

the "Financing Subsidiary") for the purpose of effecting various financing transactions from time to time through the Authorization Period involving the issuance and sale of up to an aggregate of \$1 billion (cash proceeds to New REI or the respective subsidiary company) in any combination of common stock, preferred securities, debt securities, stock purchase contracts and stock purchase units, as well as common stock issuable under stock purchase contracts and stock purchase units, all as defined below. Any security issued under the requested authority will be appropriately disclosed in the system's financial statements. No Finance Subsidiary shall acquire or dispose of, directly or indirectly, any interest in any utility asset, as that term is defined under the Act, without first obtaining any necessary approval.

The business of the Financing Subsidiary will be limited to effecting financing transactions for New REI and its associates. In connection with these transactions, New REI or the Subsidiaries may enter into one or more guarantees or other credit support agreements in favor of the Financing Subsidiary.

Any Financing Subsidiary shall be organized only if, in management's opinion, the creation and utilization of the Financing Subsidiary will likely result in tax savings, increased access to capital markets and/or lower cost of capital for New REI or the Subsidiaries.

Each of New REI and the Subsidiaries also requests authorization to enter into an expense agreement with its respective financing entity, under which it would agree to pay all expenses of the entity. Any amounts issued by the financing entities to third parties will be included in the additional external financing limitation for the immediate parent of the financing entity. However, the underlying intra-system mirror debt and parent guarantee will not be included.

REI currently has two financing subsidiaries ("FinanceCos"). The FinanceCos are Delaware limited partnerships whose limited partnership interests are wholly owned, directly or indirectly, by REI. Each of the FinanceCos has issued a series of debt, the proceeds of which have been used to purchase separate series of cumulative preference stock of REI. Dividends on the preference stock accrue based on the net interest requirements on the debt, subject to reduction of any payments previously made by REI under REI support agreements relating to each series of debt. After giving effect to this credit, REI must pay aggregate cash dividends

on the preference stock equal to the lesser of the aggregate amount of interest then payable on the debt or its excess cash flow (excess funds of REI remaining after taking into account its cash requirements and other expenditures required by sound utility financial and management practices).

g. Authority To Reorganize Nonutility Interests

New REI proposes to restructure its nonutility interests from time to time as may be necessary or appropriate. New REI will engage, directly or indirectly, only in businesses that are duly authorized, whether by order or rule under the Act.

For the Commission, by the Division of Investment Management, pursuant to delegated authority.
