IV. Next Steps

The NAC/AEGL Committee plans to publish "Proposed" AEGL values for five-exposure periods for other chemicals on the priority list of 85 in groups of approximately 10 to 20 chemicals in future **Federal Register** notices during the calendar year 2002.

The NAC/AEGL Committee will review and consider all public comments received on this notice, with revisions to the "Proposed" AEGL values as appropriate. The resulting AEGL values will be established as "Interim" AEGLs and will be forwarded to the National Research Council, National Academy of Sciences (NRC/NAS), for review and comment. The "Final" AEGLs will be published under the auspices of the NRC/NAS following concurrence on the values and the scientific rationale used in their development.

List of Subjects

Environmental protection, Acute exposure guideline levels, Hazardous substances.

Dated: February 1, 2002.

Susan B. Hazen,

Acting Assistant Administrator for Prevention, Pesticides and Toxic Substances.

ENVIRONMENTAL PROTECTION AGENCY

[FRL-7146-3]

42 U.S.C. 122(l), Proposed Administrative Agreement for Collection of CERCLA Response and Oversight Costs

AGENCY: Environmental Protection Agency (USEPA).

ACTION: Proposed CERCLA 122(h) Administrative Agreement.

SUMMARY: USEPA is proposing to execute an Administrative Agreement (Agreement) under Section 122 of CERCLA for collection of a percentage of response and oversight costs at the Chippewa Avenue Area Groundwater Contamination Superfund Site. The Respondent has agreed to pay \$65,000 out of total unrecovered response and oversight costs of approximately \$695,582,81, and in return will receive a covenant not to sue and contribution protection from USEPA. USEPA today is proposing to execute this Agreement because the settlement, in combination with \$1,000,000 received for the Site pursuant to an April 15, 1993, settlement of a USEPA claim in the LTV Steel bankruptcy proceedings, achieves collection of approximately 63% of total Site costs.

DATES: Comments on this proposed settlement must be received on or before March 18, 2001.

ADDRESSES: Copies of the proposed settlement are available at the following address for review: (It is recommended that you telephone Fouad Dababneh at

(312) 353-3944 before visiting the Region V Office). Fouad Dababneh, U.S. Environmental Protection Agency, Region V, 77 W. Jackson Boulevard, (SR-6J), Chicago, Illinois 60604-3590, (312) 353-3944.

Comments on this proposed settlement should be addressed to: (Please submit an original and three copies, if possible) Fouad Dababneh, U.S. Environmental Protection Agency, Region V, 77 W Jackson Boulevard, (SR-6J), Chicago, Illinois 60604-3590, (312) 353-3944.

FOR FURTHER INFORMATION CONTACT: Fouad Dababneh at (312) 353-3944.

SUPPLEMENTARY INFORMATION: The Chippewa Site is an approximately four square mile area centered on the intersection of Chippewa and Main streets in South Bend, Indiana. Located within the Chippewa Avenue Area Groundwater contamination Site are the Rum Village and South Well Field municipal drinking water supply wells. In 1997, the City of South Bend and the Indiana Department of Environmental Management (IDEM) requested EPA assistance in investigating dissolved solvents contamination in the South and Rum Village well fields. Accordingly, in response to the release or threatened release of hazardous substances at or from the Site, EPA undertook response actions at the Site pursuant to Section 104 of CERCLA, 42 U.S.C. 9604.

In October 1997, Region 5 initiated a groundwater investigation to identify the types and concentrations of groundwater contaminants in the vicinity of the South Well Field. Data from the groundwater investigation was intended to be used in the design of an interim treatment system for the South Well Field. In 1998, however, IDEM entered into an agreement with certain parties, including The Toro Corporation, for installation of an air stripper treatment system for the two well fields. The air stripper system has since been installed. As a result, Region 5 does not expect to incur additional costs for the Site.

As a part of an April 15, 1993, bankruptcy settlement with LTV Steel, AM General (a subsidiary of LTV Steel)

agreed to pay \$1,000,000 into the Superfund in exchange for the United States' agreement not to object to AM General's liquidation plan on the basis that the plan failed to provide for remediation of the AM General facility in South Bend, Indiana. The AM General facility is within the Chippewa Avenue Area Groundwater Contamination Site and so EPA placed the LTV Steel bankruptcy funds into a special account for this site.

Total EPA costs through June 30, 2001 are \$1,695,582.81. Of that amount, \$1,000,000 has been offset against a special account for the Site leaving a balance of \$695,582.81.

A 30-day period, beginning on the date of publication, is open pursuant to section 122(I) of CERCLA for comments on the proposed Administrative Agreement. Comments should be sent to Fouad Dababneh (SR-6J), U.S. Environmental Protection Agency, Region V, 77 W. Jackson Boulevard, Chicago, Illinois 60604-3590.

William E. Muno,

Director, Superfund Division.

BILLING CODE 6560-50-M

FEDERAL COMMUNICATIONS COMMISSION

Notice of Public Information Collection(s) Being Submitted to OMB for Review and Approval

January 24, 2002.

