed Action

As an alternative to the proposed action, the staff considered denial of the proposed action (i.e., “the no-action” alternative). Denial of the application would result in no change in current environmental impacts in the QCNPS vicinity; however, other generating facilities using nuclear or other alternative energy sources, such as coal or gas, would be built in order to supply generating capacity and power needs. Construction and operation of a coal plant would create impacts to air quality, land use and waste management. Construction and operation of a gas plant would also impact air quality and land use. Implementation of the EPU would have less of an impact on the environment than the construction and operation of a new generating facility and does not involve new environmental impacts that are significantly different from those presented in the FES. Therefore, the staff concludes that increasing QCNPS capacity is an acceptable option for increasing power supply. Furthermore, unlike fossil fuel plants, QCNPS does not routinely emit sulfur dioxide, nitrogen oxides, carbon dioxide, or other atmospheric pollutants that contribute to greenhouse gases or acid rain.

Alternative Use of Resources

This action does not involve the use of any different resources than those previously considered in the QCNPS FES, dated 1972.

Agencies and Persons Consulted

In accordance with its stated policy, on November 9, 2001, prior to issuance of this environmental assessment, the staff consulted with the Illinois State official, Frank Niziolek, of the Illinois Department of Nuclear Safety, regarding the environmental impact of the proposed action. The State official had no comments.

Finding of No Significant Impact

On the basis of the environmental assessment, the NRC concludes that the proposed action will not have a significant effect on the quality of the human environment. Accordingly, the NRC has determined not to prepare an

environmental impact statement for the proposed action.

For further details with respect to the proposed action, see the licensee’s application dated December 27, 2000, as supplemented by letters dated February 12, March 20, April 6 and 13, May 3, 18, and 29, June 5, 7, and 15, July 6 and 23, August 7, 8, 9, 13 (two letters), 14 (two letters), 29, and 31 (two letters), September 5, 19, 25, and 27 (two letters), October 17, November 2 (two letters), 16, and 30, and December 10, 2001. Documents may be examined and/or copied for a fee, at the NRC’s Public Document Room, at One White Flint North, 11555 Rockville Pike (first floor), Rockville, Maryland. Publicly available records will be accessible electronically from the ADAMS Public Library component on the NRC Web site, <http://www.nrc.gov> (the Electronic Reading Room). If you do not have access to ADAMS or if there are problems in accessing the documents located in ADAMS, contact the NRC Public Document Room (PDR) Reference staff at 1-800-397-4209, or 301-415-4737, or by e-mail at pdr@nrc.gov.

Dated at Rockville, Maryland, this 17th day of December 2001.

For the Nuclear Regulatory Commission
Anthony J. Mendiola,
Chief, Section 2, Project Directorate III,
Division of Licensing Project Management,
Office of Nuclear Reactor Regulation.

BILLING CODE 7950-01-P

NUCLEAR REGULATORY COMMISSION

Advisory Committee on Reactor Safeguards Subcommittee Meeting on Thermal-Hydraulic Phenomena; Notice of Meeting

The ACRS Subcommittee on Thermal-Hydraulic Phenomena will hold a meeting on January 16–18, 2002, Room T-2B3, 11545 Rockville Pike, Rockville, Maryland.

Portions of the meeting may be closed to public attendance to discuss GE Nuclear Energy and Framatome ANP Richland proprietary information per 5 U.S.C. 552b(c)(4).

The agenda for the subject meeting shall be as follows:

Wednesday, January 16, 2002—1 p.m. until the conclusion of business
Thursday and Friday, January 17–18, 2002—8:30 a.m. until the conclusion of business

The Subcommittee will begin review of: (1) The GE Nuclear Energy Licensing Topical Report NEDC-33004P, “Constant Pressure Power Uprate”, Revision 2, and (2) the Framatome ANP Richland S-RELAP5 realistic thermal-hydraulic code version and its application to large-break LOCA analyses. The purpose of this meeting is to gather information, analyze relevant issues and facts, and formulate proposed positions and actions, as appropriate, for deliberation by the full Committee.

