[Project No. 1417-080]

**Central Nebraska Public Power and Irrigation District; Notice of Availability of Draft Environmental Assessment**

August 29, 2002.

In accordance with the National Environmental Policy Act of 1969 and the Federal Energy Regulatory Commission's (Commission) regulations, 18 CFR part 380 (Order No. 486, 52 FR 47897), the Office of Energy Projects has reviewed a Land and Shoreline Management Plan for the Kingsley Dam Hydroelectric Project, located on the North Platte and Platte Rivers, in Garden, Keith, Lincoln, Dawson, and Gosper Counties, Nebraska, and has prepared a Draft Environmental Assessment (DEA). The Kingsley Dam Project does not occupy any federal or tribal lands.

The DEA contains the staff's analysis of the potential environmental impacts of the project and concludes that approving the Land and Shoreline Management Plan, would not constitute a major federal action that would significantly affect the quality of the human environment.

A copy of the DEA is available for review at the Commission in the Public Reference Room or may be viewed on the Commission's Web site at <http://www.ferc.gov> using the "FERRIS" link. Enter the docket number excluding the last three digits in the docket number field to access the document. For assistance, call (202) 502-8222 or for TTY, (202) 208-1659.

Any comments should be filed within 30 days from the date of this notice and should be addressed to: Magalie R. Salas, Secretary, Federal Energy Regulatory Commission, 888 First Street, NE, Washington, DC 20426. Please affix Project No. 1417-080 to all comments. Comments may be filed electronically via the Internet in lieu of paper. The Commission strongly encourages electronic filings. **New York State Electric and Gas Corporation; Notice of Availability of Environmental Assessment**

August 30, 2002.

An environmental assessment (EA) for Project No. 2738-049 is available for public review. The EA examines the New York State Electric and Gas Corporation's (NYSEG) proposal to change land rights, and sell 101 acres within the current boundary of the Saranac River Hydroelectric Project to Clinton County, New York (County) or New England Waste Services of New York, Inc. (NEWSNY). The County and NEWSNY have a public-private partnership currently operating a solid waste landfill adjacent to NYSEG's Kents Falls development, and propose

to expand the landfill upon the project lands they would acquire. The Kents Falls development is located along the Saranac River within the town of Schuyler Falls, Clinton County, New York.

The EA was written by staff in the Office of Energy Projects, Federal Energy Regulatory Commission. Copies of the EA can be viewed during normal business hours (8:30 a.m. to 5 p.m.) in the Commission's Public Reference Room at 888 First Street, NE., Washington, DC 20426, or by calling (202) 502-8371.
