Correction

On October 3, 2002, the Department published in the **Federal Register** a notice of final results for the first administrative review of stainless steel sheet and strip in coils from France (*see Stainless Steel Sheet and Strip in Coils from France: Final Results of Countervailing Duty Administrative Review*, 67 FR 62098 (October 3, 2002)). In the published version of that notice, the subsidy rate for Usinor was inadvertently listed as 1.90 percent *ad valorem*. *Id.* The correct subsidy rate for Usinor is 1.27 percent *ad valorem*. Therefore, we are correcting Usinor's subsidy rate to be 1.27 percent *ad valorem*.

This notice is issued and published pursuant to section 777(i)(1) of the Act.

Dated: October 10, 2002.

BILLING CODE 3510–22–S

CORPORATION FOR NATIONAL AND COMMUNITY SERVICE

Guidance to Federal Financial Assistance Recipients Regarding Title VI Prohibition Against National Origin Discrimination Affecting Limited English Proficient Persons

AGENCY: Corporation for National and Community Service.

ACTION: Policy guidance document.

SUMMARY: The Corporation for National and Community Service (hereinafter the “Corporation”) adopts final Guidance to Federal Financial Assistance Recipients Regarding Title VI Prohibition Against National Origin Discrimination Affecting Limited English Proficient Persons (the Corporation’s Recipient LEP Guidance). The Corporation’s Recipient LEP Guidance is issued

pursuant to Executive Order 13166, and supplements existing guidance on the same subject originally published at 66 FR 3548 (January 16, 2001).

DATES: This “Guidance” is effective October 21, 2002.

FOR FURTHER INFORMATION CONTACT: The Corporation for National and Community Service, Nancy B. Voss, Director, Equal Opportunity Office, 1201 New York Avenue, NW., Washington, DC 20525. Telephone 202–606–5000, extension 309; TDD: 202–565–2799.

SUPPLEMENTARY INFORMATION: Under Department of Justice regulations implementing Title VI of the Civil Rights Act of 1964, 42 U.S.C. 2000d, *et seq.* (Title VI), recipients of federal financial assistance have a responsibility to ensure meaningful access to their programs and activities by persons with limited English proficiency (LEP). See 28 CFR 42.104(b)(2). Executive Order 13166, reprinted at 65 FR 50121 (August 16, 2000), directs each federal agency that extends assistance subject to the requirements of Title VI to publish guidance for its respective recipients clarifying that obligation. Executive Order 13166 further directs that all such guidance documents be consistent with the compliance standards and framework detailed in Department of Justice Policy Guidance entitled “Enforcement of Title VI of the Civil Rights Act of 1964—National Origin Discrimination Against Persons with Limited English Proficiency.” See 65 FR 50123 (August 16, 2000).

Initial guidance on obligations of recipients of the Corporation to take reasonable steps to ensure access by LEP persons was published on January 16, 2001. See 66 FR 3548. That guidance document was republished for additional public comment on February 5, 2002. See 67 FR 5258.

The Corporation received two comments in response to its February 5, 2002 publication of revised draft guidance on obligations of the Corporation’s recipients to take reasonable steps to ensure access to programs and activities by LEP persons. The comments reflected the views of organizations serving LEP populations. While the comments identified areas for improvement and/or revision, the overall response to the draft of the Corporation’s Recipient LEP Guidance was favorable.

Specific comments suggested strengthening the guidance to ensure that “grantee” includes every entity receiving direct or indirect federal financial assistance from the

Corporation and that all of the recipient’s activities are covered, as well as providing more guidance to recipients in promoting sub-recipients’ compliance and recipients’ liability for failure to do so. Additional comments requested that grantees be required to document language assistance efforts; that the balancing test not be used to deny LEP individuals access to important services; that recipients be provided assistance in determining the population within which to assess the number of LEP persons without relying on census data alone; that staff be required to receive periodic refresher training; that maintaining a written policy for language access be mandatory rather than advisory and that greater detail be included regarding policies, such as directing recipients to post notices and provide a telephone voicemail menu and addressing goals and accountability; that a “safe harbor” for translation of documents be included; and that translators in addition to community organizations check translated documents.

Subsequent to the Corporation’s publication and republication of its Guidance, the Corporation received notification from the Department of Justice that the Corporation should conform its Guidance to guidance issued by the Department of Justice. By memorandum to federal agencies received July 8, 2002, Ralph F. Boyd, Jr., Assistant Attorney General, Civil Rights Division, Department of Justice, stated that it is critical that agency LEP recipient guidance documents be consistent with one another. He noted that in its March 14, 2002 Report to Congress on the Assessment of the Total Benefits and Costs of Implementing Executive Order Number 13166 (<http://www.lep.gov>), the Office of Management and Budget has made it clear that the benefits of Executive Order 13166 can be substantial, both to the recipients and to the ultimate beneficiaries. However, OMB also stressed that in order to reduce costs of compliance, consistency in agency guidance documents is critical, particularly since many recipients receive assistance from more than one federal agency. Therefore, Assistant Attorney General Boyd directed federal agencies to use the Department of Justice’s final guidance to Department of Justice recipients published at 67 FR 41455 on June 18, 2002 as their model for publication or republication of recipient LEP guidance, modifying examples to make them relevant to the particular agency’s recipients.

Accordingly, the Corporation adopted the Department of Justice’s model in
