

- May 24, 2002 for applicant institutions that wish to apply only for cost-sharing waivers under the FSEOG, FWS, SSS or UISFL Programs.

- March 29, 2002 for applicant institutions that wish to apply for both a grant under the Title III SIP, TCCU, and ANNH Programs or the Title V HSI Program and a waiver of the cost-sharing requirements under the FSEOG, FWS, SSS or UISFL Programs.

Electronic Submission of Applications: For FY 2002, we are again offering applicant institutions the option of submitting their Designation of Eligibility application in hard copy or sending it electronically to our eligibility web site at: <http://webprod.cbmiweb.com/Title3and5/index.html>

To enter the web site, you must use your institution's unique 8-digit identifier, i.e., your Office of Postsecondary Education Identification Number (OPE ID number). If you receive a hard copy of the eligibility application and instructions from us in the mail, look for the OPE ID number on the address label. Otherwise, your business office or student financial aid office should have the OPE ID number. If your business office or student financial aid office does not have that OPE ID number, contact a Department of Education staff member using the e-mail address located at the end of the Web page or the contact persons' telephone numbers or e-mail addresses included in this notice.

You will find detailed instructions for completing the form electronically under the "eligibility 2002" link at either of the following web sites:

<http://www.ed.gov/offices/OPE/HEP/idues/title3a.html>

or

<http://www.ed.gov/hsi>.

We encourage applicants to complete their form electronically and to complete it as soon as possible. For institutions of higher education that are unable to meet the needy student enrollment requirement or the E&G expenditure requirement and wish to request a waiver of one or both of those requirements, you may complete your designation application form on-line, print the form, and attach your narrative waiver request(s) to the printed form and mail both to the address in the next paragraph.

Mail your Designation of Eligibility application request to: U.S. Department of Education, 1990 K Street, NW, Request for Eligibility Designation, Washington, DC 20202-8513.

DEPARTMENT OF ENERGY

Federal Energy Regulatory Commission

[Docket No. CP02-49-000]

Great Lakes Gas Transmission Limited Partnership; Notice of Application

December 18, 2001.

Take notice that on December 12, 2001, Great Lakes Gas Transmission Limited Partnership (Great Lakes), 5250 Corporate Drive, Troy, Michigan 48098, filed in Docket No. CP02-49-000, an application pursuant to section 7(b) of the Natural Gas Act (NGA) for authorization to abandon certain meter station facilities on Great Lakes' system, located in Clare County, Michigan, all as more fully set forth in the application which is on file with the Commission and open to public inspection. Copies of this filing are on file with the Commission and are available for public inspection. This filing may be viewed on the web at <http://www.ferc.gov> using the "RIMS" link, select "Docket #" from the RIMS Menu and follow the instructions (call (202) 208-2222 for assistance).

Great Lakes proposes to abandon its Summerfield Meter Station facilities, located in Clare County, Michigan, by removal of all above-ground and below-ground appurtenances upstream of Great Lakes' preexisting Mainline Branch Valve 11-5. Great Lakes states that the facilities to be abandoned include minor valves and fittings, 300 linear feet of nominal 2-inch diameter pipeline, a separator, condensate tank, heater, fence, building, and miscellaneous related facilities. Great Lakes indicates that it intends to salvage a 2-inch positive displacement meter and gas sampling equipment; all other items removed will be disposed of as scrap and/or solid waste, as appropriate.

On April 2, 1986, in Docket No. CP86-12-000, 35 FERC ¶ 62,038 (1986), the Commission issued a certificate to Great Lakes authorizing the construction and operation of a tap and metering facilities in Summerfield Township, Clare County, Michigan. Great Lakes declares that construction and operation of the Summerfield Meter Station was necessary for Great Lakes to provide

certain interruptible transportation service to Michigan Consolidated Gas Company (MichCon). Great Lakes avers that the facilities were placed into service on September 26, 1986.

Great Lakes states that since that time, MichCon removed its interconnecting facilities at the Summerfield receipt point. Great Lakes declares that MichCon has not delivered gas at the Summerfield receipt point since April of 1988, and has indicated it does not oppose Great Lakes' abandonment of the facilities there. Great Lakes asserts that no other customer's service utilizes the subject facilities.

Great Lakes states that the estimated cost to abandon the subject facilities is \$50,000.

