### Coast Guard

#### 33 CFR Part 165

[CGD13-02-002]

RIN 2115-AA97

#### Security Zone; Portland Rose Festival on Willamette River

**AGENCY:** Coast Guard, DOT.

**ACTION:** Notice of proposed rulemaking.

**SUMMARY:** The Coast Guard proposes a temporary security zone surrounding the City of Portland's Waterfront Park to include all waters of the Willamette River, from surface to bottom, between the Hawthorne and Steel bridges and underneath these bridges. Recent terrorist attacks against the United States necessitate this action to properly safeguard all vessels participating in the 2002 Portland Rose Festival from terrorism, sabotage, or other subversive acts. We anticipate the security zone will have limited effects on commercial traffic and significant effects on recreational boaters; ensuring timely escorts through this security zone is a high priority of the Captain of the Port.

**DATES:** Comments and related material must reach the Coast Guard no later than May 2, 2002.

**ADDRESSES:** You may mail comments and related material to U.S. Coast Guard Marine Safety Office/Group Portland, 6767 N. Basin Ave, Portland, Oregon 97217. Comments and material received from the public, as well as documents indicated in this preamble as being available in the docket, will become part of this docket and will be available for inspection or copying at U.S. Coast Guard Marine Safety Office/Group Portland between 7 a.m. and 4 p.m., Monday through Friday, except Federal holidays.

**FOR FURTHER INFORMATION CONTACT:** Lieutenant Junior Grade Jeff Pile, c/o Captain of the Port, Portland Oregon at (503) 240-2585.

**SUPPLEMENTARY INFORMATION:**

**Request for Comments**

We encourage you to participate in this rulemaking by submitting comments and related material. If you do so, please include your name and address, identify the docket number for this rulemaking (CGD13-02-002), indicate the specific section of this document to which each comment applies, and give the reason for each comment. Please submit all comments and related material in an unbound format, no larger than 8½ by 11 inches, suitable for copying. If you would like to know your submission reached us, please enclose a stamped, self-addressed postcard or envelope. We will consider all comments and material received during the comment period. We may change this proposed rule in view of them.

**Public Meeting**

We do not now plan to hold a public meeting. But you may submit a request for a meeting by writing to U.S. Coast Guard Marine Safety Office/Group Portland at the address under **ADDRESSES** explaining why one would be beneficial. If we determine that one would aid this rulemaking, we will hold one at a time and place announced by a separate notice in the **Federal Register**.

**Background and Purpose**

This security zone is necessary to provide for the safety and security of vessels participating in the 2002 Portland Rose Festival in the navigable waters of the United States.

**Discussion of Proposed Rule**

This rule, for safety and security concerns, would control vessel movements in a regulated area surrounding vessels participating in the 2002 Portland Rose Festival. U.S. Naval Vessels are covered under 33 CFR 165 subpart G—Protection of Naval Vessels; however, the Portland Rose Festival is a major maritime event that draws many different vessels including Navy, Coast Guard, Army Corps of Engineers, and Canadian. It is crucial that the same level of security be provided to all participating vessels. Entry into this zone would be prohibited unless authorized by the Captain of the Port, Portland or his designated representatives. Commercial vessels that typically transit this section of the Willamette River will be pre-designated

and will suffer only minor inconveniences.

Recreational vessels may suffer from extended delays and can anticipate a vessel inspection. Recreational vessels are encouraged to avoid this area. Recreational vessels will be allowed into the zone on a case-by-case basis following extensive security measures, and as operations permit. Coast Guard personnel will enforce this security zone and the Captain of the Port may be assisted by other federal, state, or local agencies.

Good cause exists to shorten the notice and comment period of this notice of proposed rulemaking. The normal 90 day comment period has been shortened to 45 days to allow the Coast Guard to evaluate all comments received, make appropriate modifications to the proposed rule, and publish the final rule at least 30 days prior to the implementation of the security zone. Although this annual event was known to the Coast Guard well in advance, this notice was not published earlier due to extensive additional considerations that needed to be addressed following the increased security measures necessary to properly safeguard military assets following the September 11, 2001 terrorist attacks on the United States.

**Regulatory Evaluation**

This proposed rule is not a “significant regulatory action” under section 3(f) of Executive Order 12866, Regulatory Planning and Review, and does not require an assessment of potential costs and benefits under section 6(a)(3) of that Order. The Office of Management and Budget has not reviewed it under that Order. It is not “significant” under the regulatory policies and procedures of the Department of Transportation (DOT) (44 FR 11040, February 26, 1979).

We expect the economic impact of this proposed rule to be so minimal that a full Regulatory Evaluation under paragraph 10e of the regulatory policies and procedures of DOT is unnecessary.

This expectation is based on adequate resources allowing vessel approvals from the Captain of the Port or his designated representatives to transit through the regulated area. For the above reasons, the Coast Guard only anticipates minor economic impact.

**Small Entities**

Under the Regulatory Flexibility Act (5 U.S.C. 601-612), we have considered whether this proposed rule would have a significant economic impact on a substantial number of small entities. The term “small entities” comprises

small businesses, not-for-profit organizations that are independently owned and operated and are not dominant in their fields, and governmental jurisdictions with populations of less than 50,000.

The Coast Guard certifies under 5 U.S.C. 605(b) that this proposed rule would not have a significant economic impact on a substantial number of small entities. This proposed rule would affect the following entities, some of which might be small entities: the owners or operators of vessels intending to transit or anchor in this portion of the Willamette River. The likely impacts to small entities would include minor time delays, potential inspections, and possibly non-entrance if the Captain of the Port or his designated representatives sense the vessels participating in the Rose Festival are threatened. The security zone will not have a significant economic impact because adequate resources will allow vessels timely approval from the Captain of the Port or his designated representatives to transit through the regulated area.

