Freshwater Crawfish Tail Meat From the People's Republic of China: Extension of Time Limit for Preliminary Results of New-Shipper Antidumping Review

AGENCY: Import Administration, International Trade Administration, Department of Commerce.

EFFECTIVE DATE: April 30, 2002.

FOR FURTHER INFORMATION CONTACT: Holly Hawkins or Scott Lindsay, Import Administration, International Trade Administration, U.S. Department of Commerce, 14th Street and Constitution Avenue, N.W., Washington, D.C. 20230; telephone: (202) 482-0414 and (202) 482-0780, respectively.

SUPPLEMENTARY INFORMATION:**The Applicable Statute**

Unless otherwise indicated, all citations are to the Tariff Act of 1930, as amended (the Act). In addition, unless otherwise indicated, all citations to the Department's regulations are to 19 CFR part 351 (2001).

Background

On September 20, 2001, the Department of Commerce received a request from Shouzhou Huaxiang Foodstuffs, Co., Ltd. to conduct a new shipper review of the antidumping duty order on freshwater crawfish tail meat from the People's Republic of China. On September 28, 2001, the Department received a similar request from North Supreme Seafood (Zhejiang) Co., Ltd. On November 8, 2001, the Department found that the requests for review met all of the regulatory requirements set forth in section 351.214(b) of the Department's regulations and initiated these new shipper antidumping reviews covering the period September 1, 2001, through August 31, 2001. See *Freshwater Crawfish Tail Meat From the People's Republic of China: Initiation of New Shipper Antidumping Review*, 66 FR 56536 (November 8, 2001). The preliminary results are currently due no later than April 30, 2002.

Extension of Time Limits for Preliminary Results

Pursuant to section 751(a)(2)(B) of the Act, the Department may extend the deadline for completion of the preliminary results of a new shipper review if it determines that the case is extraordinarily complicated. The Department has determined that this

case is extraordinarily complicated, and the preliminary results of this new shipper review cannot be completed within the statutory time limit of 180 days. The Department has issued supplemental questionnaires on the respondents' claims concerning affiliation and date of sale. In addition, we requested information on entry documentation. Given the issues in this case, the Department finds that this case is extraordinarily complicated. Accordingly, the Department is extending the time limit for the completion of the preliminary results by 97 days, to August 5, 2002, in accordance with section 751(a)(2)(B)(iv) of the Act and 351.214(i)(2) of the Department's regulations. The final results will in turn be due 90 days after the date of issuance of the preliminary results, unless extended.

Dated: April 23, 2002

Joseph A. Spetrini,

Deputy Assistant Secretary for Import Administration, Group III.

SUPPLEMENTARY INFORMATION:**I. Abstract**

The NIST Center for Neutron Research (NCNR) is part of the Materials Science and Engineering Laboratory in Gaithersburg, MD. The NCNR is a national center for research using thermal and cold neutrons, offering advanced measurement capabilities for use by all qualified applicants. Many instruments rely on intense beams of cold neutrons emanating from a recently upgraded liquid hydrogen moderator. The application process collects information which is an integral part of the operation of NCNR as a National User Facility. It is comprised of several stages: a competitive, peer-reviewed proposal process, required by the NCNR charter; required site access procedures for successful applicants; and post-visit customer feedback collection.

II. Method of Collection

Web forms and paper forms as a backup method.
