FOR FURTHER INFORMATION CONTACT:

Case Management and Logistical Information: Dave Warburton, 612-725-3548 (x203).

Technical Information: Annette Trowbridge, 612-725-3548 (x202).

SUPPLEMENTARY INFORMATION: The trustees are undertaking an assessment of damages resulting from suspected injuries to natural resources in and near the Lower St. Louis River that have been exposed to hazardous substances released by industrial activity at the St. Louis River Interlake/Duluth Tar Superfund Site. The trustees suspect this exposure has caused injury and resultant damages to trustee resources. The injury and resultant damages will be assessed under the Comprehensive Environmental Response, Compensation and Liability Act, as amended, and the Clean Water Act, as amended, in order to determine the appropriate type and extent of resource restoration. The Plan addresses the trustees' overall assessment approach, and utilizes both existing data as well as additional data to be collected as described in study in workplans attached to the Plan. Plan addenda may be prepared by the trustees to provide public notice of additional data collection activities. Restoration of natural resources will be proposed by the trustees following the assessment.

You may submit comments on the Plan by sending electronic mail (e-mail) to: marily.danks@dnr.state.mn.us. Do not use any special characters or forms of encryption in your e-mail. The trustees also accept comments in WordPerfect and Word versions as attachments to the e-mail or on disk.

You may also request copies of the Plan by sending e-mail to the above address.