Oral statements may be presented by members of the public with the concurrence of the Subcommittee Chairman. Written statements will be accepted and made available to the Committee. Electronic recordings will be permitted only during those portions of the meeting that are open to the public, and questions may be asked only by members of the Subcommittee, its consultants, and staff. Persons desiring to make oral statements should notify the cognizant ACRS staff engineer named below five days prior to the meeting, if possible, so that appropriate arrangements can be made.

During the initial portion of the meeting, the Subcommittee, along with any of its consultants who may be present, may exchange preliminary views regarding matters to be considered during the balance of the meeting.

The Subcommittee will then hear presentations by and hold discussions with representatives of GE Nuclear Energy, Framatome ANP Richland, the NRC staff, and other interested persons regarding this review.

Further information regarding topics to be discussed, the scheduling of sessions open to the public, whether the meeting has been canceled or rescheduled, and the Chairman’s ruling on requests for the opportunity to present oral statements and the time allotted therefor, can be obtained by contacting the cognizant ACRS staff engineer, Mr. Paul A. Boehnert (telephone 301-415-8065) between 7:30 a.m. and 5:00 p.m. (EST). Persons planning to attend this meeting are

urged to contact the above named individual one or two working days prior to the meeting to be advised of any potential changes to the agenda, etc., that may have occurred.

Dated: December 14, 2001.

Sher Bahadur,

Associate Director for Technical Support.

U.S. COMMISSION ON OCEAN POLICY

Public Meeting

AGENCY: U.S. Commission on Ocean Policy.

ACTION: Notice.

SUMMARY: The U.S. Commission on Ocean Policy will hold its first regional meeting, the Commission's third public meeting, to hear and discuss issues of concern to the Southeastern Region of the United States, covering the coastal area from Delaware to Georgia.

DATES: Meetings will be held Tuesday and Wednesday, January 15 and 16, 2002 from 9 a.m. to 5 p.m., both days.

ADDRESSES: The meeting location is the Physician's Auditorium, College of Charleston, 66 George Street, Charleston, SC, 29424.

FOR FURTHER INFORMATION CONTACT: Mr. Terry Schaff, U.S. Commission on Ocean Policy, 1120 20th Street, NW, Washington, DC, 20036, 202-418-3442, tschaff@nsf.gov.

SUPPLEMENTARY INFORMATION: This meeting is being held pursuant to requirements under the Oceans Act of 2000 (Public Law 106-256, section 3(e)(1)(E)). The agenda will include presentations by invited speakers representing local and regional government agencies and non-governmental organizations, comments from the public and any required administrative discussions and executive sessions. Invited speakers and members of the public are requested to submit their statements for the record electronically by January 10, 2002 to the meeting Point of Contact. Additional meeting information, including a draft agenda, will be posted as available on the Commission's web site at <http://www.oceancommission.gov>.

Dated: December 14, 2001.

Admiral James D. Watkins USN (ret.)

Chairman, U.S. Commission on Ocean Policy.

SECURITIES AND EXCHANGE COMMISSION

[Release No. 34-45154; File No. SR-EMCC-2001-04]

Self-Regulatory Organizations; Emerging Markets Clearing Corporation; Notice of Filing of Proposed Rule Change Relating to Liability of Affiliated Entities

December 14, 2001.

Pursuant to section 19(b)(1) of the Securities Exchange Act of 1934,¹ notice is hereby given that on October 29, 2001, the Emerging Markets Clearing Corporation ("EMCC") filed with the Securities and Exchange Commission ("Commission") the proposed rule change as described in Items I, II, and III below, which Items have been prepared by EMCC. The Commission is publishing this notice to solicit comments on the proposed rule change from interested persons.

