## DEPARTMENT OF ENERGY

### Federal Energy Regulatory Commission

[Docket No. ER01-2644-000, 001, 002, and 003]

#### Colton Power, L.P.; Notice of Issuance of Order

January 31, 2002.

Colton Power, L.P. (Colton Power) submitted for filing a tariff that provides for the sales of capacity, energy, and ancillary services at market-based rates. Colton Power also requested waiver of various Commission regulations. In particular, Colton Power requested that the Commission grant blanket approval under 18 CFR part 34 of all future issuances of securities and assumptions of liability by Colton Power.

On January 30, 2002, the Commission issued an order (Order) that accepted Colton Power's application, subject to any tariff condition adopted by the Commission in Docket No. ER01-118-000.

The Commission's January 30, 2002 Order granted Colton Power's request for blanket approval under Part 34, subject to the conditions found in Appendix A in Ordering Paragraphs (2), (3), and (5):

(2) Within 30 days of the date of this order, any person desiring to be heard or to protest the Commission's blanket approval of issuances of securities or assumptions of liabilities by Colton Power should file a motion to intervene or protest with the Federal Energy Regulatory Commission, 888 First Street, NE., Washington, DC 20426, in accordance with Rules 211 and 214 of the Commission's Rules of Practice and Procedure, 18 CFR 385.211 and 385.214.

(3) Absent a request to be heard within the period set forth in Ordering

Paragraph (2) above, Colton Power is hereby authorized to issue securities and assume obligations and liabilities as guarantor, indorser, surety or otherwise in respect of any security of another person; provided that such issue or assumption is for some lawful object within the corporate purposes of Colton Power, compatible with the public interest, and reasonably necessary or appropriate for such purposes.

(5) The Commission reserves the right to modify this order to require a further showing that neither the public nor private interests will be adversely affected by continued Commission approval of the Colton Power's issuances of securities or assumptions of liabilities \* \* \*.

Notice is hereby given that the deadline for filing motions to intervene or protests, as set forth above, is February 25, 2002.

Copies of the full text of the Order are available from the Commission's Public Reference Branch, 888 First Street, NE, Washington, DC 20426. The Order may also be viewed on the Internet at <http://www.ferc.fed.us/online/rims.htm> (call 202-208-2222 for assistance). Comments, protests, and interventions may be filed electronically via the internet in lieu of paper. See, 18 CFR 385.2001(a)(1)(iii) and the instructions on the Commission's Web site at <http://www.ferc.fed.us/efi/doorbell.htm>.

## DEPARTMENT OF ENERGY

### Federal Energy Regulatory Commission

[Docket No. CP00-40-006]

#### Florida Gas Transmission Company; Notice of Amendment

January 31, 2002.

Take notice that on January 22, 2002, Florida Gas Transmission Company (FGT), 1400 Smith Street, Houston, Texas 77002, filed in Docket No. CP00-40-006, an application pursuant to Section 7(c) of the Natural Gas Act to amend the certificate of public convenience and necessity issued to FGT on July 27, 2001, in Docket Nos. CP00-40-000, *et al.*, authorizing the construction and operation of the Phase V Expansion. FGT seeks to amend the certificate in order to relocate the site of the proposed Compressor Station No. 31 (Station 31), and modify related environmental conditions listed in the

appendix to the July 27 order, all as more fully set forth in the application which is on file with the Commission and open to public inspection. Copies of this filing are on file with the Commission and are available for public inspection. This filing may also be viewed on the web at <http://www.ferc.gov> using the "RIMS" link, select "Docket #" and follow the instructions (call 202-208-2222 for assistance).

As part the Phase V Expansion, FGT was authorized to construct Station 31 at a site in Osceola County, Florida. The City of Kissimmee, Osceola County, and local residents objected to the location, and some parties sought rehearing of the July 27 order with respect to the location of Station 31.

FGT states that, in an effort to accommodate the desires of local residents and resolve their disagreement with the Commission's decision with respect to the location of Station 31, FGT has identified an alternate site for Station 31, also located in Osceola County, but which, upon removal of an RV Park in May 2002, will have no residences within a half-mile radius. FGT's amendment application includes letters from The City of Kissimmee and Osceola County expressing their support for the alternate location proposed in the amendment and stating that they will withdraw their requests for rehearing of the Commission's authorization of the initial proposed site of Station 31 after a final Commission order authorizing the new location. Consequently, FGT requests revision of Environmental Condition No. 27 and elimination of Environmental Condition No. 28 which require FGT to work with The City of Kissimmee and Osceola County to develop a landscaping plan and exterior design to mitigate the impact on residents located near the originally proposed site.

FGT states that it will utilize the same horsepower and unit, as previously approved, and that there will be no loss in FGT's ability to serve all firm requirements. FGT requests that its amendment be approved by April 1, 2002, so that the facilities can be placed in-service as quickly as possible.

Any questions concerning this application may be directed to Mr. Stephen T. Veatch, Director of Certificates and Regulatory Reporting, Suite 3997, 1400 Smith Street, Houston, TX 77002 or call (713) 853-6549.

There are two ways to become involved in the Commission's review of this project. First, any person wishing to obtain legal status by becoming a party to the proceedings for this project should, on or before February 21, 2002,
