Low Pathogenic Avian Influenza; Payment of Indemnity

AGENCY: Animal and Plant Health Inspection Service, USDA.

ACTION: Interim rule and request for comments.

SUMMARY: We are amending our general indemnity regulations to allow the Department to pay indemnity to contract growers and owners for poultry destroyed because of low pathogenic avian influenza associated with a disease situation in Virginia. Subject to available funding, the Department may pay all eligible losses of contract growers and up to 50 percent of eligible losses of owners, minus any amount paid to the contract grower of a flock.

However, total payments may not exceed 50 percent of all eligible costs. Additionally, we are providing that the value of poultry destroyed due to the disease may be determined after destruction and disposal of the poultry, and, except in limited situations, are requiring a waiting period of 7 days following cleaning and disinfection before premises that contained poultry affected by the disease may be restocked. These actions are necessary to help control this disease in the United States.
