**Notice Pursuant to the National Cooperative Research and Production Act of 1993—Southwest Research Institute: Effect of Emission Control Technologies on the Chemical and Physical Characteristics of Particulate Matter**

Notice is hereby given that, on June 25, 2002, pursuant to section 6(a) of the National Cooperative Research and Production Act of 1993, 15 U.S.C. 4301 *et seq.* ("the Act"), Southwest Research Institute: Effect of Emission Control Technologies on the Chemical and Physical Characteristics of Particulate Matter has filed written notifications simultaneously with the Attorney General and the federal Trade Commission disclosing (1) the identities of the parties and (2) the nature and objectives of the venture. The notifications were filed for the purpose of invoking the Act's provisions limiting the recovery of antitrust plaintiffs to actual damages under specified circumstances. Pursuant to Section 6(b) of the Act, the identities of the parties are Caterpillar, Inc., Peoria, IL; INTEVEP, Cartacas, Venezuela; and Lubrizol Corporation, Wickliff, OH. The nature and objectives of the venture are to research the impact of various modern and novel NO<sub>x</sub> and PM control technologies on the chemical and physical characteristics of particles emitted from diesels. For NO<sub>x</sub> reduction, NO<sub>x</sub> adsorber technology and its control will be developed. For particulate matter control, diesel

oxidation catalysts in combination with diesel particulate filters will be included.

Membership in this research group remains open, and the participants intend to file additional written notification disclosing all changes in membership or planned activities.

**Importer of Controlled Substances; Notice of Registration**

By Notice dated March 7, 2002, and published in the **Federal Register** on March 18, 2002, (67 FR 12050), Roxane Laboratories, Inc., 1809 Wilson Road, P.O. Box 16532, Columbus, Ohio 43216-6532, made application by renewal to the Drug Enforcement Administration to be registered as an importer of cocaine (9041), a basic class of controlled substance listed in Schedule II.

The firm plans to import cocaine to manufacture topical solutions for distribution to customers.

No comments or objections have been received. DEA has considered the factors in Title 21, United States Code, section 823(a) and determined that the registration of Roxane Laboratories, Inc. to import cocaine is consistent with the public interest and with United States obligations under international treaties, conventions, or protocols in effect on May 1, 1971, at this time. DEA has investigated Roxane Laboratories, Inc. on a regular basis to ensure that the company's continued registration is consistent with the public interest. These investigations have included inspection and testing of the company's physical security systems, audits of the company's records, verification of the company's compliance with state and local laws, and a review of the company's background and history. Therefore, pursuant to section 1008(a) of the Controlled Substances Import and Export Act and in accordance with Title 21, Code of Federal Regulations, Section 1301.34, the above firm is granted registration as an importer of the basic class of controlled substance listed above.
