

Internal Revenue Code (IRC) by adding IRC § 45D, New Markets Tax Credit. Pursuant to IRC § 45D, the Department of the Treasury, through the Fund, administers the NMTC Program, which will provide an incentive to investors in the form of tax credits over seven years, which is expected to stimulate the provision of private investment capital that, in turn, will facilitate economic and community development in low-income communities.

In order to qualify for an allocation of tax credits under the NMTC Program, an entity must be certified as a qualified community development entity (CDE) and submit an allocation application to the CDFI Fund. Nonprofit entities and for-profit entities may be certified as CDEs by the Fund. In order to be certified as a CDE, an entity must be a domestic corporation or partnership, that: (1) Has a primary mission of serving or providing investment capital for low-income communities or low-income persons; and (2) maintains accountability to residents of low-income communities through their representation or any governing board of the entity or on any advisory board to the entity.
