[Docket No. RP03-89-000

Northwest Pipeline Corporation; Notice of Tariff Filing

November 22, 2002.

Take notice that on November 20, 2002, Northwest Pipeline Corporation (Northwest) tendered for filing as part of its FERC Gas Tariff, Third Revised Volume No. 1, Second Revised Sheet No. 25, to be effective December 21, 2002.

Northwest states that the purpose of this filing is to revise the tariff to expressly state that it permits nominations of forwardhauls up to contract demand and backhauls up to contract demand to the same point at the same time for segmented capacity, pursuant to the Order on Remand issued by the Commission on October 31, 2002 in Docket No. RM98-10-011.

Northwest states that a copy of this filing has been served upon Northwest's customers and interested state regulatory commissions.

Any person desiring to be heard or to protest said filing should file a motion to intervene or a protest with the Federal Energy Regulatory Commission, 888 First Street, NE., Washington, DC 20426, in accordance with sections

385.214 or 385.211 of the Commission's rules and regulations. All such motions or protests must be filed in accordance with section 154.210 of the Commission's regulations. Protests will be considered by the Commission in determining the appropriate action to be taken, but will not serve to make protestants parties to the proceedings. Any person wishing to become a party must file a motion to intervene. This filing is available for review at the Commission in the Public Reference Room or may be viewed on the Commission's Web site at <http://www.ferc.gov> using the "FERRIS" link. Enter the docket number excluding the last three digits in the docket number field to access the document. Federal Energy Regulatory Commission

[Docket No. CP02-1-003]

Southern Natural Gas Company; Notice of Amendment

November 22, 2002.

Take notice that on November 18, 2002, Southern Natural Gas Company (Southern), Post Office Box 2563, Birmingham, Alabama 35202-2563, filed in the above referenced docket, an application pursuant to Section 7(c) of the Natural Gas Act (NGA) and part 157 of the Commission's Rules and Regulations, to amend its Order Issuing Certificate and Approving Abandonment (Certificate Order) issued in this proceeding on September 20, 2002 (Southern Natural Gas Company, 100 FERC § 61,281 (2002)). Southern seeks approval of a change in the construction schedule of certain of the expansion facilities to accommodate the restructuring of the transportation services of one of the shippers participating in the expansion project and of a change in ownership of certain

measurement facilities authorized by the Certificate Order. This application is on file with the Commission and open to public inspection. This filing is available for review at the Commission in the Public Reference Room or may be viewed on the Commission's Web site at <http://www.ferc.gov> using the "FERRIS" link. Enter the docket number excluding the last three digits in the docket number field to access the document. For assistance, please contact FERC Online Support at fercolinesupport@ferc.gov or call toll free (866) 208-3676 or for TTY, (202) 502-8659.

Southern states that one of the shippers participating in the South System Expansion II Project, Southern Company Services, Inc. (SCS), has advised Southern that it will not need to have its Transportation Demand available until November 1, 2003, and has requested to amend its Firm Transportation Service Agreement to revise the initial target date for service to commence thereunder. Accordingly, Southern proposes to shift the construction of certain of the Phase 1 facilities from the 2002-2003 winter spring construction season to the 2003 summer construction season. In addition, Southern and SCG Pipeline, Inc. (SCG) have agreed to the terms and conditions under which they will share ownership of the proposed Port Wentworth Meter Station. Therefore, Southern is requesting an amendment to the Certificate Order to reflect that it will have a thirty-eight and nine-tenths percent (38.9%) ownership interest in that facility.

Southern states further that the proposed changes will not materially modify the nature, scope, or impact of the project. Southern assures that the amount of capacity to be added to Southern's pipeline system and the shippers subscribing to that capacity remain the same. Southern also states that the environmental impact of the project will remain essentially the same, and that due to summer construction rather than the winter-spring construction, may reduce the effects of construction on the environment and should facilitate the construction process. Additionally, Southern states that it does not anticipate that the change in the construction schedule will result in a change in the total cost of the project, and consequently the project will still provide a substantial financial benefit to its system.

Any questions regarding this application should be directed to R. David Hendrickson, Associate General Counsel, at (205) 325-7114, Southern Natural Gas Company, Post Office Box
