Invitational Priority 2

Projects to promote innovative reforms in the curriculum and instruction at the college preparation, undergraduate, and graduate/professional levels, especially through student-centered or technology-mediated strategies.

Invitational Priority 3

Projects designing more cost-effective ways of improving postsecondary instruction and operations, i.e., to promote more student learning relative to institutional resources expended.

Invitational Priority 4

Projects to support new ways of ensuring equal access to postsecondary education, and to improve rates of retention and program completion, especially for underrepresented students whose retention and completion rates continue to lag behind those of other groups.
