COMMENTS: Contact Suzanne H. Plimpton, Reports Clearance Officer, National Science Foundation, 4201 Wilson Boulevard, Suite 295, Arlington, Virginia 22230; telephone (703) 292-7556; or send email to splimpto@nsf.gov. Individuals who use a telecommunications device for the deaf (TDD) may call the Federal Information Relay Service (FIRS) at 1-800-877-8339 between 8 a.m. and 8 p.m., Eastern time, Monday through Friday. You also may obtain a copy of the data collection instrument and instructions from Ms. Plimpton.

SUPPLEMENTARY INFORMATION:

Title of Collection: NSF Surveys to Measure Customer Service Satisfaction.

OMB Number: 3145-0157.

Expiration Date of Approval: September 30, 2002.

Type of Request: Intent to seek approval to renew an information collection.

Abstract

Proposed Project: On September 11, 1993, President Clinton issued Executive Order 12862, "Setting Customer Service Standards," which calls for Federal agencies to provide service that matches or exceeds the best service available in the private sector. Section 1(b) of that order requires agencies to "survey customers to determine the kind and quality of services they want and their level of satisfaction with existing services." The National Science Foundation (NSF) has an ongoing need to collect information from its customer community (primarily individuals and organizations engaged

in science and engineering research and education) about the quality and kind of services it provides and use that information to help improve agency operations and services.

Use of the Information

Estimate of Burden: The burden on the public will change according to the needs of each individual customer satisfaction survey; however, each survey is estimated to take approximately 30 minutes per response.

Respondents: Will vary among individuals or households; business or other for-profit; not-for-profit institutions; farms; Federal government; State, local or tribal governments.

Estimated Number of Responses per Survey: This will vary by survey.

Comments: Comments are invited on (a) whether the proposed collection of information is necessary for the proper performance of the functions of the Agency, including whether the information shall have practical utility; (b) the accuracy of the Agency's estimate of the burden of the proposed collection of information; (c) ways to enhance the quality, utility, and clarity of the information on respondents, including through the use of automated collection techniques or other forms of information technology; and (d) ways to minimize the burden of the collection of information on those who are to respond, including through the use of appropriate automated, electronic, mechanical, or other technological collection techniques or other forms of information technology.

Dated: February 19, 2002.

Individuals who use a telecommunications device for the deaf (TDD) may call the Federal Information Relay Service (FIRS) at 1-800-877-8339 between 8 a.m. and 8 p.m. Eastern time, Monday through Friday.

SUPPLEMENTARY INFORMATION:

Title of Collection: "National Science Foundation Applicant Survey."

OMB Approval Number: 3145-0096.

Expiration Date of Approval: August 31, 2002.

Type of Request: Intent to seek approval to extend with revision an information collection for three years.

Proposed Project: The current National Science Foundation Applicant survey has been in use for several years. Data are collected from applicant pools to examine the racial/sexual/disability composition and to determine the source of information about NSF vacancies.

Use of the Information: Analysis of the applicant pools is necessary to determine if NSF's targeted recruitment efforts are reaching groups that are underrepresented in the Agency's workforce and/or to defend the Foundation's practices in discrimination cases.

Burden on the Public: The Foundation estimates about 5,000 responses

annually at 3 minutes per response; this computes to approximately 250 hours annually.

Dated: February 20, 2002.

SUPPLEMENTARY INFORMATION:

Title of Collection: Fellowship Applications and Award Forms.

OMB Approval Number: 3145-0023.

Expiration Date of Approval: September 30, 2002.

Type of Request: Intent to seek approval to extend without revision an information collection for three years.

Abstract

Section 10 of the National Science Foundation Act of 1950 (42 U.S.C. 1861 *et seq.*), as amended, states that "The Foundation is authorized to award, within the limits of funds made available * * * scholarships and graduate fellowships for scientific study or scientific work in the mathematical, physical, medical, biological,

engineering, social, and other sciences at appropriate nonprofit American or nonprofit foreign institutions selected by the recipient of such aid, for stated periods of time."

The Foundation Fellowship Programs are designed to meet the following objectives:

- To assure that some of the Nation's most talented students in the sciences obtain the education necessary to become creative and productive scientific researchers.
- To train or upgrade advanced scientific personnel to enhance their abilities as teachers and researchers.
- To promote graduate education in the sciences, mathematics, and engineering at institutions that have traditionally served ethnic minorities.
- To encourage pursuit of advanced science degrees by students who are members of ethnic groups traditionally under-represented in the Nation's advanced science personnel pool.

The list of fellowship award programs sponsored by the Foundation includes, but may not be limited to, the following:

NSF Graduate Research Fellowships

Graduate Fellowships
 Minority Graduate Fellowships
 Women in Engineering and Computer & Information Science
 Earth Sciences Postdoctoral Research Fellowships
 Postdoctoral Research Fellowships in Chemistry
 Mathematical Sciences Postdoctoral Research Fellowships
 NSF-NATO Postdoctoral Fellowships and Supporting Engineering Minority Postdoctoral Research Fellowships and Supporting Activities
 Postdoctoral Research Fellowships in Microbial Biology
 Postdoctoral Research Fellowships in Biological Informatics
 Ridge Inter-Disciplinary Global Experiments
 Advanced Study Institute Travel Awards

International Opportunities for Scientists and Engineers

Japan Research Fellows
 North American Research fellows
 International Research fellows Ethics and Values Fellowship Awards.

Estimate of Burden: These are annual award programs with application deadlines varying according to the fellowship program. Public burden may also vary according to program, however, it is estimated that each submission is averaged to be 12 hours per respondent.

Respondents: Individuals.

Estimated Number of Responses: 13,000.

Estimated Total Annual Burden on Respondents: 156,000 hours.

Frequency of Responses: Annually.

Comments: Comments are invited on (a) whether the proposed collection of information is necessary for the proper performance of the functions of the Agency, including whether the information shall have practical utility; (b) the accuracy of the Agency's estimate of the burden of the proposed collection of information; (c) ways to enhance the quality, utility, and clarity of the information on respondents, including through the use of automated collection techniques or other forms of information technology; (d) ways to minimize the burden of the collection of information on those who are to respond, including through the use of appropriate automated, electronic, mechanical, or other technological collection techniques or other forms of information technology.

Dated: February 20, 2002.

NUCLEAR REGULATORY COMMISSION

Enforcement Program and Alternative Dispute Resolution; Workshop and Extension of Comment Period

AGENCY: Nuclear Regulatory Commission.

ACTION: Notice of workshop and extension of comment period.

SUMMARY: The NRC is convening a workshop to more fully explore the potential use of Alternative Dispute Resolution (ADR) in its enforcement program. This workshop is in response to the notice published in the **Federal Register** on December 14, 2001; 66 FR 64890, that announced NRC's intent to evaluate the use of ADR in its enforcement program. This notice also announces that NRC is extending the comment period for the December 14, 2001, notice to March 29, 2002. The objectives of the workshop will be to develop a better understanding of the range of ADR techniques, how they might apply to specific NRC enforcement scenarios, and the potential advantages and disadvantages of the use of ADR in various parts of the NRC enforcement process. The format of the workshop will be a facilitated discussion among the invited