If you think that your business, organization, or governmental jurisdiction qualifies as a small entity and that this rule would have a significant economic impact on it, please submit a comment (see **ADDRESSES**) explaining why you think it qualifies and how and to what degree this rule would economically affect it.

**Assistance for Small Entities**

Under section 213(a) of the Small Business Regulatory Enforcement Fairness Act of 1996 (Public Law 104-121), we want to assist small entities in understanding this proposed rule so that they can better evaluate its effects on them and participate in the rulemaking. If the proposed rule would affect your small business, organization, or governmental jurisdiction and you have questions concerning its provisions or options for compliance, please contact the person listed in the **FOR FURTHER INFORMATION CONTACT** section.

**Collection of Information**

This proposed rule would call for no new collection of information under the Paperwork Reduction Act of 1995 (44 U.S.C. 3501-3520).

**Federalism**

A rule has implications for federalism under Executive Order 13132, Federalism, if it has a substantial direct effect on State or local governments and would either preempt State law or impose a substantial direct cost of compliance on them. We have analyzed

this proposed rule under that Order and have determined that it does not have implications for federalism.

#### Unfunded Mandates Reform Act

The Unfunded Mandates Reform Act of 1995 (2 U.S.C. 1531–1538) requires Federal agencies to assess the effects of their discretionary regulatory actions. In particular, the Act addresses actions that may result in the expenditure by a State, local, or tribal government, in the aggregate, or by the private sector of \$100,000,000 or more in any one year. Though this proposed rule would not result in such an expenditure, we do discuss the effects of this rule elsewhere in this preamble.

#### Taking of Private Property

This proposed rule would not effect a taking of private property or otherwise have taking implications under Executive Order 12630, Governmental Actions and Interference with Constitutionally Protected Property Rights.

#### Civil Justice Reform

This proposed rule meets applicable standards in sections 3(a) and 3(b)(2) of Executive Order 12988, Civil Justice Reform, to minimize litigation, eliminate ambiguity, and reduce burden.

#### Protection of Children

We have analyzed this proposed rule under Executive Order 13045, Protection of Children from Environmental Health Risks and Safety Risks. This rule is not an economically significant rule and would not create an environmental risk to health or risk to safety that might disproportionately affect children.

#### Indian Tribal Governments

This proposed rule does not have tribal implications under Executive Order 13175, Consultation and Coordination with Indian Tribal Governments, because it would not have a substantial direct effect on one or more Indian tribes, on the relationship between the Federal Government and Indian tribes, or on the distribution of power and responsibilities between the Federal Government and Indian tribes. We invite your comments on how this proposed rule might impact tribal governments, even if that impact may not constitute a “tribal implication” under the Order.

#### Energy Effects

We have analyzed this proposed rule under Executive Order 13211, Actions Concerning Regulations That

Significantly Affect Energy Supply, Distribution, or Use. We have determined that it is not a “significant energy action” under that order because it is not a “significant regulatory action” under Executive Order 12866 and is not likely to have a significant adverse effect on the supply, distribution, or use of energy. It has not been designated by the Administrator of the Office of Information and Regulatory Affairs as a significant energy action. Therefore, it does not require a Statement of Energy Effects under Executive Order 13211.

#### Environment

We have considered the environmental impact of this proposed rule and concluded that, under figure 2–1, paragraph (34)(g), of Commandant Instruction M16475.1D, this rule is categorically excluded from further environmental documentation because the temporary security zone would not last longer than one week in duration. The temporary security zone would be established on Wednesday, June 5, 2002, with the arrival of the first vessel to the City of Portland’s Waterfront Park and extend until the last vessel departs the Waterfront Park on Monday, June 10, 2002. A “Categorical Exclusion Determination” is available in the docket where indicated under ADDRESSES.

#### List of Subjects in 33 CFR Part 165

Harbors, Marine safety, Navigation (water), Reporting and recordkeeping requirements, Security measures, Waterways.

For the reasons discussed in the preamble, the Coast Guard proposes to amend 33 CFR part 165 as follows:

#### PART 165—REGULATED NAVIGATION AREAS AND LIMITED ACCESS AREAS

1. The authority citation for part 165 continues to read as follows:

**Authority:** 33 U.S.C. 1231; 50 U.S.C. 191, 33 CFR 1.05–1(g), 6.04–1, 6.04–6, 160.5; 49 CFR 1.46.

2. Add § 165.T13–002 to read as follows:

##### § 165.T13–002 Security Zone; Portland Rose Festival on Willamette River.

(a) *Location.* The following area is a security zone: All waters of the Willamette River, from surface to bottom, between the Hawthorne and Steel bridges and underneath these bridges.

(b) *Regulations.* (1) In accordance with § 165.33, entry into this zone is prohibited unless authorized by the Coast Guard Captain of the Port, Portland or his designated

representatives. Section 165.33 also contains other general requirements.

(2) Persons desiring to transit the area of the security zone may contact the Captain of the Port on VHF channel 16 (156.8 MHz) or VHF channel 22A (157.1 MHz) to seek permission to transit the area. If permission is granted, all persons and vessels shall comply with the instructions of the Captain of the Port or his or her designated representative.

(c) **Authority.** In addition to 33 U.S.C. 1231, the authority for this section includes 33 U.S.C. 1226.

(d) *Effective period.* This section is effective from Wednesday, June 5, 2002, through Monday, June 10, 2002.

Dated: March 1, 2002.