Any questions regarding this application should be directed to M. Catharine Davis, Senior Attorney, Great Lakes Gas Transmission Company, 5250 Corporate Drive, Troy, Michigan 48098, at (248) 205-7593.

There are two ways to become involved in the Commission's review of this project. First, any person wishing to obtain legal status by becoming a party to the proceedings for this project should, on or before January 8, 2002, file with the Federal Energy Regulatory Commission, 888 First Street, NE., Washington, DC 20426, a motion to intervene in accordance with the requirements of the Commission's rules of practice and procedure (18 CFR 385.214 or 385.211) and the Regulations under the NGA (18 CFR 157.10). A person obtaining party status will be placed on the service list maintained by the Secretary of the Commission and will receive copies of all documents filed by the applicant and by all other parties. A party must submit 14 copies of filings made with the Commission and must mail a copy to the applicant and to every other party in the proceeding. Only parties to the proceeding can ask for court review of Commission orders in the proceeding.

However, a person does not have to intervene in order to have comments considered. The second way to participate is by filing with the Secretary of the Commission, as soon as possible, an original and two copies of comments in support of or in opposition to this project. The Commission will consider these comments in determining the appropriate action to be taken, but the filing of a comment alone will not serve to make the filer a party to the proceeding. The Commission's rules require that persons filing comments in opposition to the project provide copies of their protests only to the party or parties directly involved in the protest.

Persons who wish to comment only on the environmental review of this project should submit an original and two copies of their comments to the Secretary of the Commission. Environmental commenters will be placed on the Commission's environmental mailing list, will receive copies of the environmental documents, and will be notified of meetings associated with the Commission's environmental review process. Environmental commenters will not be required to serve copies of filed documents on all other parties. However, the non-party commenters will not receive copies of all documents filed by other parties or issued by the Commission (except for the mailing of environmental documents issued by the Commission) and will not have the right to seek court review of the Commission's final order.

The Commission may issue a preliminary determination on non-environmental issues prior to the completion of its review of the environmental aspects of the project. This preliminary determination typically considers such issues as the need for the project and its economic effect on existing customers of the applicant, on other pipelines in the area, and on landowners and communities. For example, the Commission considers the extent to which the applicant may need to exercise eminent domain to obtain rights-of-way for the proposed project and balances that against the non-environmental benefits to be provided by the project. Therefore, if a person has comments on community and landowner impacts from this proposal, it is important either to file comments or to intervene as early in the process as possible.

Comments, protests and interventions may be filed electronically via the Internet in lieu of paper. See, 18 CFR 385.2001(a)(1)(iii) and the instructions on the Commission's Web site under the "e-Filing" link.

If the Commission decides to set the application for a formal hearing before an Administrative Law Judge, the Commission will issue another notice describing that process. At the end of the Commission's review process, a final Commission order approving or denying a certificate will be issued.

Acting Secretary.

DEPARTMENT OF ENERGY

Federal Energy Regulatory Commission

[Docket No. ER02-73-000]

Llano Estacado Wind, LP; Notice of Filing

December 18, 2001.

Take notice that on December 12, 2001, Llano Estacado Wind, LP (Llano Estacado Wind) tendered for filing with the Federal Energy Regulatory Commission (Commission) pursuant to section 205 of the Federal Power Act, and part 35 of the Commission's regulations, a supplemental filing in response to the Commission's December 10, 2001 Letter Order in the above-captioned proceeding. The supplement clarifies the ownership structures of Llano Estacado Wind and certain other entities.

Any person desiring to be heard or to protest such filing should file a motion to intervene or protest with the Federal Energy Regulatory Commission, 888 First Street, NE., Washington, DC 20426, in accordance with rules 211 and 214 of the Commission's rules of practice and procedure (18 CFR 385.211 and 385.214). All such motions and protests should be filed on or before the comment date. Protests will be considered by the Commission to determine the appropriate action to be taken, but will not serve to make protestants parties to the proceedings. Any person wishing to become a party must file a motion to intervene. Copies of this filing are on file with the Commission and are available for public inspection. This filing may also be viewed on the Commission's web site at <http://www.ferc.gov> using the "RIMS" link, select "Docket#" and follow the instructions (call 202-208-2222 for assistance). Comments, protests and interventions may be filed electronically via the internet in lieu of paper. See, 18 CFR 385.2001(a)(1)(iii) and the instructions on the Commission's web site under the "e-filing" link.

Comment Date: December 26, 2001.
