

that year on its sales of electricity to CIL. Consequently, in 1997 Trinidad and Tobago Wire Rod, the Department determined that, under section 771(5)(E) of the Act, the GOTT was bestowing a benefit on CIL through TTEC's provision of electricity during the year of 1996. See 1997 Trinidad and Tobago Wire Rod, 62 FR at 55007.

In the current investigation, the GOTT provided in its questionnaire responses the TTEC Cost of Service Studies for 1999 and 2000. These Cost of Service Studies indicate that TTEC realized profits on its sales under the Rate E customer category. As noted above, in 1997 Trinidad and Tobago Wire Rod, we found this program to bestow a benefit because the 1996 Cost of Service Study indicated that TTEC had incurred losses on its sales to CIL (Rate E). See 1997 Trinidad and Tobago Wire Rod, 62 FR at 55007. Consequently, as TTEC earned a profit on the rate E customer category during the POI, we preliminarily determine that the GOTT did not receive less than adequate remuneration under section 771(5)(E) of the Act for its provision of electricity to CIL.

On this basis, we preliminarily determine that the provision of electricity is not countervailable.

III. Programs Preliminarily Determined Not To Have Been Used

Based on the information provided in the responses, we determine that CIL neither applied for nor received benefits under the following programs during the POI:

- A. Export Allowance Under Act No. 14
- B. Export Market Development Grants
- C. Export Promotion Allowance
- D. Corporate Tax Exemptions Under the Fiscal Incentives Act

Verification

In accordance with section 782(i)(1) of the Act, we will verify the information submitted by the respondents prior to making our final determination.

Suspension of Liquidation

In accordance with section 703(d)(1)(A)(i) of the Act, we calculated an individual rate for each manufacturer of the subject merchandise. We preliminarily determine the total estimated net countervailable subsidy rate for CIL to be the following:

Producer/Exporter	Net Subsidy Rate
Caribbean Ispat Limited	8.38%
All Others	8.38%

In accordance with sections 777A(e)(2)(B) and 705(c)(5)(A), we have set the "all others" rate as CIL's rate.

Moreover, in accordance with section 703(d) of the Act, we are directing the U.S. Customs Service to suspend liquidation of all unliquidated entries of wire rod from Trinidad and Tobago for CIL and for any non-investigated exporters that entered, or were withdrawn from warehouse, for consumption on or after the date of the publication of this notice in the Federal Register, and to require a cash deposit or bond for such entries of the merchandise in the amounts indicated above. This suspension will remain in effect until further notice. However, this suspension of liquidation may not remain in effect for more than four months pursuant to section 703(d)(3) of the Act.

ITC Notification

In accordance with section 703(f) of the Act, we will notify the ITC of our determination. In addition, we are making available to the ITC all nonprivileged and nonproprietary information relating to this investigation. We will allow the ITC access to all privileged and business proprietary information in our files, provided the ITC confirms that it will not disclose such information, either publicly or under an administrative protective order, without the written consent of the Assistant Secretary for Import Administration.

In accordance with section 705(b)(2) of the Act, if our final determination is affirmative, the ITC will make its final determination within 45 days after the Department makes its final determination.

Public Comment

Case briefs for this investigation must be submitted no later than one week after the issuance of the last verification report. Rebuttal briefs must be filed within five days after the deadline for submission of case briefs. A list of authorities relied upon, a table of contents, and an executive summary of issues should accompany any briefs submitted to the Department. Executive summaries should be limited to five pages total, including footnotes.

Section 774 of the Act provides that the Department will hold a public hearing to afford interested parties an opportunity to comment on arguments raised in case or rebuttal briefs, provided that such a hearing is requested by an interested party. If a request for a hearing is made in this investigation, the hearing will tentatively be held two days after the deadline for submission of the rebuttal briefs at the U.S. Department of Commerce, 14th Street and Constitution

Avenue, NW, Washington, DC 20230. Parties should confirm by telephone the time, date, and place of the hearing 48 hours before the scheduled time.

Interested parties who wish to request a hearing, or to participate if one is requested, must submit a written request to the Assistant Secretary for Import Administration, U.S. Department of Commerce, Room 1870, within 30 days of the publication of this notice. Requests should contain: (1) the party's name, address, and telephone number; (2) the number of participants; and (3) a list of the issues to be discussed. Oral presentations will be limited to issues raised in the briefs.

This determination is published pursuant to sections 703(f) and 777(i) of the Act.

SUPPLEMENTARY INFORMATION:

A. Purpose

The information relative to the place of performance and owner of plant or facility, if other than the prospective contractor, is a basic requirement when contracting for supplies or services (including construction). This information is instrumental in determining bidder responsibility, responsiveness, and price reasonableness. A prospective contractor must affirmatively demonstrate its responsibility. Hence, the Government must be apprised of this information prior to award. The contracting officer must know the place of performance and the owner of the plant or facility to (a) determine bidder responsibility; (b) determine price reasonableness; (c) conduct plant or source inspections; and (d) determine whether the prospective contractor is a manufacturer or a regular dealer. The information is used to determine the firm's eligibility for awards and to assure proper preparation of the contract.
