SUPPLEMENTARY INFORMATION:**A. Background**

In July 1999, the General Accounting Office (GAO) published a report (GAO/NSIAD-99-131) entitled Greater Attention Needed to Identify and Recover Overpayments. After examining the process for identifying and collecting overpayments, GAO concluded in their report that "Under current law, there is no requirement for contractors who have been overpaid to

notify the Government of overpayments or to return overpayments prior to the Government issuing a demand letter" (i.e., formal notification to the contractor to pay money owed to the Government). One of the recommendations of the report was that DoD requires contractors to promptly notify the Government of overpayments made to them.

DoD, GSA, and NASA published a proposed FAR rule 1999-023, in the **Federal Register** at 65 FR 52244, August 28, 2000. The rule proposed modifying the prompt payment clauses at FAR 52.232-25, Prompt Payment; FAR 52.232-26, Prompt Payment for Fixed-Price Architect-Engineer Contracts; and FAR 52.232-27, Prompt Payment for Construction Contracts, to require the contractor to notify the contracting officer if the contractor becomes aware of an overpayment. A final rule, FAR Case 1999-023, was published in the **Federal Register** at 66 FR 65353, December 18, 2001.

One of the respondents that submitted public comments in response to the proposed rule recommended that overpayments on financing payments should be provided similar treatment as overpayments on invoice payments, i.e., the contractor should be required to immediately notify the contracting officer of a duplicate payment or overpayment on contract financing payments. The Councils have opened FAR Case 2001-005 to consider this recommendation. Accordingly, the proposed rule further modifies the FAR to extend the policy regarding notification of overpayments to contract financing payments. The proposed rule also makes the policy applicable to both contract financing and invoice payments under contracts for commercial items.

This is not a significant regulatory action and, therefore, was not subject to review under Section 6(b) of Executive Order 12866, Regulatory Planning and Review, dated September 30, 1993. This rule is not a major rule under 5 U.S.C. 804.

B. Regulatory Flexibility Act

The Councils do not expect this proposed rule to have a significant economic impact on a substantial number of small entities within the meaning of the Regulatory Flexibility Act, 5 U.S.C. 601, *et seq.*, because it is not expected that this change will impact a substantial number of small entities since the overpayments cited by GAO in its report GAO/NSIAD-99-131, were all related to large businesses. An Initial Regulatory Flexibility Analysis has, therefore, not been performed. We

invite comments from small businesses and other interested parties. The Councils will consider comments from small entities concerning the affected FAR parts 12, 32 and 52 in accordance with 5 U.S.C. 610. Interested parties must submit such comments separately and should cite 5 U.S.C. 601, *et seq.* (FAR case 2001-005), in correspondence.

C. Paperwork Reduction Act

The Paperwork Reduction Act (Pub. L. 104-13) applies because the proposed rule contains information collection requirements. The rule requires the contractor to notify the contracting officer if the contractor becomes aware that the Government has overpaid on a financing payment under a contract for noncommercial items, and on financing and invoice payments under a contract for commercial items. Although this estimated burden requires approval under the Act, it is so small that it does not impact the estimated total burden under OMB Control Number 9000-0070.

Annual Reporting Burden: Public reporting burden for this collection of information is estimated to average .5 hours per response, including the time for reviewing instructions, searching existing data sources, gathering and maintaining the data needed, and completing and reviewing the collection of information.

The annual reporting burden is estimated as follows:

Respondents: 840.

Responses per respondent: 1.

Total annual responses: 420.

Preparation hours per response: .5.

Total response burden hours: 420.

D. Request for Comments Regarding Paperwork Burden

Submit comments, including suggestions for reducing this burden, not later than October 28, 2002 to: FAR Desk Officer, OMB, Room 10102, NEOB, Washington, DC 20503, and a copy to the General Services Administration, FAR Secretariat (MVA), 1800 F Street, NW, Room 4035, Washington, DC 20405.

Public comments are particularly invited on: whether this collection of information is necessary for the proper performance of functions of the FAR, and will have practical utility; whether our estimate of the public burden of this collection of information is accurate, and based on valid assumptions and methodology; ways to enhance the quality, utility, and clarity of the information to be collected; and ways in which we can minimize the burden of the collection of information on those who are to respond, through the use of

appropriate technological collection techniques or other forms of information technology.

Requester may obtain a copy of the justification from the General Services Administration, FAR Secretariat (MVA), Room 4035, Washington, DC 20405, telephone (202) 501-4755. Please cite OMB Control Number 9000-0070, FAR Case 2001-005, Notification of Overpayment, Contract Financing Payments, in all correspondence.
