On May 13, 2002, the Department extended the time limit for the preliminary results of this administrative review. See *Notice of Extension of Time Limit of the Preliminary Results of Antidumping Duty Administrative Review: Stainless Steel Sheet and Strip in Coils from Italy*, 67 FR 32015 (May 13, 2002). The preliminary results of this administrative review are currently due no later than July 31, 2002.

#### Extension of Time Limit for Preliminary Results

Pursuant to section 751(a)(3)(A) of the Act, and section 351.213(h)(2) of the Department's regulations, the Department may extend the deadline for completion of the preliminary results of a review if it determines that it is not practicable to complete the preliminary results within the statutory time limit of 245 days from the date on which the review was initiated. Due to the complexity of issues present in this administrative review, such as home market affiliated downstream sales, constructed export price versus export price, selling expenses, and complicated cost accounting issues, the Department has determined that it is not practicable to complete this review within the original time period provided in section 751(a)(3)(A) of the Act and section 351.213(h)(2) of the Department's regulations. Therefore, we are extending the due date for the preliminary results, until no later than July 31, 2002. The final results continue to be due 120 days after the publication of the preliminary results.

Dated: July 26, 2002.
