**I. Background on the Iowa Program**

Section 503(a) of the Act permits a State to assume primacy for the regulation of surface coal mining and reclamation operations on non-Federal and non-Indian lands within its borders by demonstrating that its State program includes, among other things, “\* \* \* a State law which provides for the regulation of surface coal mining and reclamation operations in accordance with the requirements of this Act \* \* \*; and rules and regulations consistent with regulations issued by the Secretary pursuant to this Act.” See 30 U.S.C. 1253(a)(1) and (7). On the basis of these criteria, the Secretary of the Interior conditionally approved the Iowa program effective April 10, 1981. You can find background information on the Iowa program, including the Secretary's findings, the disposition of comments, and conditions of approval, in the January 21, 1981, **Federal Register** (46 FR 5885).
