

and/or experience for the support sought, and the applicant organization has adequate facilities and manpower;

3. In so far as practical, the proposed activities (scientific or other), if well executed, are capable of attaining project objectives;

4. Project objectives are capable of achieving the specific program objectives defined in the program announcement and the proposed results are measurable;

5. The method for evaluating proposed results includes criteria for determining the extent to which the program has achieved its stated objectives and the extent to which the accomplishment of objectives can be attributed to the program;

6. In so far as practical, the proposed activities, when accomplished, include plans for broad dissemination.

Additional criteria may be used to review and rank applications for this competition. Any such criteria will be identified in the program guidance included in the application kit. Applicants should pay strict attention to addressing these criteria, in addition to those referenced above. Also, to the extent that regulatory review criteria generally applicable to all Title V programs (at 42 CFR 51a) are relevant to this specific project, such factors will be taken into account.

**Submission for OMB Review; Comment Request; Graduate Student Training Program Applications**

**SUMMARY:** Under the provisions of Section 3507(a)(1)(D) of the Paperwork Reduction Act of 1995, the Graduate Partnerships Program/OIR/OD/, the National Institutes of Health (NIH) has submitted to the Office of Management and Budget (OMB) a request for review and approval of the information collection listed below. This proposed information collection was previously published in the **Federal Register** on Thursday, October 4, 2001, page 50659-50660 and allowed 60-days for public comment. No public comments were received. The purpose of this notice is to allow an additional 30 days for public comment. The National Institutes of Health may not conduct or sponsor, and the respondent is not required to respond to, an information collection that has been extended, revised, or implemented on or after October 1, 1995, unless it displays a currently valid OMB control number.

**Proposed Collection**

*Title:* Graduate Student Training Programs Application. *Type of*

*Information Collection Request:* New. Need and Use of Information Collection: The information gathered in the Graduate Student Training Programs application will enable the identification and evaluation of graduate students interested in performing their dissertation research in the NIH Intramural Research Program laboratories (NIH-IRP). Modeling university applications for admission into graduate programs, the Graduate Student Training Program application contains several sections that will aid the NIH admission committee's identification and evaluation of each graduate student. Specific areas required to evaluate a candidate include the following: contact information, citizenship status, identification of programs to which the student wishes to apply, students' graduate university information and undergraduate university information, standardized examination scores, references and letters of recommendation, proposed NIH advisor information, University advisor information, research interests, career goals, and proposed research in NIH IRP. Ethnicity and gender are additional optional information used to evaluate the GPP recruiting abilities and compliance with federal regulations. *Frequency of Response:* Once. *Affected Public:* Individuals. *Type of Respondents:* Students pursuing an advanced degree, Ph.D., and would like to perform their dissertation research in the NIH Intramural Research Program laboratories. The annual reporting burden is displayed in the following table:
