

Justice Programs, United States Department of Justice.

(4) *Affected Public who will be asked to respond, as well as a brief abstract:* Primary: Individuals. Others: State and Federal governments. The national survey will include an estimated 20,000 personal interviews with inmates held in State and Federal prisons. The survey will be conducted using a CAPI questionnaire, automated data control systems, and sample selection instruments. This is a national survey that will profile State and Federal prison inmates to determine trends in inmate composition, criminal history, drug/alcohol use and treatment, mental health and medical conditions, gun use and crime, and victims of crime. The Bureau of Justice Statistics uses this information in published reports and for the U.S. Congress, Executive Office of the President, practitioners, researchers, students, the media, and others interested in criminal justice statistics. No other collection series provides these data.

(5) *An estimate of the total number of responses and the amount of time estimated for an average response:* There will be an estimated 295 responses at 1 hour each for the NPS-13; 4,950 hours of prison staff time to escort inmates to/from interview sites; and 20,100 inmate responses at an average of 1 hour each for the NPS-25.

(6) An estimate of the total public burden (in hours) associated with the collection: The estimated total public burden is 25,345 hours.