I. Self-Regulatory Organization's Statement of the Terms of Substance of the Proposed Rule Change

EMCC proposes to amend its rules in order to limit its liability with respect to affiliated entities. Specifically, EMCC proposes to add a section to its rules that states that, except as otherwise provided by written agreement between EMCC and such other entity, (1) EMCC shall not be liable for any obligations of such other entity and its clearing fund and other assets shall not be available to such other entity and (2) such other entity shall not be liable for any obligations of EMCC and any assets of such other entity shall not be available to EMCC.

II. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

In its filing with the Commission, EMCC included statements concerning the purpose of and basis for the proposed rule change and discussed any comments it received on the proposed rule change. The text of the statements may be examined at the places specified in Item IV below. EMCC has prepared summaries, set forth in sections A, B, and C below, of the most significant aspects of such statements.²

¹ 15 U.S.C. 78s(b)(1).

² The Commission has modified the text of the summaries prepared by EMCC.

A. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

The proposed rule change addresses liability issues that may arise after the completion of the integration of EMCC,³ the Government Securities Clearing Corporation ("GSCC"), and the MBS Clearing Corporation ("MBSCC")⁴ with The Depository Trust and Clearing Corporation ("DTCC"). For purposes of this notice, DTCC, GSCC, MBSCC, EMCC, The Depository Trust Company ("DTC"), and National Securities Clearing Corporation ("NSCC") are collectively referred to as the "Synergy Companies."⁵

An important aspect of the integration plan is to insulate EMCC, its members, and its clearing fund from the risks and obligations that may arise from the activities of the other Synergy Companies.⁶ The proposed rule change will specifically add a new EMCC Rule 9 Section 1 rules that states that EMCC will not be liable for the obligations of any other entity or member of any other entity and that such other entity or member of such other entity shall not be liable for any obligations of EMCC.

EMCC believes that the proposed rule change is consistent with the

³ Pursuant to a separate plan for the integration of EMCC with DTCC, it is contemplated that EMCC will become an operating subsidiary of DTCC at the same time that GSCC and MBSCC become operating subsidiaries of DTCC. However, the transaction involving GSCC and MBSCC is not contingent on the transaction involving EMCC and vice versa. Securities Exchange Act Release No. 44987 (Oct. 25, 2001), 66 FR 55218 (Nov. 1, 2001). NSCC and DTC are currently wholly-owned subsidiaries of DTCC.

⁴ Because of the current functional integration of operations of GSCC and MBSCC, the integration of GSCC with DTCC is contingent upon the successful integration of MBSCC with DTCC and vice versa. Securities Exchange Act Release Nos. 44989 (Oct. 25, 2001), 66 FR 55220 (Nov. 1, 2001) and 44988 (Oct. 25, 2001), 66 FR 55222 (Nov. 1, 2001).

⁵ After the completion of the integration, EMCC, MBSCC, and GSCC shall each be subsidiaries of DTCC, and a single group of individuals shall serve as directors of each of the Synergy Companies. Following the integration, EMCC will continue to exist as a separate registered clearing agency. EMCC's retained earnings existing at the time of (or as of the end of the last full calendar month preceding) the integration of EMCC with DTCC will, as a matter of DTCC policy, be dedicated to supporting the business of EMCC. EMCC will be managed and operated so as to be appropriately capitalized for its activities as a clearing agency.

⁶ Similarly, the integration plan attempts to insulate GSCC and MBSCC from the risks of EMCC's business. Securities Exchange Act Release Nos. 45155 (Dec. 14, 2001) (SR-GSCC-2001-14); 45153 (Dec. 14, 2001) (SR-MBSCC-2001-04). See also Securities Exchange Act Release Nos. 42013 (Oct. 15, 1999), 64 FR 57168 (Oct. 22, 1999) (SR-DTC-99-11) and 42014 (Oct. 15, 1999), 64 FR 57171 (Oct. 22, 1999) (SR-NSCC-99-07) (DTC and NSCC have adopted rules similar to this proposed rule as part of their 1999 integration with DTCC.)
