

DEPARTMENT OF JUSTICE**Notice of Lodging of Settlement Agreement Pursuant to RCRA and the Bankruptcy Code**

Notice is hereby given that on September 13, 2002, the United States lodged a proposed Settlement between the United States, the State of Louisiana, Borden Chemicals and Plastics Operating Limited Partnership ("Debtor"), BCP Management, Inc., and Borden Chemical, Inc. ("BCI") with the United States Bankruptcy Court for the District of Delaware, in *In re Borden Chemicals and Plastics Operating Limited Partnership et al*, No. 01-1268, a case for relief under Chapter 11 of the Bankruptcy Code, 11 U.S.C. 101 *et seq.*

The proposed Settlement Agreement resolves the Proof of Claim of the United States in connection with the chemical manufacturing facility owned and operated by the Debtor located in Geismar, Louisiana. Under the proposed Settlement Agreement, BCI, the parent of the general partner of the Debtor, has agreed to complete certain of the Debtor's obligations under a 1998 Consent Decree with the Environmental Protection Agency ("EPA") under the Resource Conservation and Recovery Act ("RCRA"), 42 U.S.C. 6921 *et seq.*; the Comprehensive Environmental Response, Compensation and Liability Act ("CERCLA"), 42 U.S.C. 9601 *et seq.*; and the Clean Air Act ("CAA"), 42 U.S.C. 7401 *et seq.*, for the Debtor's facility in Geismar, Louisiana. That Consent Decree required the Debtor to obtain a RCRA permit, to come into compliance with RCRA regulations, to perform a facility-wide corrective action and protect the aquifer underlying the facility, to pay a \$3.6 million civil penalty and to perform certain Supplemental Environmental Projects ("SEPs"). See *United States v. Borden Chemical and Plastics Operating Limited Partnership* C.A. No. 94-440 (Consent Decree, W.D. La. June 10, 1998). Although the Debtor applied for the permit, paid the civil penalty and has completed most provisions of the Consent Decree. Under the proposed Settlement Agreement, the Debtor will complete the SEPs, and BCI will assume responsibility for implementation of the remaining corrective action and remedial provisions of the Consent Decree.

The Department of Justice will receive for a period of fifteen (15) days from the date of this publication comments relating to the proposed Settlement Agreement. Comments should be addressed to the Assistant Attorney General, Environment and Natural

Resources Division, United States Department of Justice, P.O. Box 7611, Ben Franklin Station, Washington, D.C. 20044-7611, and should refer to *In re Borden Chemicals and Plastics Operating Limited Partnership, et al.*, DJ No. 90-11-2-875/2.

The proposed Settlement Agreement, including related exhibits, may be examined at the Office of the United States Attorney for the District of Delaware, 1201 Market Street, Suite 1100, P.O. Box 2046, Wilmington, Delaware 19800-2046; and at the Region VI Office of the United States Environmental Protection Agency, 1445 Ross Avenue, Dallas, Texas, 75202. City of Waterbury*, Civil Action No. 3:02CV01569 (CFD). A complaint was also filed simultaneously with the lodging of the Consent Decree. In the complaint the United States, on behalf

of the U.S. Environmental Protection Agency (EPA), alleges that the defendant City of Waterbury ("the City") violated the Clean Water Act, 33 U.S.C. 1251, *et seq.*, ("CWA") in connection with the City's operation of its publicly-owned treatment works.