SUMMARY: The Federal Communications Commissions, as part of its continuing effort to reduce paperwork burden invites the general public and other Federal agencies to take this opportunity to comment on the following information collection, as required by the Paperwork Reduction Act of 1995, Public Law 104-13. An agency may not conduct or sponsor a collection of information unless it displays a currently valid control number. No person shall be subject to any penalty for failing to comply with a collection of information subject to the Paperwork Reduction Act (PRA) that does not display a valid control number. Comments are requested concerning (a) whether the proposed collection of information is necessary for the proper performance of the functions of the Commission, including whether the information shall have practical utility; (b) the accuracy of the Commission's burden estimate; (c) ways to enhance the quality, utility, and clarity of the information collected; and (d) ways to minimize the burden of the collection of

information on the respondents, including the use of automated collection techniques or other forms of information technology.

DATES: Written comments should be submitted on or before March 18, 2002. If you anticipate that you will be submitting comments, but find it difficult to do so within the period of time allowed by this notice, you should advise the contact listed below as soon as possible.

ADDRESSES: Direct all comments to Les Smith, Federal Communications Commission, Room 1-A804, 445 12th Street, SW., Washington, DC 20554 or via the Internet to lesmith@fcc.gov.

FOR FURTHER INFORMATION CONTACT: For additional information or copies of the information collections contact Les Smith at (202) 418-0217 or via the Internet at lesmith@fcc.gov.

SUPPLEMENTARY INFORMATION:

OMB Control Number: 3060-0496.

Title: The ARMIS Operating Data Report.

Form Number: FCC Report 43-08.

Type of Review: Extension of a currently approved collection.

Respondents: Business or other for-profit entities.

Number of Respondents: 50.

Estimated Time per Response: 160 hours.

Frequency of Response:

Recordkeeping; Annual reporting requirements.

Total Annual Burden: 8,000 hours.

Total Annual Costs: None.

Needs and Uses: Section 220 of the Communications Act of 1934, as amended, 47 U.S.C. 220, (the "Act"), allows the FCC, at its discretion, to prescribe the forms of any and all accounts, records, and memoranda to be kept by carriers subject to this Act, including the accounts, records, memoranda of the movement of traffic, and the receipts and expenditures of monies. The FCC may, under 47 section 219(b) of the Act, require carriers to file annual reports concerning any matters with respect to which the Commission is authorized or required by law to act. 47 CFR section 43.21 of the Commission's rules detail that requirement. ARMIS facilitates the timely and efficient analysis of revenue requirements, rates of return, and price caps; provides an improved basis for audits and other oversight functions; and enhances the FCC's ability to quantify the effects of alternative policies. The ARMIS 43-08 Report collects network operating data in a consistent, detailed format; monitors network growth, usage, and reliability; and thus enables the FCC to fulfill its regulatory responsibilities.

OMB Control Number: 3060-0763.

Title: The ARMIS Customer Satisfaction Report.

Form Number: FCC Report 43-06.

Type of Review: Extension of a currently approved collection.

Respondents: Business or other for-profit entities.

Number of Respondents: 8.

Estimated Time per Response: 720 hours.

Frequency of Response: Annual reporting requirements.

Total Annual Burden: 5,760 hours.

Total Annual Costs: None.

Needs and Uses: Section 220 of the Communications Act of 1934, as amended, 47 U.S.C. 220, allows the FCC, at its discretion, to prescribe the forms of any and all accounts, records, and memoranda to be kept by carriers subject to this Act, including the accounts, records, and memoranda of the movement of traffic, and the receipts and expenditures of monies. 47 U.S.C. 219(b) of the Act authorizes the FCC to require carriers subject to this Act to file annual reports concerning any matters with respect to which the FCC is authorized or required by law to act. 47 CFR section 43.21 of the Commission's rules detail that requirement. ARMIS facilitates the timely and efficient analysis of revenue requirements, rates of return, and price caps; provides an improved basis for audits and other oversight functions; and enhances the FCC's ability to quantify the effects of alternative policies. The Customer Satisfaction Report is compiled from surveys conducted by individual carriers on their customers. The ARMIS 43-06 Report enables the Commission to fulfill its regulatory responsibilities.

OMB Control Number: 3060-0800.

Title: FCC Wireless

Telecommunications Bureau Application for Assignment of Authorization and Transfers of Control.

Form Number: FCC 603.

Type of Review: Revision of a currently approved collection.

Respondents: Business or other for-profit entities; Not-for-profit institutions; Individuals or households; and State, local, or tribal government.

Number of Respondents: 32,151.

Estimated Time per Response: 0.5 to 1.75 hours.

Frequency of Response: On occasion reporting requirements.

Total Annual Burden: 36,171 hours.

Total Annual Costs: \$7,073,395.

Needs and Uses: Applicants and/or licensees in the Public Mobile Services, Personal Communication Services, Private Land Mobile Services, Broadcast Auxiliary Services, Fixed Microwave
