The Applicable Statute

Unless otherwise indicated, all citations to the Tariff Act of 1930, as amended (the "Act"), are references to the provisions effective January 1, 1995, the effective date of the amendments made to the Act by the Uruguay Round Agreements Act ("URAA"). In addition, unless otherwise indicated, all citations to the Department of Commerce's ("Department") regulations are to 19 CFR part 351 (2001).

Background

On February 25, 1997, the Department issued the antidumping duty orders on dinnerware from Indonesia, China, and Taiwan, and amended final determination of sales at less than fair value on dinnerware from Indonesia (62 FR 8426). Pursuant to section 751(c) of the Tariff Act of 1930, as amended ("the Act") and 19 CFR 351.218, the Department initiated sunset reviews of these orders by publishing a notice of the initiation in the **Federal Register**, January 2, 2002, (67 FR 57). In addition, as a courtesy to interested parties, the Department sent letters, via certified and registered mail, to each party listed on the Department's most current service list for these proceedings to inform them of the automatic initiation of a sunset review of these orders.

No domestic interested parties in any of these sunset reviews of these orders responded to the notice of initiation by the January 17, 2002, deadline (*see* 351.218 (d)(1)(i)).

Determination to Revoke

Pursuant to section 751(c)(3)(A) of the Act and 19 CFR 351.218(d)(1)(iii)(B)(3), if no domestic interested party responds to the notice of initiation, the Department shall issue a final determination, within 90 days after the initiation of the review, revoking the order. Because no domestic interested party responded to the notice of initiation by the applicable deadline, January 17, 2002 (*see* 19 CFR 351.218 (d)(1)(i) and 19 CFR 351.218 (e)(1)(i)(C)(1)) of the Sunset Regulations), we are revoking these antidumping duty orders.

Effective Date of Revocation

In accordance with sections 751(c)(3)(A) and 751(d)(2) of the Act, and 19 CFR 351.222(i)(2)(i), the Department will instruct the Customs Service to terminate the suspension of liquidation of the merchandise subject

to these orders entered, or withdrawn from warehouse, on or after February 25, 2002. Entries of subject merchandise prior to the effective date of revocation will continue to be subject to suspension of liquidation and antidumping/countervailing duty deposit requirements. The Department will complete any pending administrative reviews of these orders and will conduct administrative reviews of subject merchandise entered prior to the effective date of revocation in response to appropriately filed requests for review.

Dated: February 12, 2002.

Assistant Secretary for Import Administration.

AGENCY: Import Administration, International Trade Administration, Department of Commerce.

ACTION: Notice of Final Results of Changed Circumstances Review, and Revocation in Part of Antidumping Duty Order.

SUMMARY:

On December 31, 2001, the Department of Commerce ("the Department") published a notice of initiation and preliminary results of a changed circumstances review with the intent to revoke, in part, the antidumping duty order on certain corrosion-resistant carbon steel flat products from Japan. SUPPLEMENTARY INFORMATION:

Background

On November 21, 2001, Dana Glacier Daido America, LLC ("Dana") requested that the Department revoke in part the antidumping duty order on certain corrosion-resistant carbon steel flat products from Japan. Specifically, Dana requested that the Department revoke the order with respect to imports meeting the following specifications: carbon steel coil or strip, measuring a minimum of and including 1.10 millimeters to a maximum of and including 4.90 millimeters in overall thickness, a minimum of and including 76.00 millimeters to a maximum of and including 250.00 millimeters in overall width, with a low carbon steel back comprised of: carbon under 0.10%, manganese under 0.40%, phosphorus under 0.04%, sulfur under 0.05%, and silicon under 0.05%; clad with aluminum alloy comprised of: under 2.51% copper, under 15.10% tin, and remainder aluminum as listed on the mill specification sheet.

On November 29, 2001, domestic producers of the like product, Bethlehem Steel Corporation, LTV Steel Company, Inc., National Steel Corporation, and U.S. Steel Group LLC, informed the Department that they have no interest in the importation or sale of steel from Japan with these specialized characteristics. Subsequently, as noted above, we gave interested parties an opportunity to comment on the Initiation and Preliminary Results. We received no comments from interested parties.
